- providing effective counseling to students seeking assistance with substance-related issues, making outside referrals, as needed
- developing and maintaining community partnerships to create environmental substance abuse prevention initiatives
- administering the CORE Alcohol and Drug Survey every two years, in addition to internal program evaluation, in order to collect data regarding Iona’s students’ beliefs and behaviors related to alcohol and other drugs

(914) 633-2560

The Campus Safety and Security Department is located in the Robert V. LaPenta Student Union. Unusual occurrences or irregularities should be reported immediately to the Administrative Office or the Campus Safety and Security Communications Center. Crime prevention, personal safety and parking pamphlets are available to students in the offices for Campus Safety and Security and Student Life. It is important for students to realize that their cooperation and involvement in matters related to campus security is crucial to the overall safety of all members of the Iona community. All emergency and night notifications should be made to the Campus Safety and Security Communications Center at ext. 2560. The New Rochelle Police Department may also be contacted at 911 for emergencies or (914) 654-2300 for non-emergency incidents. If utilizing a cell phone for emergency notification to the local police department, please call (914) 654-2300, since dialing 911 with a cell phone will connect you with the New York State Police. It is recommended that you store these numbers in your cell phone.

If it is necessary for students to remain in any building other than a residence hall after midnight, they must have written authorization from the Assistant Vice Provost for Student Development and the Director for Campus Safety and Security. This permission must be shown to the Campus Safety Officer or any other College official who requests it. Students must also familiarize themselves with the Code of Conduct and policy statements in this handbook, especially the policy on Campus Security and Sexual Assault Prevention.

Driving and Parking:
Procedures have been adopted by the College to insure the safety and convenience of all persons on campus. They apply to all full-time and part-
time Iona students, faculty, administrators, staff and visitors using the facilities of the College. There are parking lots throughout campus with vehicle parking only permitted in designated lined parking spaces. Yellow lined spaces are for faculty/staff employees only and white lined parking spaces are designated for students and may also be used by faculty/staff. The only exception to these restrictions would be the Columba Parking Lot. Students displaying their student parking permit may park in this area ONLY after 4 p.m.

Parking spaces designated as “reserved parking” and “Campus Services” are assigned spaces and are strictly enforced 24 hours per day. Spaces designated as “visitor parking” are solely for the use of visitors to campus and must display a valid visitor pass on the vehicle’s dashboard. This parking pass may be obtained from the Campus Safety and Security Department. Parking in spaces designated as “visitor parking” is ONLY permissible for faculty/staff and students after 4 p.m. The parking garage located in the area behind Hagan Hall is available for all types of parking designations.

All members of the Iona College community, both employees and students, are to display an Iona College parking hangtag from the rearview mirror of their vehicle. This hangtag can be obtained at the Campus Safety and Security Administrative Office.

Only one parking hangtag is issued to each individual and is transferrable to other vehicles that they may operate. The parking hangtag expires each year on August 31.

**Students** – *White lined parking spaces only*

**Faculty & Staff** – *Yellow lined and white lined parking spaces*

Skateboarding, roller blading, roller skating, sledding, hoverboards, nexboards, Segways, and similar personal transportation devices are
prohibited on campus and in all buildings. This policy is intended to enhance driving and pedestrian safety on campus and the responsibility for the enforcement of these rules and regulations is assigned to the Campus Safety and Security Department. This policy does not apply with any means of transportation that would be covered by the American with Disabilities Act that would provide equal opportunities and access to people with disabilities.

Identification Cards:
When a student first registers, they must obtain an Iona College identification card through the Campus Safety and Security Department in the LaPenta Student Union. This identification is retained throughout one’s stay at the College and MUST BE CARRIED AT ALL TIMES ON CAMPUS. It must also be displayed at registration, examinations, obtaining of parking permits and for use of Ryan Library and the Hynes Athletics Center facilities. When there is a special student admission price to College functions, it is necessary to produce an ID card. If a student is on a meal plan, the ID card must be presented in order to purchase meals. This card is non-transferable.

Every member of the College community is required to have an official, VALIDATED ID card and to present the same at the request of any authorized official of the College. Failure to present this ID card upon request may be interpreted as an indication that the person is not a member of the Iona College community and may be requested to leave the campus. Furthermore, if this person refuses to abide by this request, they may be treated as a trespasser. It is the responsibility of every student to bring their ID card to the Campus Safety and Security Department so that it may be validated at the beginning of each semester. The first ID is issued without charge. A fee of $10 will be charged for the replacement of lost or damaged cards.

Parking Permits:
A parking permit must be displayed on every vehicle parked on campus. Parking permits are available to all students, excluding resident first-year and second-year students, through the Campus Safety and Security Department. Parking permits are non-transferable. There is no fee for the initial parking permit; a replacement permit may be obtained for $10. A parking permit does not guarantee a convenient parking space and fines are levied on students who disregard the Campus Parking and Traffic Regulations. Students must pay all outstanding parking fines in order to register for classes, request transcripts or be eligible to graduate. Parking on campus is a privilege and violations of the Iona College Parking and Traffic Regulations may result in that privilege being reclaimed by the Director of Campus Safety and Security or a duly authorized representative. Resident juniors and seniors must park their vehicles on campus and are not permitted to park on the street in the surrounding neighborhoods. Please refer to Code of Conduct and the Parking and Traffic Regulations Handbook published by Campus Safety and Security.

**Overnight Permit Regulations:**

Overnight parking is strictly prohibited in the Murphy Center and Summit Avenue parking lots.

Overnight parking is permitted on the main campus in the following areas:

- **Students** – *White lined spaces*
- **Faculty & Staff** – *Yellow and white lined spaces*

All vehicles parked overnight on campus from December 1 through February 28 must be parked in the parking garage. **Overnight parking hours are 10:30 p.m. to 7:30 a.m.**

**Towing:**

Authorization for all towing will be at the discretion of the Director for Campus Safety and Security or a duly authorized representative. An “Incident Report Form” will be filed on vehicles towed from any campus
location. Vehicles parked on campus in a hazardous or highly restricted location (fire lane, handicapped space, tow-away zone, yellow marked curbing, obstructing driveway, roadway or parking area), deemed to be abandoned or unregistered, or in violation of overnight parking regulations are subject to immediate tow or booting under emergency conditions. This also applies to vehicles involved in accidents where the owner and/or operator is not at the scene, is incapable of making a decision, or refuses to have the vehicle removed.

Vehicle Redemption:
Any inquiries by owners and/or operators of towed vehicles may be made at the Campus Safety and Security Department. The owner and/or operator may claim his towed vehicle by paying the established tow and storage charges directly to the towing contractor.

Vehicle Safety:
Students should lock all doors. Valuables should be locked in the trunk. THE COLLEGE IS NOT RESPONSIBLE FOR DAMAGE DUE TO TOWING, THEFT, OR DAMAGE TO VEHICLES PARKED ON CAMPUS. Good order requires students to respect faculty/staff parking areas, which are designated with yellow lines. Written permission from the Director for Campus Safety and Security is required if one wishes to leave a vehicle on campus overnight. Temporary visitor and handicapped parking permits may be secured at the Campus Safety and Security Department. Copies of the “Parking and Traffic Regulations Handbook” are available at the Campus Safety Security Office and students are encouraged to obtain and read these regulations. This information is also available on the Iona College website.

**Concern and Response Team - CARE Team**

Iona College is committed to using its best efforts to provide faculty, administrators, staff and students with an environment that is as safe and as free from threats, intimidation and violence as possible. At times threats to the safety and security of the campus environment may come from outside sources, such as acts of terrorism or from individuals who are not members of our community, but who nevertheless come to our campus with the intention of doing harm. Most often, however, concerns about safety involve members of our own community, who may pose a danger to themselves or to other individuals, or who may otherwise be exhibiting signs of distress.

The CARE Team is the clearinghouse for all information regarding students of concern at Iona College. It was formed to insure that all relevant information about students of concern is reported to one central source. This information will then be investigated for the purpose of providing timely and effective intervention, as appropriate.

Students, faculty members, administrators or staff members should contact any member of the CARE Team to report behavior that causes concern. For additional information please refer to [http://www.iona.edu/Student-Life/Health-Wellness-Safety/Concerns-and-Response-Team-(CARE).aspx](http://www.iona.edu/Student-Life/Health-Wellness-Safety/Concerns-and-Response-Team-(CARE).aspx).

The International Student Engagement (ISE) Office offers Iona College’s International students a place to call home. The ISE team understands the importance of having access to information. The team provides updated information so that current and future international students and their family members have all of the necessary information available to ensure that any questions and concerns are answered and addressed completely. One of the ISE team’s goals is to reduce the stress and anxiety levels of Iona’s international students so that they can maximize their time and enjoyment during their Iona College educational experience.

Making the decision to study abroad can be a challenging one for the international student and his or her family. Coming to live and study in a
new country that is far away in which the locals speak different languages, practice different cultures, and eat different foods can be both exciting and daunting (scary) at the same time. The ISE team at Iona College is committed to making sure international students feel welcomed and part of the Iona College family and experience. From the moment a student starts considering Iona College as their educational destination to fulfill their educational goals, the Iona College ISE team will be with them every step of the way. Students will NEVER have to feel alone, and their parents can feel reassured that the student always has someone to turn to in time of need. The Iona College ISE team has only one priority – the International student!

Off-Campus and Commuter Services

Staff:
Michele Sampson-Nelson, Ph.D., Assistant Vice Provost for Student Services

Location: LaPenta Student Union, Second Floor
Telephone: (914) 633-2243
Email: mlsampson@iona.edu
Fax: (914) 633-2482
Web: iona.edu/offcampusandcommuterservices
Hours: Monday, Wednesday, Thursday, 9 a.m. - 5 p.m.
Tuesday, 9 a.m. - 6 p.m.
Friday, 8 a.m. - 3 p.m.

The Office for Off-Campus and Commuter Services is located on the second floor of the Robert V. LaPenta Student Union in room 25-213. This office serves as a resource to Iona’s off-campus and commuter student population.

Iona strongly encourages students to work closely with this office when planning their transition from on-campus residents to off-campus students and New Rochelle community members. The office provides resources to students interested in moving off-campus, educates students about off-campus student needs, and establishes relationships with students, neighbors, and city officials to enhance the quality of life in our surrounding neighborhoods. The office acts in an advisory capacity and does not make
reservations, appointments, rental commitments or participate in any negotiations with individual landlords. The office will act as an advocate for students and conduct educational seminars related to important issues for off-campus living and help better prepare students with the necessary skills to deal with these issues.

Iona also encourages traditional commuter students to get involved on-campus. Commuters should seek assistance from this campus resource whenever they have questions about their commuter experience. Peer leaders known as Commuter Assistants regularly communicate with first-year commuter students to help make the most of their transition to Iona. Commuters are encouraged to participate in Commuter Assistant, Commuter Student Association, or other office/club events and programs.

Student Financial Services (SFS) is comprised of Financial Aid, Student Accounts and Records and Registration, and is responsible for assisting with all aspects of registering and paying for a college education. The SFS team is aware that the excitement of attending Iona may be combined with concern for meeting educational costs and confusion about how to go through the process of registering for classes, applying for financial aid, and making payments toward a student account. Applying for financial aid and making payment arrangements takes time and involves completing forms, paying attention to deadlines and making phone calls. The Student Financial Services staff is available to assist with the entire process. Remember that students are responsible for ensuring that all required applications and documents are received by the stated deadlines. Students must adhere to deadlines and respond to all requests from Student Financial Services in a timely manner. Students are encouraged to check their Iona College email accounts regularly, as this is the primary means of communication with students.

**Financial Aid:**
Students must submit the Free Application for Federal Student Aid (FAFSA) annually by the required deadline to receive Iona academic, athletic and alumni scholarships and grants, and other Iona-funded awards and programs. The FAFSA can be filed online at www.fafsa.ed.gov using Iona’s School Code of 002737. The FAFSA requirement does not apply to international students. Complete and accurate applications are due by April 15 for students enrolling in the fall semester and October 15 for new students enrolling in the spring semester. Students should respond quickly to any requests that they receive from the SFS office so that their financial aid
application may be processed as quickly as possible. Once financial aid eligibility has been determined students are sent a notification explaining how to view and accept their financial aid awards online using PeopleSoft, the College’s Administrative Computing system. Once registered, all communication to students will be sent via email to the student’s Iona College email account.

**Student Accounts:**
Iona student accounts show in detail the charges (tuition, fees, room and board) and credits (financial aid, outside scholarships and personal payments) that have been applied to an account for each term of study. Students are encouraged to check their account frequently to ensure that the account is complete and accurate. All registered students will receive an electronic bill for each term. Students with past due account balances will receive a Student Account Statement each month that will reflect charges, anticipated credits and any credits that have been applied to a student account. This monthly e-Bill will be delivered electronically and announced by an email to the Iona College email account. An eBill can also be delivered to an Authorized User that the student may designate and set up through their PeopleSoft account. Please visit [www.iona.edu/studentaccounts](http://www.iona.edu/studentaccounts) for more information on billing, payment, and authorized users. Past due balances on a student account will result in a financial hold that will prevent registration and other activity. Late fees are applied to delinquent accounts, and unpaid accounts will ultimately be referred to an outside collection agency.

**Registrar**

Thomas F. Murasso, *Registrar*
Janet Ferreira-Carlson, *Asst. Registrar*
Kelly-Anne Giannone, *Student Records Coordinator & TAP certification*
Michael Krepak, *Transcript Processing & Room Scheduling*
Stephanie Schena, Student Records Coordinator

Registrar:
All registrations, grades, class and room schedules, enrollment and graduation certifications are Registrar functions within Student Financial Services. Official academic records (transcripts) are also maintained by the Registrar. An official transcript is one bearing the seal of the College and the signature of the Registrar. Transcript requests are placed through our online ordering system, in partnership with the National Student Clearinghouse. Current students may request a transcript through their PeopleSoft account by clicking on Self Service > Academic Records > Request Official Transcript, where they will be taken to the transcript ordering site. Students who are not currently enrolled may request a transcript at www.getmytranscript.com. All requests will be processed within 3-5 business days of receipt of the verified transcript order. All Iona College students are issued an ID and password that give them access via the web to their personal academic information maintained in PeopleSoft. Through PeopleSoft, students can look up classes, grades, schedules and academic information. Students may also use PeopleSoft for online registration of classes. All requests will be processed within 3-5 business days of receipt of the verified transcript order.

Appeal of Assigned Grade:
Students who believe that an error has been made in the assignment of a grade should review the appropriate section of the academic catalog.

Reminder:
Recognizing that the process of applying for financial aid and paying for tuition and expenses can be time-consuming and stressful, students are encouraged to approach these issues in an organized manner. A financial aid file for each academic year of attendance should be created, and copies of all applications and documents submitted to the office should be retained. Students anticipating any type of problem related to their financial aid award
or making payments toward their student account should visit the Student Financial Services Office for assistance. Students are encouraged to monitor and resolve any outstanding issues proactively to avoid stress and delays associated with inaccurate or incomplete applications.

Program - Iona Card:
One of the most popular and successful dining features is the Iona Card. It allows students to use a food ID card similar to a prepaid credit card, and can be presented at any of the campus dining facilities. Any food or beverage purchase made on campus with this Iona Card is exempt from New York State sales tax. Food and beverage purchases made on North Avenue and other off-campus venues, are not exempt from New York State sales tax.

