The Samuel Rudin Academic Resource Center was established in memory of Samuel Rudin in September 1976 with a generous grant from what is now the May and Samuel Rudin Family Foundation. Since then, with the continued support and interest of Jack ’86H and Lewis Rudin, the Center has expanded its activities and distinguished itself as an integral part of Iona’s educational program.

**HISTORY**

The mission of the Samuel Rudin Academic Resource Center is to provide students at Iona College with a wide array of support services which will enable them to become independent self-learners. The Center supports the college mission by providing students with the opportunity to learn outside the classroom in a supportive and organized environment.

**OUR MISSION**

The Rudin Center has been awarded the highest level of tutoring accreditation from the College Reading and Learning Association (CRLA) and the National Tutoring Association (NTA), two professional organizations that certify tutoring programs.
