<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>In-Network: None; Out-of-Network: $500 Individual / $1,250 Family</td>
<td>You must pay all the costs up to the <strong>deductible</strong> amount before this plan begins to pay for covered services you use. If a <strong>copayment</strong> is indicated the <strong>deductible</strong> does not apply. Your plan year is January 1 through December 31. Your <strong>deductible</strong> starts over each January 1. See the chart starting on page 2 for how much you pay for covered services after you meet the <strong>deductible</strong>. In-Network &amp; Out-of-Network <strong>deductibles</strong> reduce each other. For preventive services the In-Network <strong>deductible</strong> does not apply.</td>
</tr>
<tr>
<td><strong>Are there other deductibles for specific services?</strong></td>
<td>No.</td>
<td>You don’t have to meet <strong>deductibles</strong> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.</td>
</tr>
<tr>
<td><strong>Is there an out-of-pocket limit on my expenses?</strong></td>
<td>Medical In-Network: Yes. $5,000 Individual / $10,000 Family; Medical Out-of-Network: Yes. $3,000 Individual / $7,500 Family</td>
<td>The <strong>out-of-pocket limit</strong> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. Your medical <strong>deductible</strong>, <strong>copayments</strong>, and <strong>coinsurance</strong> apply toward the medical <strong>out-of-pocket limit</strong>. Medical In-Network &amp; Out-of-Network <strong>out-of-pocket limits</strong> reduce each other.</td>
</tr>
<tr>
<td><strong>Prescription Out-of-Pocket</strong></td>
<td>Yes. $1,600 Individual / $3,200 Family</td>
<td>Your prescription <strong>copayments</strong> apply toward the prescription <strong>out-of-pocket limit</strong>.</td>
</tr>
<tr>
<td><strong>What is not included in the out-of-pocket limit?</strong></td>
<td>Premiums, balance-billed charges, penalty for non-notification of hospital admission and other services requiring pre-certification, and health care this plan does not cover.</td>
<td>Even though you pay these expenses, they don’t count toward the <strong>out-of-pocket limit</strong>.</td>
</tr>
<tr>
<td><strong>Is there an overall annual limit on what the plan pays?</strong></td>
<td>No, this policy has no overall annual limit on the amount it will pay each year.</td>
<td>The chart starting on page 2 describes limits on specific covered services.</td>
</tr>
<tr>
<td><strong>Does this plan use a network of providers?</strong></td>
<td>Yes. Your network is Aetna Signature Administrators. See <a href="http://aetna.com/asa">aetna.com/asa</a> for a list of medical participating providers.</td>
<td>If you use an in-network doctor or other health care <strong>provider</strong>, this plan will pay some or all of the costs of covered services. Please note, your in-network doctor or hospital may use an out-of-network <strong>provider</strong> for some services. Plans use the term in-network, <strong>preferred</strong>, or participating for <strong>providers</strong> in their <strong>network</strong>. See the chart starting on page 2 for how this plan pays different kinds of <strong>providers</strong>.</td>

**Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.

**Coinsurance** is your share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan’s **allowed amount** for an overnight hospital stay is $1,000, your **coinsurance** payment of 20% would be $200. This may change if you haven’t met your **deductible**.

The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network provider charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000, you may have to pay the $500 difference. (This is called **balance billing**.)

This plan may encourage you to use In-Network providers by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Questions: Call 1-800-852-4877 or visit us at www.myCBS.org/health or email at hbscustomerservice@cbservices.org. If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.myCBS.org/health or call 1-800-852-4877 to request a copy.
Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don’t include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren’t specific to a particular geographic area or health plan.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn’t covered or payment is limited.

Does the Coverage Example predict my own care needs?

✘ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor’s advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✘ No. Coverage Examples are not cost estimators. You can’t use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✔ Yes. When you look at the Summary of Benefits and Coverage for other plans, you’ll find the same Coverage Examples. When you compare plans, check the “Patient Pays” box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✔ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you’ll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expense.