Resident Student Meal Plan:
All students living in Conese, East, Loftus, Hales, Rice, North Avenue Resident Halls, Houses on President Street, and the Apartments at Eastchester are required to participate in the full meal plan. The plan applies $1,910 per semester to the individual food account in the name of each resident student. Students receive $1,110 per semester that may be spent in the Iona College dining facilities and $800 per semester that may be spent at 21 different restaurants on North Avenue. The funds allocated between College dining facilities and North Avenue vendors are not interchangeable, but North Avenue meal plan funds may be used in on-campus eateries. Students who live in the residence halls owned or leased by the College are automatically included in the meal plan. Meal plans are not-transferable.

Commuter Plan:
The Commuter Plan is designed for students not residing in Iona College housing, but who are on campus during meal times and wish to take advantage of the Iona Card. A Commuter Plan can be established for as little as $100 and additional “food dollars” can be purchased in $50 increments at the Student Financial Services Office in McSpedon Hall throughout the semester or by credit card through the Iona College website. Funds added to the North Avenue account in the Commuter Meal Plan may be used at all 21 off-campus eateries and all four on-campus eateries.
Unused amounts at the end of the fall semester will be carried over to the spring semester. Any dollars remaining at the end of the spring semester will be forfeited.

Computer Facilities:
Wireless access is available to all students throughout the New Rochelle Campus and at the Rockland Graduate Center. Students must bring their own wireless laptop to campus to connect to the College’s wireless infrastructure. Laptop recommendations and connectivity instructions are posted on the Information Technology website.

There are iMac and Windows-based workstations available at Iona for student use. These systems are in the College’s libraries, as well as public and departmental laboratory facilities. Public computers are available in the Robert V. LaPenta Student Union, McSpedon Hall, Hagan Hall, Murphy Center, Ryan Library, the Helen T. Arrigoni Library/Technology Center and in two labs at the Rockland Graduate Center. Hours of availability are posted on the College’s website.

Computing accounts are available to all registered students. The account provides access to the College’s network, email, administrative systems/PeopleSoft, the Internet and to a variety of application software packages. A computing account is created for students at the time of their first registration and remains active while they are registered at the College. Students are able to utilize numerous administrative services by accessing PeopleSoft. These services include checking class schedules, transcripts, grades, online registration, and online payment. Specific instructions are available on the College’s website. Students are STRONGLY encouraged to check their Iona email account on a regular basis for important information. Email is a critical method of communication of information on campus.

The staff at the Ryan Help Desk (located on the main floor of Ryan Library) is available to assist students with connectivity, hardware and software
problems. The Help Desk can be reached at (914) 633-2635 or at ext. 2635 from an on-campus telephone. Students in need of tutoring are referred to the Samuel Rudin Academic Resource Center.

All students must adhere to the College’s Computer Use Policy. Failure to comply with this policy can result in loss of computer account and the right to use the computing facilities. Students may also be subject to other disciplinary action. The computing facilities are available to currently registered students and college employees for educational, research and administrative purposes. It is Iona’s policy to keep restrictions on the individual user to a minimum, while providing the best possible service to other users of the system. In order to maintain this policy, it is essential that the users themselves observe reasonable standards of behavior regarding the use of the computing equipment and facilities. For a complete copy of these policies, please refer to the Computer Usage Policy in the Policies and Procedures section of this Handbook.

**Safety on the Internet:**
A student’s transition over the first days and weeks at Iona is an exciting opportunity to learn more about the campus and our community. Students will certainly meet many new people from diverse backgrounds – students, faculty and staff. Students will quickly find that Iona is a community focused on student learning, both inside and outside of the classroom.

Iona students are engaged in many co-curricular clubs, organizations and athletic teams which provide many opportunities to socialize with one another within our community. Students have also turned to online communities such as Twitter and Facebook, etc. These types of communities have transformed the ways in which we communicate and have helped many students at Iona and other schools connect to their peers with similar interests from across the country. The College understands the importance of these communities to Iona students.
At the same time, there are some substantial reasons that have emerged related to participation in online communities that should strongly encourage students to be very cautious in what personal information they post. Please use discretion when posting personal information on the internet. As a result, students should be aware of the following:

1. When posting on the web, keep in mind that there is no way to ensure who does and does not have access to personal information.
2. A student’s profile is part of how others know and view them, and should be kept in mind as they use Twitter, Facebook and other online communities.
3. Information posted on the web may remain there even after it has been erased or deleted from profiles or blogs.
4. Future employers, graduate schools and other organizations may consider information that has been posted on the web in making decisions about employment, admission, etc.
5. By agreeing to the terms of use, online communities have permission to republish content in other locations and share information with third parties, advertisers and law enforcement.

Important Hints
- Make sure that the information and photos posted do not violate the law or Iona College policy.
- Avoid posting phone numbers, address information or whereabouts.
- Seek permission to post information and photos of other people on websites and they should likewise seek your permission.
- Students should not post slanderous or libelous information about others as they will be held responsible for their conduct.
- The Iona Computer Use Policy clearly prohibits: “Use of computer resources for private purposes, including, but not limited to, the use of computer resources for profit making or illegal purposes.”

Release of Student Directory Information:
The Solomon Amendment requires all colleges and universities to provide directory type information on all students, at least 17 years of age, who are registered for at least one credit, upon the request from representatives of the Department of Defense for military recruiting purposes. Information will not be provided on a student if the institution has received a nondisclosure request from the student. This nondisclosure request must be applicable to all potential employers for directory information and cannot be limited in any way. Iona College fully complies with this regulation.

**Graduation Requirements:**
To be eligible for graduation students must:

- earn a minimum of 120 credits for a BA or BS and 126 credits for a BBA. Certain BS degrees require more than 120 credits. Students should reference the appropriate major degree requirements in the College Catalog for details;
- satisfactorily complete all requirements of the degree program in which they are registered; and
- maintain a minimum average of “C” (i.e. 2.0 cumulative index) computed according to the method indicated in the College Catalog in both their major and overall indices.

Degrees are awarded in February, June and August. The commencement ceremony is held once each year in May. To participate in the commencement ceremony, the following requirements must be met:

- all degree candidates must file a Degree Candidate Card with Student Financial Services at least six months prior to the expected date of graduation; and
- baccalaureate degree students must have no more than six (6) outstanding credits at the end of the spring semester. These final credits must be completed over the summer either at Iona, or with permission from the appropriate academic dean, at another college.

**Library Facilities:**
The Iona College Libraries house research materials and offer computer access to a vast array of scholarly material. There are three library facilities: Ryan Library, the Helen T. Arrigoni Library/Technology Center and the Rockland Graduate Center Library. Hours of operation are posted on the libraries’ website. Library hours are extended before and during final exams. The on-site collections, including 240,000 volumes, 325,000 e-books, 700 periodical subscriptions and 4,200 audiovisual materials, have been developed to support Iona’s curriculum and special interests. With more than 100 electronic databases, students have online access to millions of full-text articles from over 100,000 journals and newspapers. These resources are readily available from on or off campus. In addition, the library website provides a wealth of information for research.

The beautiful library facilities have state of the art equipment including wireless access, approximately 180 networked dual-boot iMac and PC workstations, three multi-media/technology classrooms, six group study rooms with technology, a seminar room, a café, and a 200 seat theatre/auditorium. The buildings are open for approximately 100 hours a week and are staffed by library professionals who are experienced in giving individual and group research instruction. Reference librarians are available more than 65 hours a week to assist students with research. They are available in-person, via email, phone or chat. Students can also make an appointment to work one-on-one with a librarian through the Research Assistance Program. The Inter Library Loan/Document Delivery Service is also available for research materials. Students must have a valid Iona College ID card to borrow materials from the Iona Libraries and are required to return all materials and clear any library fines in order to register for classes, request transcripts or to graduate.

The vendor must reserve a table for this purpose from the Office of Student Development and corresponding fees and paperwork must be completed and expectations upheld. It has been and will remain to be the policy of the College, that the advertising, marketing or merchandising of credit cards on campus is **PROHIBITED**. The establishment of good credit management practices by our students is critical to their overall development.

**STUDENT CLUBS, ORGANIZATIONS, AND EVENTS**

**Procedures for Forming and Maintaining a Campus Club/Organization:**
When sufficient interest calls for a new campus organization, student organizers must complete the following procedures:

1. Student organizers must meet with the Assistant Vice Provost of Student Development (or their designee) to discuss the goals and objectives of the new group and review the *Checklist for Starting a New Student Organization*.
2. Before a group can be considered for approval, the student organizers must submit a list of a minimum of five full-time undergraduate students (in good academic and disciplinary standing) who will serve in the leadership positions of the organization to the Assistant Vice-Provost of Student Development and the SGA Executive Board. Students may not be president of more than one club/organization. Student leaders who are members of more than one campus organization are not...
recommended to hold more than one executive board position. If a student is interested in holding an executive board position in more than one group they must receive written permission from the Office of Student Development. This applies to organizations that are in existence, as well as those that have been approved.

3. The proposed group must obtain the signatures of at least 10 additional, full-time students who are in good academic and disciplinary standing and have at least a 2.0 cumulative grade point average. These students must be willing to join and support the proposed organization if it is approved. Executive board members must have and maintain at least a 2.5 cumulative grade point average. Any student who wishes to run for an executive board position for either the Student Government Association, Gael Activities Board, Council for Greek Governance, or the Student Leader Alliance for Multiculturalism must have and maintain at least a 2.75 cumulative grade point average.

4. Membership in the proposed student group must be nondiscriminatory and open to the entire Iona College student population. For approved groups, an exception to this policy will be granted. An example of this would be for performing arts groups that wish to select members based on certain criteria. Any other student group that will require selective membership must request approval from the Assistant Vice-Provost of Student Development. Such groups will be required to prove that their selection process is essential to the success of the organization and their process will be reviewed annually.

5. Select a member of the full-time faculty, staff or administration who is willing to serve as an advisor, and submit their name to the Assistant Vice Provost of Student Development for appointment. The Assistant Vice Provost will then work to secure approval from various supervisors, department heads, and deans where appropriate prior to appointment.

6. Submit a copy of the proposed constitution to the Assistant Vice Provost of Student Development and the SGA Constitutional Committee who will work in conjunction with the organizers to form a final edition of
the proposed constitution. For Fraternities and Sororities, the proposed Constitution must first be submitted to the Council for Greek Governance and the Greek Advisor for approval prior to being submitted to the SGA. Additional Fraternity and Sorority expansion guidelines and approvals are needed.

7. Submit a copy of the final constitution to the Vice Provost for Student Life. If the Vice Provost fails to approve the application, an appeal may be forwarded to the President of the College for a final resolution. Student leaders will retain the right to inform the Committee on Student Life of the Board of Trustees through the student representative to that committee if they feel the Board should hear any issues.

8. Submit a copy of the final edition of the proposed constitution to the chairperson of the SGA Constitutional Committee. The chairperson will suggest approval of the new constitution to the SGA. If it is approved the organization will serve a probationary period of six academic months to determine if the organization is fulfilling its objectives, and to determine if there is a general interest in the group.

9. After final approval by the SGA, four copies of the organization’s constitution and club roster must be made. One of each will remain on file with the SGA, with the president of the new campus group, with the advisor, and with the Office of Student Development. A final electronic version must also be submitted to the Assistant Vice Provost for Student Development.

General Recognition Guidelines for Student Clubs/Organizations

When a campus organization is approved, the following procedures must be followed in order for the group to maintain their status on campus:

1. After an organization is approved, all members must remain in good academic and disciplinary standing in order to maintain active status. A student who has been placed on academic and/or disciplinary probation or suspension, regardless of the grade point average, may not participate
in any activities or hold office. Inactive members or those not enrolled as students may not participate in activities unless they are open to the public. All students on club rosters recognize that their grades will be checked throughout the year to determine good standing, however it is the primary responsibility of the student to hold themselves accountable.

2. All students and student groups must obtain the approval of their club advisor and the Assistant Vice Provost for Student Development in writing to conduct any fundraising projects. If the project has a publicity component, all of the particulars must comply with the publicity procedures outlined in this and the Student Handbook. No fundraising project may involve the possession, sale or distribution of alcoholic beverages.

3. Clubs and Organizations must complete the following requirements/duties to remain in good standing:
   ● maintain a minimum of five Iona College students as active members serving as executive board members of the organization;
   ● completed and updated roster each semester;
   ● summer contact list;
   ● attendance at SGA meetings;
   ● Leadership trainings and retreats
   ● community service projects as required each semester following the registration, reflection, and follow-up process through the Office of Mission and Ministry;
   ● transition workshop attendance and appropriate transition paperwork;
   ● summary report/End of Year report; and
   ● participation in campus wide initiatives and events as requested.

Strongly suggested:
   ● good communication with advisor and members of the Office of Student Development;
   ● frequent club hub mailbox pick-up;
   ● budget proposals and applications for funding;
- fundraising activities for the organization;
- philanthropic events and initiatives;
- sponsoring on-campus events following the appropriate procedures; and
- attendance at GAB meetings

**Additional requirements for all Greek-letter social organizations (i.e., fraternities, sororities, social fellowships):**
- attend meetings of the Council for Greek Governance (CGG);
- follow all policies outlined in this Student Handbook, especially noting and adhering to the Fraternity and Sorority Life policies, in addition to the Student Leader Resource Manual and the Fraternity and Sorority/Greek Handbook;
- all presidents and new member educators must attend New Member Education trainings;
- Rho Mu trainings and Recruitment trainings;
- Presidential Round Tables, one on one meetings with Greek Advisor;
- Greek Experience and other leadership sessions and conferences;
- all potential/new members must attend recruitment and training events;
- all members of fraternity and sorority life must attend meetings and training sessions as required; and
- additional risk management paperwork may be required (waivers, hazing, contract etc.).

**Campus Club and Organization Moderator/Advisor:**
The Assistant Vice Provost for Student Development appoints a moderator/advisor for each campus club/organization by the recommendation of the student members of the organization. The advisor is an integral part of every campus club/organization and volunteers to work with student groups because they want to make a unique contribution in addition to regular professional duties. The advisor should be a full-time
member of the faculty, administration or staff. An organization should approach an Iona employee of the staff who is duly qualified and ask them if they would be willing to serve as their advisor. After a member of the faculty, administration or staff has accepted, a written request should be submitted to the Assistant Vice Provost for Student Development asking them to appoint said individual as advisor of the campus organization. If a new or existing co-curricular organization with the goals of enhancing the studies in a certain academic area (i.e., history) needs an advisor, it is strongly recommended that the members of the group consider a full-time faculty member in that discipline and meet beforehand with the appropriate academic chairperson.

This will create an opportunity to discuss the qualifications of the prospective advisor. The Assistant Vice Provost will work to secure approval from various supervisors, department heads, and Deans where appropriate. However, the final choice for the nomination shall rest with the membership of the campus organization and the Assistant Vice Provost for Student Development. Clubs/Organizations are required to arrange that their moderator be present whenever the organization conducts an election of officers, sponsors a campus event, or has a function where alcoholic beverages are served. A member of the Student Development staff may substitute for the advisor at the request of the student organization. Failure to do so could result in disciplinary action against the organization and/or individuals that are members of it. The advisor’s primary responsibility is to advise and to serve as a resource person. By suggestions, comments and constructive proposals, they can assist the organization in achieving its objectives. The Office of Student Development can be utilized as a resource for student groups seeking an advisor. Employees of the College interested in advising student groups should contact the Office of Student Development to express their interest and receive additional information.

Specifically, the advisor’s responsibilities to the organization are:
● to be familiar with the policies of the College and the SGA and with the constitutions of the SGA and the moderator’s organization;
● review and familiarize yourself with the contents of the Checklist for Good Standing, Advisor Manual, the Student Leader Resource Manual, the organization’s constitution, and the Student Handbook; and to assist the officers and members in becoming acquainted with these policies;
● to encourage and assist the organization as it plans an active program of activities;
● to be available to sign checks, administrative forms and space reservation forms;
● to assist with the creation of budget proposals and oversee the budget that may be available according to Iona College financial procedures;
● if the organization is a local chapter of a national organization be aware of the national policies and serve as one of the Iona College’s liaisons;
● attend advisor roundtable receptions, meetings, and trainings, to discuss mutual expectations and resources available to you and your organization;
● attend any club events or workshops where advisors are asked to be present;
● assist with assessment activities of the club throughout the year;
● act as a liaison to the Office of Student Development; and
● if a student organization is guilty of violating the College Code of Conduct, the new member education policies of the Council of Greek Governance if applicable, or any other College policies, it is the responsibility of the moderator to inform the Assistant Vice Provost for Student Development, Assistant Director responsible for Greek Life, if applicable, or the Vice Provost for Student life.

The responsibilities of the campus organization to its advisor/moderator are that:
the moderator should be recognized as an integral part of the group and officers must keep them fully informed of the programming activities.

This includes:
- supplying monthly reviews of the organization’s treasury and/or checking accounts; and
- notifying the moderator of the place and time of each meeting and all other activities and events with sufficient notice.

Clubs and Organizations

All student clubs at Iona College fall under the oversight of the Student Government Association (SGA) and the Office of Student Development.

The SGA is composed of elected student representatives, class senators, and organizational senators/club presidents. The SGA aims to enhance the educational experience of each student, and is based on the belief that a complete education extends beyond the academic program. Also, the SGA maintains that this development can be attained through active involvement in student clubs/organizations, founded on the principles of cooperation, concern, leadership and service. It also provides a means of effective communication between the students, faculty and administration. The student officers and student members of a campus club/organization have full responsibility for the observance of all College policies, resolutions and community, state and federal laws governing the various activities of the group. The College does not authorize, protect, defend or assume responsibility for violations of public or private rights by students or student groups by reason of irresponsible conduct. Such conduct, on or off campus, may subject the students and/or the club/organization to College disciplinary proceedings.
All clubs/organizations, through their presidents or their designees, must complete the appropriate registration process at the start of each semester by the specified date and return the official forms to the Office of Student Development. Continued recognition of a campus club/organization is contingent upon completion of these forms, as well as that club/organization operating in accordance with the other guidelines set forth in the SGA Constitution and this Handbook, the Student Leadership Resource Manual, Fraternity and Sorority Life Handbook, and throughout the year by the College. Students must be in good academic and disciplinary standing in order to be active members of a campus club/organization.

A PERSON WHO IS NOT AN ENROLLED STUDENT MAY NOT PARTICIPATE IN ANY ORGANIZATIONAL ACTIVITY UNLESS IT IS OPEN TO THE PUBLIC. IN ADDITION, NO STUDENT MAY JOIN A COLLEGE-BANNED GROUP/GROUP NO LONGER RECOGNIZED BY THE COLLEGE. A STUDENT MAY ONLY JOIN A FORMERLY RECOGNIZED STUDENT GROUP (NOT BANNED) WITH THE WRITTEN PERMISSION OF THE OFFICE OF STUDENT DEVELOPMENT.

Student clubs/organizations are primarily for full-time undergraduate students. Executive board members must be full-time undergraduate students. At times, because of the nature of various clubs/organizations, membership may be opened to other enrolled Iona College students in good standing. All members and officers of student groups must maintain the necessary requirements including but not limited to good academic and disciplinary standing.

The following are some of the rights and privileges that are extended to each campus club/organization upon, and only upon, it’s official recognition by the SGA and the College. An officially recognized club/organization’s failure to maintain good standing may result in the suspension or termination of any or all of these rights and privileges:
• to reserve campus facilities through the Office of Student Development, all procedures must be followed;
• to have its events listed in various calendars, schedules and on message boards;
• to post or distribute authorized publicity on the campus with approval from OSD;
• to reserve and use table space on the campus for the sale or distribution of materials;
• to reserve rooms for meetings;
• to obtain permission to use the LaPenta Student Union and other facilities after normal closing hours;
• to purchase catering services through the College’s Food Service at discounted student prices;
• to have buildings unlocked and locked, for approved events, by the Campus Safety and Security Department;
• to be assigned use of a club locker in the Club Hub of the LaPenta Student Union;
• to follow applicable procedures for a cubicle, or office space in the LaPenta Student Union;

The College has the right to place any of, but not limited to, the following sanctions on student clubs/organizations for the violation of College policies and/or not meeting the requirements necessary to maintain good standing:

- Social Probation – Club/Organization will have restrictions placed on their funding, the type of activities they can sponsor and the use of facilities at the discretion of the Assistant Vice-Provost for Student Development. This probationary period will last for a limited period of time.

Additional sanctions for all of the above may be applied. All incidents are handled on a case to case basis.

**Iona College Alcohol and Social Events with Alcohol Policy:**

**Introduction:**
The primary focus of the College is to provide for the safety and wellbeing of our students, especially through the prevention of substance abuse. Recognizing our responsibility to implement and enforce alcohol regulations that are consistent with New York State laws and address the serious issues
related to personal health and safety of our students, the following establishes the Alcohol and Social Events with Alcohol Policy for the College.

The College believes that it cannot deny persons of legal age the right to drink alcohol; therefore, it will endeavor to prevent the abuse of alcohol by encouraging individuals to behave in an appropriate and responsible manner when drinking alcohol. The consumption of alcohol is a matter of concern to the College in maintaining an academic and social environment conducive to the intellectual and personal development of our students while promoting their safety and welfare.

This will be achieved through comprehensive alcohol prevention initiatives, including education, early intervention, promoting a healthy campus environment and assessment strategies. These goals can only be achieved on a campus where the legal and responsible use of alcohol is the accepted standard of behavior and the illegal use and/or abuse of alcohol is not be condoned.

The Iona College Alcohol policy includes but is not limited to the following provisions, whether these occur either on or off campus.

1. No person under the age of 21 may possess, consume, or be in the presence of alcohol, except being the presence of alcohol at a registered and approved event with alcohol.
2. The College prohibits any inappropriate behavior that is a direct result of alcohol consumption. Any student who is observed to be intoxicated may be found in violation of this alcohol policy.
3. The College prohibits the possession of items commonly used for distribution of alcohol on any leased or owned college property. Such items include, but are not limited to, kegs, party balls, funnels, shot glasses, beer pong tables, etc.
4. The College alcohol policy prohibits any games involving drinking and/or any rapid consumption techniques involving either alcohol or non-alcoholic beverages. These include but are not limited to funnels, shot glasses, beer pong tables, etc. These items, by their very nature, promote abusive alcohol consumption.

5. The College prohibits the possession and consumption of alcohol within public areas and College buildings, without the permission of an authorized College official, which for students and student groups is the Vice Provost for Student Life or their designee. Residential Life buildings are controlled by Residential Life Alcohol Polices for students over the age of 21.

6. It is prohibited for an underage student to be in the presence of any other person legally or illegally possessing, consuming or selling alcoholic beverages, except when authorized at a registered and approved event with alcohol.

7. It is prohibited for anyone over the age of 21 to consume/possess alcoholic beverages in the presence of individuals under the age of twenty one, except when authorized at a registered and approved event with alcohol.

8. The College maintains the right to register and approve an event which would permit the distribution of alcoholic beverages to persons over the age of 21, in accordance with New York State Law.

Social Event Policy (Registered and Approved Events with Alcohol):
The Social Event Policy related to registered and approved events with alcohol reflects the social climate that the Iona College community strives to establish and maintain regarding campus social life, involving the appropriate role of the use of alcoholic beverages by community members. Its success depends upon the cooperative efforts of students, faculty, administration and alumni in both understanding and upholding the spirit of personal responsibility and respect for self and others that is embodied in this Policy.
The College will permit registered and approved events with alcohol which are held on College premises that will include the legal distribution of alcoholic beverages. The sponsors of these events must first obtain approval from the authorized College official, the Vice Provost for Student Life or their designee, and complete an event with alcohol form and adhere to the process outlined below, as well as abiding by the regulations for all registered campus events. Permission from the Vice Provost for Student Life and or their designee is required for alcoholic beverages to be served in any public areas of the campus.

The possession/consumption of alcohol in the public areas of the campus is prohibited, with the exception of officially registered and approved events with alcohol.

College-sponsored events for trustees, alumni, parents, faculty, staff and administrators (no students in attendance) are exempt from the regulations below, except number 7.

**Regulations for Registered and approved Event with alcohol:**

POLICIES, PROCEDURES AND REGULATIONS

The College Code of Conduct

Iona College Code of Conduct

ARTICLE I

Iona College emphasizes our Catholic tradition and the God-given dignity and potential of every person. Therefore, Iona College is committed to its mission, and to each student’s pursuit of their educational goals. Great emphasis is placed on integrity, personal responsibility and on respect both for oneself and for others in the community. The purpose of the College and its unique mission can best be protected through the communication and the enforcement of certain standards of behavior judged essential to the achievement of those purposes.

This is only possible when all students, faculty, administration, and staff ensure the intellectual, social, and spiritual development of each member of our community in an ethical way. Honesty, integrity, and responsibility for the welfare of one’s self and all members of the Iona community are characteristics of a caring and thriving community. The Iona College Student Conduct Process and Code of Conduct aims to develop the unique potentialities in each individual and to assure an atmosphere where the educational purposes of the College can be achieved. The widest freedom consistent with the rights of others - both individually and collectively - is enthusiastically fostered.

The Student Conduct Process pertains to the process for addressing allegations of non-academic violations. It is not exclusive and does not preempt or preclude independent action that may be taken by
authorized members of the Iona community, including (but not limited to) the Title IX Coordinator, deans of academic units or authorized members of the Athletics Department.

All students are encouraged to report every potential College Code of Conduct violation to the appropriate member of the Iona community. At the College, a complaint may be investigated and adjudicated by the Title IX Coordinator, the Vice Provost for Student Life or their designee or another administrator.

This process uses a “preponderance of the evidence” standard to determine responsibility for alleged violations of the College Code of Conduct. The concept of “preponderance of the evidence” can be visualized as a scale representing the burden of proof, with the totality of evidence presented by each side resting on the respective trays on either side of the scale. If the scale tips ever so slightly to one side or the other, the weightier side will prevail.

Section A: Jurisdiction
The College Code of Conduct shall apply to conduct that occurs both off and on Iona College premises, at Iona College-sponsored activities, and off-campus conduct that adversely affects the Iona College community and/or the pursuit of its objectives. This includes but is not limited to in person conduct as well as actions taken virtually, including but not limited to social media. Each student shall be responsible for conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if their conduct is not discovered until after a degree is awarded). The College Code of Conduct applies all students including full-time, part-time, and visiting students as well as students auditing classes. The College
Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a matter is pending.

Ultimate authority over student discipline is vested in the President of the College, who may exercise it at his or her discretion whenever it is determined that the interests of the College warrant it. The President may impose any penalty, including dismissal. In exercising such plenary authority, the President shall afford the student an opportunity to know the charges against him or her, and to offer his or her version of the events. Action taken by the President is final and closes the matter. The President may designate an appropriate senior administrator to exercise this authority whenever it is deemed necessary or convenient.

The President of Iona College has delegated authority over student conduct to the Senior Student Affairs Administrator. Currently, the Senior Student Affairs Administrator is the Vice Provost for Student Life. The Vice Provost for Student Life or designee is responsible for oversight of student conduct administrators and to ensure that the student conduct process is carried out in accordance with College policy and procedures. The Vice Provost for Student Life or designee shall determine the composition of the College Conduct Board and determine which student conduct administrator shall be authorized to address a reported violation. Findings of responsibility for a College Code of Conduct violation shall be final, pending the normal appeal process, and sanctions go into effect immediately.

**Section B: Disciplinary Records and Notifications**

Disciplinary records are for internal use only and are typically not made available to persons outside the College except on formal written request of the student involved or per a lawfully issued subpoena. Internal use is at the discretion of the Vice Provost for Student Life or designee, who may inform other officials in the institution of the student’s disciplinary status when necessary to the
discharge of their official duties. Additionally, parents/guardians may be notified of alleged conduct in accordance with College policies including but not limited to the Alcohol Policy and CARE Team guidelines.

The Vice Provost for Student Life assumes the responsibility of maintaining the privacy of disciplinary records and for timely destruction of such records. Disciplinary records are maintained for seven years after the student has graduated, withdrawn or from their date of last attendance at the College with the exception of cases in which a sanction of Suspension or Dismissal was imposed. In cases resulting in expulsion from the College, disciplinary records are maintained permanently.

The Vice Provost for Student Life, upon written request, will disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the final results of Iona College’s disciplinary proceeding dealing with that alleged violation. In cases involving dating violence, domestic violence, sexual assault, or stalking, the written notification will be sent simultaneously provided to both the accused and accuser detailing the sanctions and any possible appeal to the decision.

TRANSCRIPT

Iona College will follow legal requirements for transcript notations, including Article 129-B of the New York State Education Law. Please refer to the Iona College web site for the Iona Transcript Notation Policy for Violent Crimes and additional information regarding Transcripts. Section C: Civil or Criminal Violations
Students may be accountable to both governmental authorities and to the College for acts that constitute violations of law, the College Code of Conduct, or other policies stated in the Student Handbook. A student’s conduct may be considered a violation of the College Code of Conduct, but it may also be considered a violation of provisions of civil or criminal law on both local and national levels.

The College reserves the right to enforce all of its policies for behavior that takes place either on or off campus. Disciplinary action at the College may proceed during the pendency of civil or criminal proceedings and shall not be subject to challenge on the ground that criminal or civil charges involving the same incident have been delayed, reduced or dismissed. The College also retains the discretion to delay internal proceedings, while imposing interim actions such as privilege restrictions or even suspensions to separate a student from some or all college activities, during the period in which criminal or civil matters are pending.

Section D: Student Bill of Rights
All students have the right to:

- Make a report to local law enforcement and/or state police;
- Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
- Make a decision about whether or not to disclose a crime or violation and participate in the conduct process and/or criminal justice process free from pressure by the institution;
- Participate in a process that is fair, impartial and provides adequate notice and a meaningful opportunity to be heard;
- Be treated with dignity and to receive from the institution courteous, fair and respectful health care and counseling services, where available;
- Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or
should have acted in a different manner to avoid such crimes or violations;

- Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
- Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
- Access to at least one level of appeal of a determination;
- Be accompanied by an advisor of choice, in accordance with appropriate regulations*, who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process;
- Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution.

*As outlined in Article IV: Section C

**Section E: Definitions**
The term “shall” is used in the imperative sense.
The term “may” is used in the permissive sense.
The term “College” means Iona College.

The term “student” includes all persons pursuing academic or non-academic education through the College, either full-time or part-time, pursuing undergraduate, graduate or professional studies.

Persons who withdraw after allegedly violating the College Code of Conduct, who are not officially enrolled in a particular term but who have a continuing relationship with the College, or have accepted an offer of admission, are considered students.
The term “member of the Iona community” includes any person who is a student or any person who is employed by Iona College in any capacity.

The term “student organization” means any group comprised of Iona College students with a common purpose, including (but not limited to) all Student Government Association-recognized groups and Greek letter organizations.

The term “complainant” means any person or entity who submits an allegation that a student violated the College Code of Conduct. The College may be considered the complainant when an alleged violation of the College Code of Conduct is reported to, or documented by, a member of the Iona community.

The term includes property that the College leases from third parties or contracts with third parties for its use.
ARTICLE II: COLLEGE CODE OF CONDUCT

Section A: Amnesty
The health and safety of every student at Iona College is of utmost importance. Iona recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs, may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Iona strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to College officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Iona’s officials or law enforcement will not be subject to Iona’s college code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

More generally, Iona College considers amnesty to victims of all types who may be hesitant to report an incident to College officials because they fear that they themselves may be responsible for minor policy violations, such as underage drinking, at the time of the incident.

To encourage all students to offer help and assistance to others, Iona College considers a policy of amnesty for minor violations when students offer help to others in need. At the discretion of the Vice Provost or designee, amnesty may also be extended on a case-by-case basis to the person receiving assistance.

Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the
College may also be offered amnesty for their minor violations, at the discretion of the Vice Provost or designee.

Abuse of amnesty requests can result in a decision by the Vice Provost or designee not to extend amnesty to the same person repeatedly.

**Section B: College Code of Conduct**

The following activities constitute violations of the College Code of Conduct. Violations are addressed by sanctions which are imposed consistent with the policies and procedures established by the College and set forth in this Student Conduct Process.

**Alcohol:** Use, possession, manufacturing, or distribution of alcoholic beverages (except as expressly permitted by Iona College regulations). Alcoholic beverages may not, in any circumstance, be used by, possessed by or distributed to any person under twenty-one (21) years of age. This includes suspicion of being intoxicated on Iona premises. Students are expected to abide by all federal and state laws regarding alcohol and must be familiar with the College policy on a Drug-Free Community that is contained in the Student Handbook.

**Assault:** Inflicting or attempting to inflict harm upon any person.

**Bias:** Engaging in conduct that is deemed to show bias against any individuals, groups, or entities based on perceived identity.

This includes, but is not limited to, failure to surrender the College Identification Card upon request by any member of the Iona community (including campus security personnel) or with the computer lab facilities guidelines as set forth in the Student Handbook.

Complicity: Attempts to commit acts prohibited by the College Code of Conduct or encouraging others to commit acts prohibited by the College Code of Conduct may be addressed to the same extent as completed violations. A student may be found complicit if he or she is aware of a violation of the College Code of Conduct and has the ability to report the violation, but fails to do so or fails to remove oneself from reasonable proximity of the violation.

Damage to Property: Damaging College property or the property of a member of the Iona community, a campus visitor while on Iona premises, or the property of a local resident.

Hazing: Any action that may endanger the mental or physical health or safety of a student for purposes including, but not limited to, affiliation with any student organization. Individuals who witness hazing while not actively participating may still be held accountable for their actions or inactions. Hazing includes, but is not limited to:

- behavior could be seen by a reasonable person as pressuring or coercing the student into violating state or federal law.
- any brutality of a physical nature, such as whipping, beating, branding, exposure to the elements, forced consumption of any food, alcohol, liquor, drug, or other substance, or any other forced physical activity that could adversely affect the physical health or safety of the student.
- any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student.

Iona will not accept as a defense of a Hazing allegation when the accused student or student organization claims that (1) any or all participants consented to the documented conduct; (2) the conduct was not part of an official organizational event or otherwise sanctioned or approved by the student organization; or (3) the documented conduct or activity was not an explicit condition of membership to or affiliation with a student organization.

Inappropriate Behavior: Any behavior that is not consistent with the Mission or expectations of the College.

Intimate Partner Violence: Intimate partner violence refers to any physical, sexual or psychological harm against an individual by a current or former partner or spouse of the individual. In addition, this policy includes any willful intimidation, battery or sexual assault
committed by a family member, household member, domestic partner, or intimate partner and is prohibited. This policy also includes harm against individuals in heterosexual and same-sex relationships but does not require sexual intimacy between the individual and such partner/spouse.

**Keys**: Unauthorized possession, duplication, or use of keys or ID access cards to College facilities.

**Misconduct**: Engaging in behavior that may adversely affect the security of the Iona community, the integrity of the educational or developmental process or the good name of Iona College.

This includes, but is not limited to, email, social media, the Internet, phone or tablet applications, cellular phones and video recorders. The procurement and/or transmission of videos or photographs of another individual without his or her expressed permission are prohibited.

**Parking**: All Iona College resident freshmen and sophomores are prohibited from bringing motor vehicles to the Iona community. This prohibition includes parking vehicles on city streets and in the surrounding community. Requests for waivers to this policy will only be granted under special circumstances. The Director of Campus Safety and Security will make final determination for a policy waiver in conjunction with the Vice Provost for Student Life. All resident juniors and seniors may have a vehicle on campus and their vehicles are required to park ON CAMPUS ONLY. These vehicles must display a resident parking permit issued and affixed by Campus Safety and Security and vehicles may not be parked on any city streets within the surrounding New Rochelle community of the college at any time. Resident permits are not interchangeable with other vehicles and void if removed from the vehicle. First time violators will be
fined a $250.00 administrative hearing fee and shall be put on disciplinary probation. Second time violators will be suspended from the Residential Life Program for the relevant semester. In the case of second time offenders, no portion of their room and board fees will be refunded. Any further violation shall result in a permanent ban from the Residential Life Program with no portion of the room and board fees being refunded.

*Policies:* Failure to abide by other policies and regulations established by the College.

*Residential Life Policies:* Failing to abide by the policies and regulations established by the Office of Residential Life including those which are contained in the Residential Life Policy Handbook.

*Sexual Misconduct:* Sexual misconduct involves a range of behaviors including sexual assault, sexual harassment, sexual exploitation, sexually inappropriate behavior and any other conduct of a sexual nature that is nonconsensual, or has the effect of threatening, intimidating or coercing a person. Sexual misconduct can be committed by individuals of any gender, and it can occur between individuals of the same gender or different genders. It can occur between strangers or acquaintances, as well as people currently involved in intimate or sexual relationships. The consumption of alcohol or the use of illegal substances does not constitute a mitigating circumstance when it contributes to a violation regarding sexual misconduct.

Affirmative consent is a knowing, voluntary and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based
upon a participant's sex, sexual orientation, gender identity, or gender expression.

Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent may be initially given but withdrawn at any time. Consent cannot be given when a person is incapacitated, which occurs when the individual lacks ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if the individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs or other intoxicants may be incapacitated and therefore unable to consent. Consent cannot be given when it is the result of any coercion, intimidation, force or threat of harm. When consent is withdrawn or can no longer be given, sexual activity must stop.

**Sexually Inappropriate Conduct:** Unwelcome conduct that is sexual in nature. This includes, but is not limited to, posting or displaying sexually explicit or offensive material; an isolated occurrence of obscene or sexually offensive gestures and comments; lewdness; exposure of one’s self to another person without that person’s consent.

**Sexual Exploitation:** Any act whereby one person violates the sexual privacy of another or takes sexual advantage of another who has not provided consent. Sexual exploitation also includes recording, photographing, transmitting, viewing or distributing intimate or sexual images or sexual information without the knowledge and consent of all parties involved, or observing others who are engaged in intimate or sexual situations without permission.
**Sexual Harassment:** Unwelcome sexual advances, requests for sexual favors and other gender-based verbal or physical conduct that is severe, persistent or pervasive enough to unreasonably interfere with an individual’s educational experience or living conditions. Sexual harassment also occurs when submission to or rejection of such conduct denies or limits someone’s ability to participate in or benefit from any College educational program or activity; or by creating an intimidating, hostile or offensive environment for another person.

**Nonconsensual Sexual Contact:** Any intentional sexual contact with another person, however slight, that occurs without that person’s consent. This includes oral or genital contact not involving penetration; forceful use of an object not involving penetration; contact with the breasts, buttocks or genital area, (including over a person’s clothing); removing the clothing of another person without consent; or kissing without consent. Sexually touching another individual by the threat of force, or intentional contact of a sexual nature with a person who is incapacitated at the time, is also considered nonconsensual sexual contact. This also includes other intentional actions that may be construed has having a sexual nature.

**Nonconsensual Sexual Penetration:** Any act of oral, vaginal or anal penetration by a person’s penis, finger, body part, or an object without consent. Any such act involving force or duress, or that occurs with an incapacitated individual, will be deemed especially egregious.

Additional information in the College’s *Sexual Misconduct Policies & Procedures for Students*. 
Smoking: Failing to comply with the smoking guidelines of the College.

Stalking:
Means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (1) fear for his or her safety or the safety of others; or (2) suffer substantial emotional distress.

For purpose of this definition: • “Course of conduct” means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. • “Substantial emotional distress” means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. • “Reasonable person” means a person under similar circumstances and with similar identities to the victim.

Theft: Theft of College property and/or theft from a member of the Iona community. Knowingly possessing or disposing of the lost or mislaid property of a member of the Iona community or of the College itself without returning such property to its rightful owner.

Weapons/Explosives: The unauthorized sale, purchase, production and/or possession of lethal weapons, explosives or incendiary devices.

ARTICLE IV: COLLEGE CODE OF CONDUCT REPORTS

Section A: Review and Assignment of Alleged Code Violations
Any member of the Iona community, or other entity, may report alleged violations of the College Code of Conduct to the Vice Provost for Student Life or designee. The Vice Provost for Student Life or designee shall review the report and shall determine the appropriate student conduct administrator or hearing body to address the report. The Vice Provost for Student Life or designee reserves the right to act as the student conduct administrator for any report of an alleged Code of Conduct violation.

A student accused of violating the College Code of Conduct shall be notified of the alleged violations by an email sent to the student’s Iona College email account, which is considered the official means of communication by the College. The meeting notification shall state the date and general location of the incident if known, the clause(s) in the Student Code of Conduct that the student is accused of violating and the date, time and location the respondent has been scheduled to meet with a student conduct administrator for a Conduct Hearing.

Section B: Interim Actions
The Vice Provost for Student Life or designee retains the discretion to issue an interim action to any party involved in an alleged Code violation. This includes, but is not limited to, an interim suspension from the College; a “no contact” order; limitation of access to Iona premises or limitation of privileges to engage in specified College activities; and/or reassignment to alternate housing or removal from housing.

Interim actions may be issued in the following circumstances: (1) to ensure the physical or emotional safety and well-being of members of the College; (2) to ensure the physical or emotional safety and well-being of any party involved in an alleged Code violation; or (3) if the accused student poses an ongoing threat or disruption of the normal operations of the College. Once imposed, an interim action takes effect immediately. There is no appeal for an interim action.
An interim suspension pending a hearing is not a College sanction, and no notation of it will be made in the student’s transcript or education record.

Section C: Conduct Hearings
The Conduct Hearing is a meeting with a student conduct administrator where the accused student may review the incident, respond to the charges and discuss the circumstances of the alleged violation. At the conclusion of the Conduct Hearing, the student conduct administrator may, at his or her discretion, make a determination concerning the accused student’s responsibility and (if the student is found responsible) the sanctions he or she must complete. The student conduct administrator may also refer the matter to the College Conduct Board.

An accused student who fails to attend the Conduct Hearing waives their right to review the incident and respond to the charges. In these cases, the student conduct administrator shall administer findings and sanctions in their absence, or refer the matter to the College Conduct Board. A respondent’s failure to check their Iona email account is not considered an excuse for not attending a scheduled Conduct Hearing.
Advisor: A student may be accompanied by an advisor of choice, in accordance with appropriate regulations, who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process. With the exception of sexual misconduct hearings as outlined in College policy and the NYS Education Law Article 129-B, also known as the “Enough is Enough” law, the advisor must be a member of the Iona College community who will be permitted to be present for support, but will not actively participate in the hearing. The judicial process is administrative in nature and does not permit the participation of legal counsel.

The following are possible outcomes of the Conduct Hearing:

**Not in Violation:** If the student conduct administrator determines at the conclusion of the investigation process that the accused student has not violated the College Code of Conduct, the student shall be found Not in Violation and the student conduct administrator shall confirm the decision in writing.

**In Violation:** If the accused student takes responsibility for a violation(s) of the College Code of Conduct, or if it is determined by the student conduct administrator that the accused student has violated the College Code of Conduct, the student conduct administrator shall resolve the matter at his or her sole discretion. In this instance, the student conduct administrator shall issue sanctions as set forth in this process. This determination shall be confirmed for the accused student in writing, containing a confirmation of the violation(s) the accused student was found responsible for, a statement of the sanction(s) to be imposed and information regarding the accused student’s right to appeal the decision.
Referral to College Conduct Board: If after the Conduct Hearing, the student conduct administrator decides that another hearing body should determine the matter, the student conduct administrator may refer the matter to the College Conduct Board.

Section D: Appeals of Conduct Hearings
Any sanction imposed shall be immediately effective and shall remain in effect for the duration of the student conduct process through the conclusion of the appeal process.

A decision by a student conduct administrator may be appealed in writing to the Vice Provost for Student Life or designee within seven (7) business days of delivery of the decision letter. An appeal may be considered only when it is demonstrated that: (1) the accused student has presented information that indicates an omission in the Student Conduct Process that may have affected the final outcome of the decision; or (2) there is new evidence which did not exist at the time of the hearing that would have a bearing on the original finding; or (3) the sanctions are not consistent with past practices or the severity of the violation.

If an appeal is granted, the Vice Provost for Student Life or designee will have the option of referring the matter back to the original student conduct administrator or hearing body for the reconsideration; or to make a determination on the appropriateness of the decision and/or the imposed sanctions. If an appeal is not upheld, the matter shall be considered final.

ARTICLE V: COLLEGE CONDUCT BOARD

Section A: Composition and Responsibilities
The College Conduct Board will consist of three or five individuals assigned to hear a conduct case from a pool of eight eligible members. The pool of eligible Conduct Board members will consist of: four student members, three faculty/administrator members and a non-voting Chair. The administrative members will be appointed by the Vice Provost for Student Life or their designee. The four student members shall be chosen by student election as set forth under the Student Government Association by-laws, and no student member may be a member of the Student Government Association Legislative or Executive Boards. The three faculty/administrative members shall be appointed by the Vice Provost for Student Life or designee and approved by the Office of the Provost. The Non-voting Chair shall be appointed by the Vice Provost for Student Life or designee. The Conduct Board members selected to hear a conduct case will include at least one student member.

The College Conduct Board shall have the power to determine responsibility for alleged violations in matters referred by the Vice Provost for Student Life or designee. The term of office for all Conduct Board members shall be from August 1 to July 30 of each academic year. Sitting Justices will continue to hear cases for which proceedings were begun prior to August 1 of the new academic year. Any Justice having a conflict of interest shall be required to recuse themselves from the hearing of the case.

**Section B: Non-Voting Chairperson**

The duties of the Non-voting Chair shall be to preside over all hearings of the College Conduct Board and to vote only in case of a tie in any hearing of the College Conduct Board.

**Section C: College Conduct Board Process**

Conduct Board proceedings will follow the established procedures of the Conduct Board, reviewed on an annual basis and approved by the Vice Provost of Student Life.
All College Conduct Board hearings shall be conducted in closed session, and privacy must be maintained at all times. All decisions of the College Conduct Board shall be determined by majority vote and referred to the Vice Provost for Student Life or designee for notification of outcome and for imposing sanctions, if appropriate. The accused student may appeal any decision of the College Conduct Board to the Vice Provost for Student Life within seven business days after notification of the decision of the College Conduct Board.

Section D: Transcript Requests
College Conduct Board hearings shall be recorded and maintained as part of the student’s educational record. Any participant in the Court hearing may request an official transcript of the hearing be taken. The party who makes the request must bear the total cost of this service. The request of an official transcript must be made at the time of the notice of a Conduct Board hearing. The College will then secure the services of a court stenographer to supply the requested service. The fee will include all charges for services provided by the court stenographer to record and transcribe the minutes of the hearing.

ARTICLE VI: SANCTIONS
When a student has been found responsible of violating the College Code of Conduct, one or more of the sanctions listed below may be imposed. In addition, a Conduct Hearing Fee not to exceed $500 may be imposed in all cases where a student is determined to be in violation of the College Code of Conduct.

Any involved party may provide an impact statement to the Vice Provost for Student Life or designee when there is a finding of responsibility regarding an allegation of violence, including but not limited to, domestic violence, dating violence, stalking or sexual
assault. This statement may be provided while the Vice Provost for Student Life or designee is deliberating on appropriate sanctions.

**Dismissal:** Permanent separation of the student from the College. Permanent notification may appear on the student’s official transcript. The student shall also be barred from Iona premises and may face criminal charges if any condition of the dismissal is violated.

**Expulsion:** Permanent separation of the student from the College. Permanent notification will appear on the student’s official transcript. The student shall also be barred from Iona premises and may face criminal charges if any condition of the dismissal is violated.

Additional conditions for readmission will be established at the time of suspension.

Any student who is dismissed from residence halls is required to remove their belongings within 48 hours unless otherwise specified by the student conduct administrator.

Any violation of the College Code of Conduct while on housing probation – no matter how minor – may result in additional sanctions. These sanctions may include (but are not limited to) permanent separation of the student from the residence halls, suspension or dismissal.

Disciplinary Probation: The student shall not represent the College in any co-curricular or extracurricular activity, or run for or hold office in any student group or club/organization. Loss of Privileges: Denial of specific privileges for a designated period of time.

Discretionary Sanctions: Other sanctions may be imposed instead of or in addition to those specified in the above. Students may also be subject to restrictions upon or denials of driving privileges for disciplinary violations involving the use or registration of motor vehicles.

ARTICLE VII: STUDENT ORGANIZATIONS
Any group comprised of Iona students, including (but not limited to) all Student Government Association-recognized student groups and Greek letter organizations, may be charged collectively with violations of the College Code of Conduct. Iona College reserves the right to address organizational behavior that takes place both on campus and off campus.

Any person having knowledge of any activity or conduct which may constitute an organizational violation should contact the Vice Provost for Student Life or designee. The group’s executive board may be held both collectively and individually responsible when alleged violations of the College Code of Conduct by one or more of its members take place with the direct or implied consent of its leadership. Individual members who knew or should have known that violations were being or would be committed may be subject to disciplinary action.

When student organizations are accused of College Code of Conduct violations, an informal investigation shall be conducted by the Vice Provost for Student Life or designee. If the student organization is affiliated with a national organization, the national headquarters may be contacted.
Student organizations may be subject to interim actions including, but not limited to, an interim suspension. If the investigation reveals that individual members are subject to disciplinary action, those individuals shall be referred to the Vice Provost for Student Life or designee for participation in the student conduct process.

A student organization can be denied some or all of its rights and/or privileges as contained in the Student Handbook. This action may be either temporary or permanent. All Greek and Social Fellowship organizations are subject to immediate suspension and or revocation of charter for violation of the College’s policy on pledging/potential/new member education process.

This includes groups with a membership and/or a purpose substantially identical to a previously recognized student organization, even if operating under a different name.

Student participation in unrecognized student organizations is strongly discouraged, but is not prohibited. Any student who facilitates for other students to participate in an unrecognized student organization shall be charged with violations of the College Code of Conduct and referred to the student conduct process. The accused student may be subject to the full range of disciplinary sanctions available at the College, up to and including expulsion.
ARTICLE VIII: INTERPRETATION AND REVISION
Any question of interpretation or application of the Student Conduct Process and College Code of Conduct shall be referred to the Vice Provost for Student Life or designee for final determination. The Student Conduct Process and College Code of Conduct may be reviewed annually or as warranted under the direction of the Vice Provost for Student Life or designee.
Academic Violations

Academic Dishonesty:
All purported forms of academic dishonesty will be adjudicated in accordance with the following procedures.

Academic dishonesty subverts both the purpose of the College and the experience students derive from being at Iona. It includes offenses which harm the offender and the students who do not cheat. The Iona community, therefore, pledges itself to do all in its power to prevent academic dishonesty, and to impose impartial sanctions upon those who harm themselves, their fellow students, and the entire Iona community by academic dishonesty.

At the beginning of each semester, professors shall state their policy with regard to academic dishonesty on the syllabus and course requirement form they distribute. This policy shall include the penalty to be imposed when academic dishonesty is discovered. Penalties may include failure for a given assignment or failure in the course, in which case a report shall be submitted to the appropriate Academic Dean. In the case of a second instance, students may be suspended from the College. In any allegation of academic dishonesty, every effort will be made to insure justice; in all cases, educational assistance, rather than adversary proceedings, will be sought. If, in conformity with this policy, a sanction is imposed, a student may appeal first to the professor who discovered the offense; second, to the department chair; and third, to the Academic Dean of the department involved. The decision of the Academic Dean is final if the penalty does not exceed a suspension of five class days. A student does have the right to appeal the decision of the Academic Dean to the Provost if, and only if, the sanction involves a suspension in excess of five class days. If any decision results in
suspension from class in excess of five class days or dismissal from the College, the Provost shall have the final decision.

**Campus Safety and Security Policy on Reporting Crimes**

If you become the victim of a crime while at Iona College, you are strongly encouraged to report it immediately to the Campus Safety and Security Department. Prompt reporting and specific information will increase the likelihood of achieving positive results of your incident. When you call Campus Safety and Security at (914) 633-2560 (or ext. 2560) or (914) 633-2245 (or ext. 2245), please give your name, the location you are calling from, and a brief description of what occurred. If the person who committed the crime is still in the area, please let the dispatcher know. If this is an incident of sexual assault, domestic violence, dating violence, or stalking and you are unsure if you want to report this to the local police, please advise the dispatcher. A campus safety officer will be dispatched to your location, and the New Rochelle Police will be notified upon your decision to proceed with a police investigation. Police will be notified to respond for all other appropriate incidents. If you want to have the police notified, CSS will assist you and the police will meet with you and obtain all of the necessary information in the case. If evidence from the crime is still intact, please do not move or destroy it. This is especially important in sexual assault cases. It is important to remember that showering, changing clothes, or grooming can destroy vital evidence.

Many students worry about reporting crimes to the Campus Safety and Security Department and/or the police because they do not want to testify in a trial. Victims are nonetheless encouraged to contact Campus Safety so they can be informed about other services available (counseling services, medical treatment, etc.) that might lessen the trauma of the incident. If the victim does not wish to pursue criminal charges, their wishes will be respected.
Students who are victims of crimes may pursue another avenue through the Iona College student adjudication system. While this is not a substitute for the criminal justice system, it affords the students the opportunity to have their side heard in a less formal environment. This can be done in conjunction with criminal charges. If a student is found to have violated the College Code of Conduct, they may be subject to disciplinary action, up to and including expulsion from Iona College. Students interested in this course of action may call the Office of the Vice Provost for Student Life at ext. 2360, or obtain further information in the Iona College Student Handbook, or through the Campus Safety and Security Department.

For crime statistics please refer to the Campus Safety and Security Annual Crime Statistics booklet. The Advisory Committee on Campus Safety can be reached at (914) 633-2245 and they will provide upon request all campus crime statistics as reported to the United States Department of Education or you may view online at www.ope.ed.gov/security/Search.asp the federal website.

Statement on Campus Safety

Iona College informs students and employees about the Student Right to Know and Campus Security Act (CSA) of 1990, the Violence Against Women Reauthorization Act (“VAWA”), signed into law on March 7, 2014, imposing new obligations on colleges and universities under its Campus Sexual Violence provision, Section 304 and related amendments which have been added to the education laws of New York State since 1990. These laws, with which the College intends to comply fully, which includes the creation of an advisory committee on campus safety, and prepare and disseminate an annual security report for the state and federal government and other interested parties. This report includes a description of policies related to campus safety and statistics concerning specific crimes reported to campus security authorities or local police agencies with a focus on sexual
misconduct, dating violence, domestic violence and stalking in addition to the crime categories already mandated in the Clery Act. These laws are also designed to establish a campus sexual assault program to prevent sex offenses, develop procedures to follow when a sex offense occurs, and distribute sexual assault prevention information to members of the community. It also includes other information for educating students and staff about campus safety. Counseling Services, Health Services, Residential Life, Campus Safety and Security, and/or Student Development are available to the victims of any type of crime.

The following safety tips are designed to assist in your personal safety:

- Do not go off with or accept rides from an individual that you have just met.
- Avoid isolated areas when you are alone or on a first date. Ideally, go out with another couple.
- Set clear limits with your partner and be sure that both of you are comfortable with these guidelines.
- If you feel that your safety is being compromised, attempt to attract attention. Do not be embarrassed to cause a scene.
- If you are drinking alcohol, drink responsibly. People may attempt to encourage you to drink more, and your judgment could become impaired.
- Never leave your drink unattended at a party or a bar. Always be safety conscious and familiarize yourself with the statutes of rape and sexual assaults.
- In accordance with New York State law, you must be 21 years old or older to drink.

The cooperation and involvement of students and employees in a campus safety program are important. All members of the College community are asked to assume responsibility for their own personal safety and the security of their personal belongings, by taking simple, common sense precautions. Further information regarding personal safety, including fire, first aid, and
the reporting of any and all unusual occurrences or irregularities, is available in the offices of Campus Safety and Security, and Student Development in the LaPenta Student Union. Several important crime prevention techniques are:

1. Walk or study with friends.
2. Avoid being alone in buildings on the grounds.
3. Notify someone in authority when you will be working in any building after hours or on weekends.
4. Report any suspicious persons or activity to campus security or the administrator in charge of a facility or program.
5. Keep doors locked at all times.

The College affirms the dignity of all persons who are victims of crime and recognizes each person’s right to privacy and confidentiality.

**Policy on Sexual Assault, Domestic Violence, Dating Violence and Stalking Prevention**

*Please see the Iona College Sexual Assault/Title IX website for complete policies, information, and resources*

[www.iona.edu/sexualassault](http://www.iona.edu/sexualassault)

*On January 22, 2014, President Barack Obama stated, “Sexual violence is more than just a crime against individuals. It threatens our families, it threatens our communities; ultimately, it threatens the entire country. It tears apart the fabric of our communities.” as he was establishing the White House Task Force to Protect Students from Sexual Assault. There was a mandate to strengthen federal enforcement efforts and provide schools with additional tools to help combat sexual assault on their campuses. Iona College is committed to complying with all applicable state and federal law to provide a safe environment for members of our community and visitors to our campus.*
Policy on Sexual Assault, Domestic Violence, Dating Violence and Stalking:
State and federal law, including Title IX of the 1972 of the Education Amendments prohibits sex/gender based discrimination. Title IX covers all of the College’s programs and activities, and Title VII of the 1964 Civil Rights Act as amended also prohibits sex discrimination in employment, as well as Article 129-B of the New York State Education Law. Consistent with these legal requirements, Iona College is committed to providing a campus environment free of sex/gender based discrimination and prohibits: (1) sexual harassment, (2) sexual exploitation, (3) sexual violence including sexual assault and other non-consensual sexual touching, (4) domestic violence, (5) dating violence, (6) stalking, and other gender- based misconduct, all described in this policy as “Sexual Misconduct.” Retaliation against anyone who reports an incident of Sexual Misconduct, brings forward a complaint or who in anyway participates in an inquiry or investigation of Sexual Misconduct is also strictly prohibited. Retaliation is also prohibited against those who in good faith and in a reasonable manner oppose an act or policy believed to constitute sex discrimination. Iona College is committed to dealing with sexual assault which is a crime of violence which is never acceptable and will not be tolerated in our community. It is the responsibility of the Title IX Coordinator and/or the Vice Provost for Student Life to make inquiries into reports of Sexual Misconduct on behalf of the College and to conduct formal investigations by the certified Title IX Investigator that is consistent with applicable procedures.

The College takes all allegations of Sexual Misconduct seriously and is committed to providing information and resources to the members of the Iona community so that together we can help prevent this conduct. The College will promptly respond to complaints, reports, allegations and information about sexual misconduct, that it is aware of or reasonably should have been aware of, with the intent of ending the prohibited conduct,
preventing its recurrence and reducing its effects on the campus. At the same time, the College affirms the right of the victim/survivor to have the right to decide whether they wish to be involved in any of the College’s processes related to Sexual Misconduct. Iona College is also committed to assisting victim/survivors or complainant of Sexual Misconduct through available support services. The College encourages those who choose to maintain confidentiality to access support services regarding Sexual Misconduct for psychological issues from the counseling center and/or seek medical attention from Health Services. **Note that the College is obligated to investigate all reports of sexual misconduct, harassment or assault as required by law to the extent possible based on the information available. The investigation will make every effort to maintain the confidentiality of the victim.**

Administrators, faculty and other responsible employees of the College are required by law to promptly report allegations of sexual harassment and other forms of sexual misconduct that they observe or learn about to the Title IX Coordinator, the Vice Provost for Student Life or their respective Deans. The College defines “other responsible employees” to include staff, both professional and student, with significant responsibility for students and campus activities including but not limited to student housing, discipline and campus safety and security. Employees whose positions legally require confidentiality (i.e., clergy and counseling staff are not responsible employees). If you have a question regarding your reporting responsibilities, please contact the Title IX Coordinator.

All other employees are strongly encouraged to report this conduct. Responsible employees (administrator, faculty, other, etc.) of the College who fail to promptly report allegations of sexual harassment and other forms of sexual misconduct that they either observe or learn about may be subject to disciplinary action. Iona College and the Title IX Coordinator are mandated to promptly respond and take appropriate action to any allegations of sexual harassment or other form of sexual misconduct brought to their
attention. Iona will consider the effects of off-campus conduct when evaluating whether there is a hostile environment on campus. Any person responsible for, or involved in, retaliation will be subject to disciplinary action by the College, up to and including expulsion or termination. Support services, consisting of interim measures, will be available for reporters and complainants of sexual misconduct during the course of a complaint or as a result of a College-initiated investigation. These interim measures are intended for the safety of the complainant and the campus community during the course of an investigation. Support services are available to a complainant even if the complainant chooses not to file or continue to pursue a complaint. Requests for interim measures can be made by or on behalf of the complainant to any College official, including the Vice Provost for Student Life, the Dean’s Office of each school or the Title IX Coordinator at twilmot@iona.edu or (914) 633-2067. The Title IX Coordinator is responsible for ensuring that the implementation of appropriate interim steps occurs and that the College’s response is coordinated with the appropriate offices on campus. Support services are also available to employees, visitors, third parties, community members through the Title IX Coordinator.

**Defining Sexual Misconduct:**
Sexual Misconduct encompasses unwelcome conduct of a sexual nature that is prohibited by Title IX and Iona College. The term Sexual Misconduct includes (but is not limited to) behavior often described as sexual harassment, sex/gender discrimination, sexual assault, rape, domestic violence, dating violence, and stalking. It is a violation of this Policy to commit these acts or to attempt to commit them, as well as a violation of applicable federal and state law (including Title IX). Sexual Misconduct may occur in any sex or gender configuration (i.e. between the opposite sex or the same sex) regardless of sex and gender identity.

Sexual Misconduct may vary in its severity and consists of a range of behaviors including, but not limited to, the following:
● Sexual Assault
  – Non-Consensual Sexual Contact/Activity

  – Forced Sexual Intercourse/Penetration (Rape)
● Sexual Exploitation
● Sexual Harassment
● Sex and/or Gender Discrimination
● Domestic Violence
● Dating Violence
● Stalking

**Sexual Assault** is the act of committing unwanted physical contact of a sexual nature, whether by an acquaintance or by a stranger. Such contact is unwanted when it occurs without the consent of one or both individuals, when one of the individuals is incapacitated or incapable of giving consent, or occurs with the use of force. An “acquaintance” can include close friends, intimate partners, family members, classmates, or can be someone you just met. Complainant/survivors and the accused can be of any sex/gender, sexual orientation and/or sexual identity. There are many degrees and forms of sexual assault including, but not limited to, the following:

**Non-Consensual Sexual Contact/Activity** is any intentional sexual touching; however slight; with any object; by a person upon another person; without consent or upon a person unable to consent. This includes but not limited to touching of an unwilling or non-consensual person’s intimate parts (such as genitalia, groin, breast, buttocks, mouth, and/or clothing covering them), touching an unwilling person with one’s own intimate parts; or making an unwilling person touch you or another; or any intentional bodily contact in a sexual manner.

**Sexual contact/activity with a person who is incapacitated (by use of drugs, alcohol, or any other means) or otherwise unable to consent (i.e. asleep,**
mentally impaired, etc.) is always considered non-consensual. See the definitions of consent and incapacity below for more information.

**Forced Sexual Contact/Activity** is any sexual touching committed against the will of another or by force however slight; with any object; by a person upon another person. This includes but not limited to using force to intentionally touch an unwilling person’s intimate parts (such as genitalia, groin, breast, buttocks, mouth, and/or clothing covering them); touch an unwilling person with one’s own intimate parts; or to make an unwilling person touch you or another; or any intentional bodily contact in a sexual manner.

This includes, but is not limited to penetration of a bodily opening or cavity without consent or subjecting an unwilling person to intercourse/penetration.

**Sexual intercourse/penetration with a person who is incapacitated (by use of drugs, alcohol or any other means) or otherwise unable to consent (i.e. asleep, mentally impaired, etc.) is always considered non-consensual. See the definitions of consent and incapacity below for more information.**

**Sexual Exploitation** occurs when a person takes non-consensual, unjust, or abusive sexual advantage of another, for their own advantage or benefit, or for the benefit or advantage of anyone other than the one being exploited and that behavior does not otherwise constitute non-consensual sexual contact/activity, non-consensual sexual intercourse/penetration, or sexual harassment. There can be many degrees and forms of Sexual Exploitation including, but not limited to photographing or taping someone (audio, video
or otherwise) involved in sexual activity, sexual intercourse/penetration, or in a state of undress, without their knowledge or offering drugs, alcohol or other substances to a person, with or without their knowledge, with the intent to impair their ability to withhold consent or their ability to knowingly consent to sexual activity or intercourse/penetration which actually takes place or not would be violations of this policy and constitute Sexual Exploitation.

**Sexual Harassment** is a form of sex discrimination that involves unwelcome conduct of a sexual nature. It can include unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature or conduct directed at a person because of his or her sex/gender when: such conduct is made an explicit or implicit condition of an individual’s academic status or employment; or refusing or submitting to such conduct is used as basis for academic or employment decisions; or Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance, i.e. it is sufficiently serious, pervasive, or persistent as to create an intimidating, hostile, humiliating, demeaning, or sexually offensive working, academic, residential, or social environment under both an objective (a reasonable person’s view) and subjective (the complainant’s view) standard. Please refer to the Policy on Harassment and Discrimination in the Student Handbook.

**Sex and/or Gender Discrimination** is the unfair or unequal treatment of an individual (or group) based on sex or gender which violates federal and state law (including Title IX). Iona College also prohibits discrimination based on sexual orientation, gender identity and/or gender expression. Iona is committed to providing an educational and work environment that is free from sex and/or gender discrimination. For more information on this type of Sexual Misconduct, please see Iona’s Non-Discrimination Policy.

**Dating Violence** means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship
Domestic Violence is intentionally violent or controlling behavior that includes asserted violent misdemeanor and felony offenses committed by the victim’s current or former spouse, current or former cohabitant, a person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence laws of New York State.

Stalking: would mean intentionally engaging in a course of conduct directed at a specific person that would cause a reasonable person to feel alarm, annoyance, emotional distress and/or fear.

- “Course of conduct” would be defined to mean two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
- “Reasonable person” would mean a reasonable person under similar circumstances and with similar identities to the victim.

Stalking and cyber stalking are behaviors prohibited by New York law.

Retaliation is an adverse or negative action taken against an individual for raising concerns about conduct which is prohibited by law or policy. Any member of the College community has the right to raise good faith concerns about or file a good faith complaint of sexual misconduct without fear of retaliation. It is unlawful and it is a violation of College policy to retaliate against an individual for filing a complaint of sexual harassment or for cooperating in a sexual harassment investigation. Retaliation against anyone who reports an incident of sexual misconduct, brings forward a complaint or who in any way participates in an inquiry or investigation of sexual harassment is strictly prohibited. Retaliation is also prohibited against
anyone who in good faith opposes, in a reasonable manner, an act or policy believed to constitute a violation of the Sexual Misconduct Policy. Any person who retaliates against an individual reporting sexual harassment, filing a sexual harassment complaint, or participating in a sexual harassment investigation is subject to disciplinary action up to and including expulsion or termination by the College.

**Definition of Affirmative Consent to Sexual Activity:** “Affirmative Consent” is a clear, unambiguous, knowing, informed, and voluntary agreement between all participants to engage in sexual activity. Consent is active, not passive. Silence or lack of resistance cannot be interpreted as consent. Seeking and having consent accepted is the responsibility of the person(s) initiating each specific sexual act regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent to any sexual act or prior consensual sexual activity between or with any party does not constitute consent to any other sexual act. The definition of Consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression. Consent may be initially given but withdrawn at any time. When consent is withdrawn or cannot be given, sexual activity must stop. Consent cannot be given when a person is incapacitated. Incapacitation occurs when an individual lacks the ability to fully and knowingly choose to participate in sexual activity. Incapacitation includes impairment due to drugs or alcohol (whether such use is voluntary or involuntary), the lack of consciousness or being asleep, being involuntarily restrained, if any of the parties are under that age of 17 or if an individual otherwise cannot consent. Consent cannot be given when it is the result of coercion, intimidation, force, or threat of harm.

**Alcohol and/or Drug use Amnesty in Sexual Violence Cases.** The health and safety of every student at Iona College is of the utmost importance. Iona College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time a sexual violence incident occurs may be hesitant to report such incidents due to fear of
potential consequences for their own conduct. Iona College strongly encourages students to report incidents of sexual violence to campus officials. A bystander reporting in good faith or a victim/survivor reporting a sexual violence incident to Iona College officials or law enforcement will not be subject to campus conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the sexual violence incident.

**Use of Alcohol or Drugs:** A person who has consumed alcohol and/or drugs still has a responsibility to obtain ongoing consent for any sexual activity with another person. The use of alcohol or other drugs by the person initiating sexual activity will never be accepted as an excuse for failing to obtain consent.

**Force** may never be used to make someone submit or to complete sexual activity. The use of force to cause someone to engage sexual activity is, by definition, non-consensual contact. The term “Force” includes the use of any of the following:
- Physical Force, Violence, the Presence of a Weapon includes but not limited to pushing or holding someone down
- Threats or Harassment includes but not limited to reveal a fact or false statement to encourage the person to submit to the sexual activity
- Intimidation, Abuse of Power or Authority, Implied Threats
- Coercion or Duress

**Incapacity** is a mental or physical state in which a person cannot make a rational, reasonable decision because they lack the ability to understand the consequences of their actions. Incapacity literally means the inability to fully understand what is happening. A person may also be incapacitated because they are unconscious or asleep. In all of these situations, a persons incapacitated and therefore unable to consent to sexual activity. It is a violation of the Sexual Misconduct Policy (and New York law) to engage in sexual activity with a person who is incapacitated, regardless of whether the person appeared to be a willing participant. If there is any question regarding
whether a person may be incapacitated, it is best not to engage in sexual activity with that person.

**Reporting Sexual Misconduct**

If you have experienced any of the behaviors that have been described in this Policy, the College encourages you to immediately seek help and support by reporting the conduct. Reporting Sexual Misconduct can be difficult, and victims/survivors (or witnesses) may experience a multitude of emotions when considering whether or not to report the conduct. The College encourages victims/survivors or witnesses to consider their personal safety and physical/emotional well-being. It is important for victims/survivors to maintain their health and safety. It is also important to report the conduct so that steps can be taken to safeguard the community.

If you have questions about the processes and procedures after filing a complaint, or if a complaint has been filed against you, please contact the Title IX Coordinator or the Vice Provost for Student Life.

Confidential emotional support services are available at the Counseling Center. Information revealed in counseling is private, and investigation of sexual misconduct incidents will not be initiated as a consequence of participating in counseling.

*Where complaints involve students and/or employees, the complaint process which applies to the accuser will normally determine the process.* Regardless of which process is used in an individual case, Campus Safety and Security and/or the Title IX Coordinator will maintain their investigative files (including policy related decisions, if any) for purposes of Title IX and other compliance related interests with confidentiality. Any and all documents retained at the conclusion of a formal or informal resolution of a complaint will be maintained by the College in a safe and confidential manner.
The student reporting these types of incidents will be advised that: “You have the right to make a report to Iona College Campus Safety and Security, New Rochelle Police, New York State Police, or you may choose not to report the incident. If you choose to report the incident to Iona College, every effort will be made to protect you from retaliation, and available resources and assistance will be offered by Iona College.”

Every student will also have emergency access to the Title IX Coordinator or other appropriate official trained in interviewing victims of sexual assault, preserving evidence, and providing sexual assault forensic examinations. These employees will explain their ability to maintain confidentiality. All reports of sexual assault, domestic violence, dating violence and stalking will be properly investigated and the reporters’ confidentiality maintained. The student will be provided support throughout the process of filing a report or initiating legal proceedings in family court or civil court and to withdraw a complaint or involvement from the college’s process at any time.

It is the responsibility of the College, not the parties to the complaint, to gather the relevant evidence relating to the complaint, report, allegation, information or incident of sexual harassment or sexual misconduct, to the extent reasonably possible. Multiple support resources and reporting options are provided by Iona and are outlined below. The College is not obligated to investigate incidents that are divulged at public awareness and advocacy events, although can use the information to inform its efforts for additional education and prevention efforts.

Victim/survivors and witnesses should be assured that the focus in matters of Sexual Misconduct is always on the reported behavior, not on whether someone was using alcohol or drugs at the time. Individuals are encouraged to come forward and report such conduct regardless of the surrounding circumstances. In situations involving allegations of Sexual Misconduct, Iona College will, to the extent allowed by applicable laws and College
policy, make the Sexual Misconduct allegation the primary focus of any investigation or disciplinary action, understanding that the College will be guided by the amnesty policy detailed above regarding any secondary conduct violations.

The College recognizes the importance of privacy and confidentiality in these matters and the Title IX Coordinator and Vice Provost for Student Life will uphold the privacy and confidentiality of all parties to the extent practicable. Some individuals filing complaints or involved in an investigation may want their identity to remain confidential. In some instances, the respondent can be spoken to without the complainant being identified. In other cases, issues of confidentiality must be balanced against the College’s need to investigate and take appropriate action. While discretion remains important, parties are not restricted from discussing and sharing information relating to their complaints with others who may support them or assist them in presenting their case.

Confidentiality exists regarding reporting domestic violence, dating violence, stalking or sexual assault when the report is made to a counselor in the counseling center, a nurse practitioner in Health Services or to the Chaplin in the Office of Mission and Ministry. All other employees of the College are mandatory reporters and required to advise the College of the particulars of the incident being reported. The Title IX Coordinator will weigh a request for confidentiality and will respond to the person making the request. When evaluating the request for confidentiality, the Title IX Coordinator will weigh the College’s obligation to provide a safe, non-discriminatory environment for all members of the community with the request of the reporter.

Once concerns of safety and personal well-being have been addressed, the College can offer additional support services to assist a victim/survivor (i.e. No-contact requests, academic schedule changes, housing changes, academic support). The College also offers a disciplinary process through
which such conduct can be addressed. Mediation will not be used as a means to address or resolve cases of sexual assault or other sex based violence and those who have reported/experienced sexual harassment will not be required to resolve the matter directly with the respondent or to confront respondents. A victim/survivor should also know that they may have options to bring criminal or civil actions against the perpetrator of the Sexual Misconduct. The Iona College Title IX Coordinator, Tracey Wilmot, twilmot@iona.edu or (914) 633-2067, can provide information regarding support resources and the available options for taking action.

**Immediate Reporting incident of Sexual Misconduct: Concern for Personal Safety, Physical and Emotional Well-Being.** If you have concerns regarding your safety, you should immediately contact the Iona College Campus Safety and Security Department and/or the New Rochelle Police Department.

- Campus Safety and Security: (914) 633-2560 (24-hour number)
- New Rochelle Police Department: 911 or (914) 654-2300

You can also contact Campus Safety and Security by activating one of the emergency blue light phones on campus.

Campus Safety and Security can help a victim/survivor with transportation to the hospital, safe housing on campus, connecting the victim/survivor to other campus resources, and obtaining a no-contact order from either the Vice Provost for Student Life or Director of Residential Life. Outside of business hours, Campus Safety and Security can contact a trained professional *counselor-on-call* who is available to provide immediate, confidential emotional support and assistance. Iona College has employees and security officers who have been trained to work with victims/survivors and complainants of Sexual Misconduct, and they can explain your rights and options.
It is important to note that reporting Sexual Misconduct to Campus Safety and Security or any other law enforcement does not require filing criminal charges. Should a victim/survivor wish to pursue criminal charges in a Sexual Misconduct case, Campus Safety and Security can assist in the investigation of the case.

Gathering of physical evidence can provide important evidence in support of criminal charges. Victim/survivors and complainants who may wish to pursue criminal action (or wish to keep that option available) should be aware of the importance of immediately reporting the incident so that physical evidence can be preserved at the scene, as well as on the person assaulted. However, victims/survivors and complainants should know that they can always report the incident days, weeks, months or even years after the misconduct occurred. Victims/survivors should understand that any delay in reporting could limit the amount of physical evidence available which could impact a criminal investigation and the final determination.

The College will conduct its own investigation and adjudication of a disciplinary complaint, regardless of whether the alleged Sexual Misconduct is also being pursued through the criminal justice system. The College will comply with law enforcement requests for cooperation. At times, that cooperation may require the College to temporarily suspend its fact-finding investigation while law enforcement gathers evidence. The College will promptly resume its fact-finding investigation as soon as it is notified that doing so would not impede any law enforcement activities. The College is required to issue a “timely warning” related to violations of the Clery Act that occur within relevant geography that represents a serious or continuing threat to students and employees, except where such a warning may compromise current law enforcement efforts or when the warning itself could potentially identify the reporting individual.

The College will be proactive and provide an ongoing educational campaign of training and awareness efforts to combat domestic violence, dating
violence, stalking and sexual assaults for all incoming first year students as well as transfer students. This shall include the definitions contacted in this section as well as the policies included. The manner in which it is provided should not disclose the identity of any victims.

If the College feels an investigation is required, they will seek consent from the reporting individual prior to conducting the investigation and will take necessary actions to protect and assist the reporting individual. Declining to consent to an investigation will be honored unless the College in good faith feels failure to investigate does not adequately mitigate a potential risk of harm to the reporting individual or to other members of the community. The College will consider factors such as previous history of violent behavior, repeat offender, escalation of unlawful conduct, increased risk of additional acts of violence, was a weapon or forced used, was the reporting individual a minor, are there other methods available to gain additional evidence and is there a pattern of perpetrations at a given location or by a group to warrant the investigation to continue.

**Physical Well-Being - need for Medical Services and Confidentiality**
Iona College Health Services - 760 North Avenue, (914) 633-2548
Health Service clinicians are trained to provide initial care for Sexual Misconduct victims/survivors during regular hours of operation. They can also make referrals for evidence collection and can provide HIV and other sexually transmitted disease testing and prevention free of charge.

**Emotional Well-Being - need for psychological Counseling Services - Confidential**
Iona College Counseling Center - Spellman Hall (second floor), (914) 633-2038
Confidential support services can be obtained at the Counseling Center, to help students understand, cope with, and recover from the effects of trauma. All contact with the Counseling Center is confidential and can be done regardless of whether an individual wishes to report the incident to police,
or to the College. Information revealed in counseling is not reported to the College, or to anyone, without the student’s explicit consent.

**College Support through the Code of Conduct**
Vice Provost for Student Life is located in the Office of Student Development in LaPenta Student Union and can help arrange for safe housing, no-contact orders, requests for schedule changes and provide academic support to students. They can also provide information about the judicial process related to Sexual Misconduct, should you wish to pursue disciplinary action. The Vice Provost for Student Life can also initiate disciplinary action independently under this policy should they determine that the Sexual Misconduct at issue poses a threat to campus safety.

**Community Resources**
Outside of Iona College, there are many local organizations that provide support services, educational programs, and other resources for victims/survivors. While these groups are not affiliated with the College, they are included here as they can provide valuable support for members of our community.

Accommodations for Students With Disabilities

The College provides students with disabilities a humane environment that simultaneously respects their rights and concerns and protects academic integrity and quality.

The College evaluates applications for admission without regard to learning or other disabilities. Students are not required to disclose information about learning or any other disabilities on their applications. Students with special needs may (but are not required to) discuss those needs with an admissions counselor. The College does not exclude otherwise qualified students with a disability from any course of study. Once admitted to the College, students with special needs who want to request a reasonable accommodation must contact one of the administrators described below and provide the College with documentation of a disability to arrange for appropriate services. Documentation should be current (less than two years old), clear and
specific, and based on a comprehensive series of tests or other recognized indicia of disability.

Iona College has two programs that provide services to students with disabilities: the Samuel Rudin Academic Resource Center (ARC) and the College Assistance Program (CAP). Both encourage an interactive, problem-solving approach in identifying and providing reasonable accommodations for those students with a demonstrated need.

The **Samuel Rudin Academic Resource Center (ARC)**, in conformity with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, and the Americans with Disabilities Act Amendments Act of 2008, provides reasonable accommodations for students with documented disabilities. The center, located on the ground floor of Amend Hall, arranges for such broadly accepted accommodations as extended test taking time, alternative format texts and class materials, readers and scribes. Students requiring alternative formats for required texts are advised to make their initial request to Learning Ally (formerly Recordings for the Blind and Dyslexic) at (www.learningally.org). Texts not available through that service will be provided by the Samuel Rudin ARC. All services provided by the Samuel Rudin ARC are free of charge.

The **College Assistance Program (CAP)** is a fee-based program for students with documented learning disabilities and attention deficit disorders. Please see the current tuition and fee schedule available in the CAP office in Amend 204 and in the Office of Student Financial Services (Second Floor, McSpedon Hall). Students are considered for the program after admission to the College. CAP provides services above and beyond the legal requirements. CAP has a full-time director who provides supplementary academic advisement, a part-time counselor, a staff of professionals who tutor each student for at least two-hours per week and who lead study groups and conduct study skills workshops, and computer
systems. The program emphasizes broadly applicable strategies that cross academic disciplines.

To request an accommodation, the student must:
1. submit documentation supporting the request to either the Director of Academic Support or the Director of the College Assistance Program;
2. if the request is approved, the student must inform the faculty member of the request at least two weeks before the request will be needed; and
3. if the request is not approved or if the accommodation provided is not effective, the student may enter into the grievance procedure described below.

For additional information and requirements for either program, or to request a reasonable accommodation, please contact:

Grievance Procedures:
Students who have requested an accommodation and who are either refused that accommodation or who find that the accommodation provided is not effective may enter into a grievance procedure.

A. The student must:
   1. formally request a specific accommodation using the “Request for Accommodation” form; and
   2. within thirty (30) days of being informed that the accommodation has been denied or upon realizing that the accommodation is not effective file a formal grievance to the Director of Academic Support.

B. Within ten working days of receiving a formal grievance, the Director of Academic Support:
   1. will convene a committee of at least three professionals with backgrounds in disabilities;
   2. schedule a time for the student to provide the committee with evidence to support his or her grievance; and
   3. provide the student with a written decision within five working days after the committee reaches a decision.

If the committee does not rule on the student’s behalf, the student may appeal to the Dean of the school offering the course in question, who will review all relevant materials and render a written judgment within two weeks of the appeal. If the student finds that judgment unsatisfactory, the student may appeal to the Provost/Senior Vice President for Academic Affairs, who will review all materials and render a written judgment within ten working days of the appeal. The decision of the Provost is final.

**Student Participation in Established Religious Observances:**
It is the policy of Iona College that students should not experience adverse or prejudicial effects as a result of their religious beliefs or practices. If a
student notifies an instructor in writing within fifteen (15) days of the beginning of a semester that the student will be absent from class on a particular day or days due to participation in an established religious observance, there will be no penalty for absence. If an examination or other course requirement is missed, an opportunity will be provided to satisfy the requirement.

**Immigration and Nationality Act (RL. 87-195):**
This school is authorized under federal law to enroll non-immigrant alien students.

**Student Consumer Information Requirements:**
In compliance with both federal and state law, Iona College makes available to students and prospective students information about instructional programs, costs of attending the institution, financial assistance available to students, refund policy, qualifications of faculty, graduation rates, and placement of graduates. The vice provost for Student Life is available to assist students in obtaining information specified in the Regulations (Part 53) of the Commissioner of Education. This information is available to prospective students through the director of Undergraduate Admissions and on the Iona College website.

**Policy on Harassment and Discrimination**

It is the policy of Iona College that no member of the College community shall engage in harassment and/or discrimination. The College will not tolerate behavior between or among members of the College community that creates an unacceptable working, educational, or social environment.

Harassment and discrimination are unacceptable because they interfere not only with an individual’s educational or work performance, but also with a person’s sense of dignity and well-being in the community. Sexual harassment is also covered in this definition. What constitutes harassment or
discrimination will vary with the particular circumstances. Either type of activity may be described generally as verbal, physical, written, or other conduct that denigrates or shows hostility or aversion to an individual on the basis of gender, race, color, religion, age, national origin, ethnicity, veteran status, sexual orientation, gender identity, marital status, disability or any basis prohibited by law when, from the standpoint of a reasonable person, such conduct is unwelcome and substantially interferes with an individual’s work or school performance, creating an intimidating, hostile, or offensive working or learning environment even if the person engaging in the conduct does not intend to interfere, intimidate, or be hostile or offensive. In addition, the conduct must be sufficiently severe, persistent, or pervasive in that it creates a hostile or abusive educational or working environment.

It is important to note that a one-time incident may rise to the level of harassment if such conduct is sufficiently severe.

The Ombudsperson, Dr. Michael Jordan can be reached via phone at (914) 633-2206, email at mjordan@iona.edu or in person in the Office of the Provost on the first floor of McSpedon Hall. In the event that the Complainant or Respondent under this policy is the Ombudsperson, Michael Jordan, then the Complainant should contact Mr. Rick Palladino, Director of Libraries at (914) 633-2351, email at rpalladino@iona.edu or in person at Ryan Library. This policy is available on the Iona College website, any such amendment or supplement to this policy will be available on www.iona.edu.

Division I. Harassment and Discrimination

Section 1. Rationale:

a) Iona College complies with applicable provisions of state and federal law that prohibit discrimination in employment, in admission or access to its educational or extracurricular programs, activities, or facilities, on the basis of race, color, ethnicity, national origin, religion, sex, sexual orientation, gender identity, age, marital status, service in the armed
forces of the United States, or against qualified individuals with disabilities on the basis of disability.

b) Harassment and discrimination will not be tolerated by Iona College. Such behavior subverts the mission of the College and threatens the careers, educational experience, and well-being of students, faculty, administrators, and staff. In both obvious and subtle ways, harassment and discrimination are destructive to individual students, faculty, administrators, staff, and the academic community as a whole. When through fear of reprisal, a student, staff member, administrator, or faculty member is subject to harassment or discrimination, the College’s ability to carry out its mission is undermined. In addition, many forms of harassment have been recognized as violations of the civil rights laws by the federal courts, by the US Equal Employment Opportunity Commission, by the New York State Division of Human Rights, and by the US Department of Education.

c) Harassment and discrimination are especially serious when they threaten relationships between teacher and student or supervisor and subordinate. In such situations, harassment and discrimination unfairly exploit the power inherent in a faculty member’s or supervisor’s position. Through grades or recommendations for graduate work, wage increases or promotions and the like, a teacher or supervisor can have a decisive influence on a student’s, staff member’s, administrator’s, or faculty member’s career at the College and beyond.

d) While harassment and discrimination most often take place in situations where there is a power differential between the persons involved, the College also recognizes that harassment and discrimination may occur between persons of the same status.

Section 2. Examples of Harassment and Discrimination
Discrimination may be related to an employee’s employment, hiring separation from employment, training or failure to train, including, but not limited to any claims for salary, bonuses, severance pay, vacation pay or any benefits under the Employee Retirement Income Security Act (ERISA). Sexual or other harassment or discrimination may be based on race, color, national origin, ancestry, pregnancy, religion, marital status, gender, sexual orientation, gender identity, citizenship status, medication condition or disability (as defined by the Americans with Disabilities Act, or any other state or local laws), age, or any other unlawful discrimination (under the Age discrimination in Employment Act as amended by the Older Workers Benefit Protection Act of 1990, Title VII of the Civil Rights Act of 1964, as amended or any other federal state, or local laws), or retaliation for any claim of discrimination.

Case law provides many examples of discrimination. All, however, can be summarized in the following manner: Disparate treatment resulting in discrimination occurs when an employer treats some individuals less favorably than other, similarly situated individuals because of their race, color, religion, sex, ancestry, pregnancy, marital status national origin, sexual orientation or gender identity. Thus, a Hispanic professor who has better credentials than a non-Hispanic professor, but was denied tenure while the non-Hispanic professor was granted tenure, will have a discrimination claim.

Examples of the verbal or physical conduct prohibited by Section 2 above include, but are not limited to:

a) Physical assault or battery;
b) A pattern of conduct (not legitimately related to the subject matter of a course if one is involved) which causes discomfort or humiliation or both, that includes one or more of the following: i) comments of a harassing or discriminatory nature or ii) explicit harassing or discriminatory statements, questions, jokes, or anecdotes, include the
displaying or distribution of jokes and/or sexually explicit pictures via email;
c) A pattern of harassing or discriminatory conduct which causes discomfort or humiliation, or both, to a reasonable person at whom the conduct was directed.

Division II. Implementation and Educational Programs

Section 1. Education as a key element of the College policy.
Educational efforts are essential to the establishment of a campus milieu that is as free as possible of harassment and discrimination and in which high standards of conduct are observed. There are at least four goals to be achieved through education about discrimination and harassment:
1. Ensuring that all victims (and potential victims) are aware of their rights;
2. Notifying individuals of conduct that is proscribed;
3. Informing all members of the College community about the proper way to respond to complaints about violations of this policy; and
4. Helping to educate all members of the College community about the problems this policy addresses.

Section 2. Preparation and Dissemination of Information
The College shall distribute copies of this policy to all current and future members of the College community. A copy of the harassment and discrimination policy will be included in student orientation materials. In addition, copies of that policy will be made continuously available at appropriate campus locations and on the College Web site.

The Ombudsperson is charged with overseeing and reviewing content for training sessions.

The College Provost has responsibility for providing training sessions for persons who are likely to receive complaints that this policy has been violated, including, but not being limited to, resident advisors, academic
advisors, college deans, and administrative personnel. Faculty and staff are expected to attend training within one year of being hired and to attend refresher sessions with each five-year interval of employment, based on hire date. The training can be in person or online. Records of training will be maintained by the Provost’s Office.

Section 2. Filing a Complaint

a. ELIGIBILITY FOR FILING: Any student or employee of the College may file a harassment and discrimination complaint under this procedure.

b. PRECOMPLAINT MEETINGS: Normally a person considering whether to bring a harassment and discrimination charge will contact the Ombudsperson to discuss the matter. However, it is possible that the potential complainant might first consult with some other appropriate person on campus (including, but not limited to, a faculty member, academic advisor, dean, administrative supervisor, campus minister, counselor, or residence hall advisor). Nothing in this Policy requires a Complainant to contact the Respondent before making a complaint.
c. REFERRAL TO OMBUDSPERSON: It is the responsibility of the person consulted about a harassment and discrimination charge to refer the potential complainant to the Ombudsperson.

d. INITIAL MEETING WITH THE OMBUDSPERSON: At the first meeting between the complainant and the Ombudsperson, the Ombudsperson will:
   1. Inform the complainant of the options within the College and outside of the College for pursuing a harassment and discrimination charge.
   2. Give the complainant a copy of the Iona College Harassment and Discrimination Policy and Procedures.
   3. A written record will be made for the Ombudsperson’s file of the complaint, which will be started upon notification of a potential complaint.

e. INTERNAL OPTIONS AVAILABLE TO THE COMPLAINANT: The complainant is not required to decide on a course of action at the initial meeting with the Ombudsperson. However, the complainant must eventually decide to:
   1. Discontinue participating in the internal process;
   2. File an informal complaint with the Ombudsperson and request an informal mediation; or
   3. File a formal complaint with the Ombudsperson and request a formal hearing.

f. COMPLAINT FORMS: Informal and formal complaint forms will be available from the Ombudsperson. The complaint forms should include the name and home or school address of the complainant and the respondent, the nature and date of the alleged act of harassment and discrimination, and the signature of the complainant. The complaint may also include the remedy sought by the complainant.
g. TIME LIMIT FOR FILING A COMPLAINT: The complainant must file an informal or formal complaint with the Ombudsperson within 180 actual days of the occurrence of the alleged act of harassment and discrimination by the accused. If the complainant initially files an informal complaint within the above time limit and the mediation of that complaint is unsuccessful, the complainant may then file a formal complaint. The subsequent filing of the formal complaint will be deemed to be timely (even if it is submitted to the Ombudsperson after the 180 day time limit has expired) so long as the other requirements herein have been satisfied.

Section 3. Processing an Informal Complaint

a. NOTIFICATION OF THE RESPONDENT: Within one week of the filing of an informal complaint with the Ombudsperson, the Ombudsperson will contact the respondent in order to:
   1. Give the respondent a copy of the informal complaint that has been filed by the complainant and
   2. Give the respondent a copy of the Iona College Harassment and Discrimination Policy and Procedures.
   3. A written record will be made for the Ombudsperson’s file.

b. INFORMAL RESPONSE TO AN INFORMAL COMPLAINT: The respondent will have one week to file a written response to the informal complaint with the Ombudsperson. The response should indicate the respondent’s willingness or unwillingness to participate in an informal mediation process. A copy of the response will be given to the complainant by the Ombudsperson.

c. WILLINGNESS OF RESPONDENT TO PARTICIPATE IN AN INFORMAL MEDIATION PROCESS: If the Ombudsperson receives a written response from the respondent indicating that the respondent will participate in the informal mediation process, the Ombudsperson will have one week to convene the informal mediation.
d. INFORMAL MEDIATION PROCESS: In many instances, an informal mediation process can be useful in resolving perceived and actual instances of harassment and discrimination or unprofessional conduct. Problems are sometimes easier to resolve when an informal atmosphere encourages people to identify the difficulty, talk it out, and agree on how to deal with it. Consequently, the Ombudsperson is encouraged to be flexible in arranging an informal mediation process which will best meet the needs of each individual case. In some instances, the Ombudsperson may find it appropriate to meet with the complainant and respondent separately, together, or in the presence of some other appropriate member of the College community. The informal mediation process may continue for as long as the Ombudsperson, complainant, and respondent are willing. No informal resolution may be imposed on either the complainant or the respondent without both parties consenting to the resolution.

e. RESOLUTION OF COMPLAINT AS A RESULT OF INFORMAL MEDIATION: If the informal mediation results in a resolution agreed to by the complainant and the respondent, the Ombudsperson will prepare a memorandum indicating the terms of the resolution and the need, if any, for follow up by the Ombudsperson. The complainant and the respondent must meet with the Ombudsperson within one week of the close of the informal mediation process in order to sign the memorandum. The complainant and respondent will each receive a copy of the memorandum. The original will be retained in the Ombudsperson’s permanent file.

f. FAILURE TO ACHIEVE MUTUAL AGREEMENT TO A RESOLUTION OF A COMPLAINT AS A RESULT OF INFORMAL MEDIATION: If the informal mediation fails to produce a resolution mutually agreed to by the complainant and the respondent, the Ombudsperson will prepare a memorandum indicating that the informal
mediation was not successful and send copies by certified mail (return receipt requested) to the complainant and the respondent. The complainant and the respondent must meet (either together or individually) with the Ombudsperson within one week of receipt of the copies of that memorandum in order to sign the original memorandum confirming that mediation was not possible. The original memorandum with the signatures of the Ombudsperson, complainant, and respondent will be retained in the Ombudsperson’s permanent file.

g. UNWILLINGNESS OF RESPONDENT TO PARTICIPATE IN AN INFORMAL MEDIATION PROCESS: If the Ombudsperson does not receive an informal response from the respondent or receives an informal response indicating that the respondent is unwilling to participate in the informal mediation process, the Ombudsperson will immediately send letters by certified mail (return receipt requested) to the complainant and the respondent informing them that there will be no informal mediation. The letter will also indicate that the complainant has one week upon receipt of the certified letter to:

1. Inform the Ombudsperson whether they intend to continue participating in the College process;
2. File a written formal complaint with the Ombudsperson and request a formal hearing. (This will be allowed even if the 180 actual day time limit had expired before the unsuccessful mediation process was completed); or
3. Inform the Ombudsperson whether they intend to reserve the right to file a written formal complaint. (This will only be allowed if a subsequent formal complaint is filed with the Ombudsperson within 180 days of the alleged harassment and discrimination by the complainant.)

Section 4. Processing a Formal Complaint

a. FILING OF A FORMAL COMPLAINT: The formal complaint must be filed by the complainant with the Ombudsperson. If the complainant had
filed an informal complaint against the respondent which was not resolved, the complainant may file the same, or an amended, statement of allegations in the formal complaint.

b. NOTIFICATION OF THE RESPONDENT: The Ombudsperson, upon the timely receipt of a formal complaint and request for a formal hearing by the complainant, will send a copy of that complaint by certified mail (return receipt requested) to the respondent. If the complainant had not previously filed an informal complaint regarding this same allegation of harassment and discrimination against the respondent, the Ombudsperson will send the respondent a copy of the Iona College Harassment and Discrimination Policy and Procedure. The Ombudsperson will also be available to meet with the respondent to discuss the complaint and the College’s policy and procedure.

c. RESPONSE TO FORMAL COMPLAINT: The respondent will have one week upon receipt of the formal complaint to file a written response with the Ombudsperson. The response should include a confirmation or denial of the allegations in the complaint; an indication of the extent to which the complaint has merit; and an acceptance or rejection of any remedy sought by the complainant. Upon receipt of the response, the Ombudsperson will send a copy of the response to the complainant by certified mail (return receipt requested).

d. FAILURE TO RESPOND TO FORMAL COMPLAINT: The failure of the respondent to respond to a formal complaint will not result in the termination of the formal hearing process.

e. SUSPENSION OF FORMAL HEARING PROCESS: The College may suspend the formal hearing process if there is any pending civil and/or criminal litigation in a related matter involving the parties.
f. FORMATION AND CONSTITUTION OF A HEARING BOARD: Upon receipt of a formal complaint and request for a formal hearing by a complainant, the Ombudsperson will immediately contact the chairperson of the Harassment and Discrimination Committee to arrange for the calling together of a hearing board. The hearing board will be chosen by the chairperson of the Harassment and Discrimination Committee from among the members of the Harassment and Discrimination Committee and a rotating pool of 48 members of the College community. The Ombudsperson will arrange for each member of the pool to participate in at least one annual training session in the law of Harassment and Discrimination and the Iona College Harassment and Discrimination Policy and Procedure.

The hearing board pool shall consist of 12 faculty members, 12 administrators, 12 staff members, and 12 students. The provost shall make appointments to the pool based on nominations of faculty and students by the academic deans and of administrators and staff members by the administrative officers. In each instance, an attempt should be made to gender balance the appointments.

The hearing board for a specific case will consist of five members:
- 1 member of the Harassment and Discrimination Committee who will serve as the chairperson
- 1 member of the pool who is a peer of the complainant
- 1 member of the pool who is a peer of the respondent
- 2 members of the pool who are neither peers of the complainant nor peers of the respondent

The hearing board should not consist of more than three members of the same sex.

Students may only be selected to serve on hearing boards in which the complainant or the respondent is a student. The Ombudsperson and the
chairperson of the Harassment and Discrimination Committee may not serve on a hearing board.

The chairperson of the Harassment and Discrimination Committee will exclude from the hearing board any member of the pool who is not impartial with regard to the parties to a particular hearing or who has specific knowledge of the case in question.

g. SCHEDULING OF HEARING: The Ombudsperson shall set the date for the formal hearing to be held no more than three weeks after the Ombudsperson’s receipt of the complainant’s formal complaint. It is the responsibility of the Ombudsperson to notify the complainant and respondent as to the time and place of the formal hearing.

h. WITNESS LISTS: Two working days prior to the hearing, the complainant and the respondent will provide the Ombudsperson with a list of the witnesses who will be called to testify at the hearing. The Ombudsperson will immediately make each list available to the other party. Subsequent amendments to the witness lists will only be allowed at the discretion of the chairperson of the hearing board.

i. DOCUMENTS AVAILABLE TO HEARING BOARD: Prior to commencement of the formal hearing, each member of the hearing board will be provided with a copy of the formal complaint, the formal response, and the witness lists.

j. PERSONS PRESENT AT THE FORMAL HEARING: The formal hearing will be closed to the public. The people who may be present at the hearing are: the complainant, the respondent, the members of the formal hearing board, the stenographer, and the witnesses called by the complainant, the respondent, and the formal hearing board. Each witness will be allowed to be present in the hearing room only while they are giving testimony. In addition, the complainant and the respondent may
each have present at the hearing one other person (who may act as an advisor but who will not be allowed to actively participate in the hearing.)

All persons who attend the hearing will be instructed by the chairperson of the hearing board as to the importance of confidentiality.

k. PROCEDURES GOVERNING THE CONDUCT OF THE FORMAL HEARING: The specific details for the conduct of a particular formal hearing shall be made by the hearing board. However, the formal hearing must be conducted as expeditiously and fairly as possible. In addition, each hearing must comply with the following requirements:

1. RECORD OF THE PROCEEDING: A stenographic transcript will be made to provide a permanent record of the proceeding.
2. OPENING STATEMENTS: The formal hearing will begin with an opening statement by the chairperson of the hearing board. The complainant and the respondent will then have the opportunity to make opening statements.
3. WITNESSES: The complainant, respondent, and hearing board will have the right to call such witnesses as they deem necessary to develop the facts pertinent to the case.
4. QUESTIONING OF WITNESSES: Formal rules of evidence shall not be applied at the formal hearing. The complainant, respondent, and the members of the hearing board will have the right to ask questions of any person participating in the hearing.
5. CLOSING STATEMENTS: After all witnesses have been fully questioned, the complainant and then the respondent will have the opportunity to make closing statements.
6. BURDEN OF PROOF: The complainant has the burden of proving his or her complaint by the preponderance of the evidence.
7. ISSUES AND OBJECTIONS ARISING DURING THE FORMAL HEARING: All decisions as to any issues and objections arising during the formal hearing, including, but not limited to, whether a
potential witness may testify, whether certain documents and other real evidence are admissible, and whether certain questions are appropriate shall be made by the chairperson of the hearing board after consultation with the other members of the hearing board.

l. DETERMINATION BY HEARING BOARD: The hearing board will begin its deliberations in private after the closing statements have been made. The determination that harassment and discrimination have occurred will be made if four of the five hearing board so find. A written statement of the determination and a copy of the stenographic record of the hearing will be given to the president of the College (or the president’s designee) within one week of the end of the formal hearing. Any member of the hearing board may write a supporting or dissenting position letter which will accompany the majority determination.

m. FINAL DECISION AND CORRECTIVE ACTION: The president of the College (or the president’s designee) will have two weeks to review the stenographic record and the determination of the hearing board and to issue a final decision which will include any corrective action which will be taken by the College.

n. NOTIFICATION AND RECORD KEEPING: The president of the College (or the president’s designee) will send copies of the hearing board’s determination and the president’s final decision by certified mail (return receipt requested) to the complainant and the respondent. Additional copies will be given to the Ombudsperson and the appropriate dean or administrator for the complainant and the respondent and will become part of the permanent files of the complainant, the respondent, and the Ombudsperson.

Section 5. Processing an Appeal

a. RIGHT OF APPEAL: If the complainant or respondent is dissatisfied with the determination of the hearing board, they may appeal that
determination to the Appeals Board. Such an appeal must be made in writing to the Ombudsperson within one week of the receipt of the certified letter containing the determination of the hearing board and final decision of the president. The appeal must briefly state the basis for the dissatisfaction. The appeal process may not be used to reconsider the facts but only to determine if there has been a prejudicial error in applying the Iona College Harassment and Discrimination Policy and Procedure at the formal hearing.

b. NOTIFICATION TO PARTY NOT FILING AN APPEAL: Upon the timely receipt of the appeal request, the Ombudsperson will send a copy of the appeal request to the other party. Upon receipt of that notification, that party will then have one week to file a written reply with the Ombudsperson.

c. FORMATION AND CONSTITUTION OF APPEALS BOARD: The appeals board will consist of one member of the Harassment and Discrimination Committee (who will serve as the chairperson of the Appeals Board) and two members of the trained pool (described in IV (f) above) who will be selected by the chairperson of the Harassment and Discrimination Committee. The appeals board will consist of one peer of the complainant, one peer of the respondent, and one person who is neither a peer of the complainant nor a peer of the respondent. The appeals board should have no more than two members of the same sex. Members of the appeals board may not have served on the formal hearing board.

d. PROCEDURES GOVERNING CONDUCT OF THE APPEALS PROCESS:
   1. INFORMATION SUPPLIED TO APPEALS BOARD: The Ombudsperson will supply the appeals board with copies of the complaint, the response, the stenographic recording of the hearing, the determination of the board, the final decision of the president,
the appeal, and the reply. No new evidence may be introduced during the appeals process.

2. TIME AND MANNER OF THE APPEALS HEARING: The Ombudsperson will arrange for the appeals board to conduct the appeals hearing within one week of the deadline for filing the reply. The appeals board will then consider the materials submitted by the Ombudsperson.

e. DECISION OF THE APPEALS BOARD: The decision of the appeals board will be submitted in writing to the president of the College (or the president’s designee) and the Ombudsperson within one week of the end of the appeals hearing. If the appeals board determines that there was no prejudicial error, it will affirm the hearing board’s determination. However, if the appeals board determines that there had been a prejudicial error committed by the hearing board, the appeals board will remand the case to the Ombudsperson for a new hearing. If the case is remanded, a new hearing board will be formed and scheduled to hear evidence, in accordance with the requirements contained in Section IV, within one week of the receipt of the decision of the appeals board by the Ombudsperson.

f. NOTIFICATION OF THE DECISION OF THE APPEALS BOARD: The president of the College will send a copy of the decision of the appeals board by certified mail (return receipt requested) to the complainant and the respondent. Copies of the decision will also be sent to all parties who received copies of the determination of the hearing board in order to be placed in the permanent files of the complainant, the respondent, and the Ombudsperson.

g. FINALITY OF DECISION OF APPEALS BOARD: The decision of the appeals board will constitute the final determination as to whether the formal hearing was conducted with prejudicial error.
Section 6. General Provisions

a. WAIVER OF TIME REQUIREMENTS: The waiver of time requirements throughout this process may be made at the sole discretion of the Ombudsperson in those instances where the Ombudsperson has concluded that to follow the time requirements would be impossible or would result in unfairness. The Ombudsperson may also waive the time requirements in those instances where the complainant and the respondent mutually consent to the waiver.

b. PROHIBITION OF RETALIATION: No person shall be subject to discharge, suspension, discipline, harassment, or any form of discrimination for having utilized or assisted others in the utilization of this harassment and discrimination complaint process.

c. AVAILABILITY OF OTHER PROCEDURES: This Harassment and Discrimination Procedure is primarily designed to handle personal harassment and discrimination complaints initiated by individual members of the College against other members of the College. This procedure does not preclude the College itself from initiating actions under other appropriate procedures.

Bias Incident Response Protocol

I. Introduction and Mission Statement of the Bias Incident Response (BIR) Protocol

Iona College values a community where all members feel welcomed, included, and supported. Iona College established a Bias Incident Response Protocol to ensure that all members of our community, students or employees, affected by an encounter with a bias incident have the necessary support as well as information related to available appropriate resources as soon as possible.
Iona College values the inherent dignity of each member of the Iona community, which is enriched by our diversity and sustained by civility and mutual respect. Grounded in the Iona Mission, the legacy of Blessed Edmund Rice and the Christian Brothers, the Bias Incident Response Protocol was created to advance an educational, working, and living environment free from discrimination, harassment, intolerance, and hate.

The BIR Protocol may be enacted to ensure that affected students and others have access to appropriate resources, assist departments and individuals in response, and to facilitate a coordinated campus response to bias-related incidents and situations that may impact campus climate.

**II. Why is Bias Incident Response Protocol needed?**

Some actions may violate the Code of Conduct and will be addressed through the college judicial process. Even when this occurs there may be circumstances where individuals involved will also be referred to the supportive resources enacted by the BIR protocol. Some actions and situations may not violate law or policy but, nonetheless, fail to support our vision of a community of respect, openness, understanding, and civility. This protocol not only provides assistance and support to individuals filing a report, it works with the appropriate offices to keep records of bias incidents when directed, and to recommend that members of the community have appropriate access to information related to these incidents. The members of the Bias Incident Response Team also serve as liaisons to members of the community who may not know where or how to seek appropriate resources.
III. What does the Bias Incident Response Protocol and Team do?

The purpose of the Bias Incident Response protocol is to promote an appreciation for diversity through understanding, respect, civility, and education. Individuals in the response pool will be assigned cases as individuals or small groups by the Vice Provost for Student Life or their designee. These groups will be called Bias Incident Response Teams (BIRTS). BIRTs will respond through enacting the below protocols as directed by the Vice Provost of Student Life or their designee.

The Bias Incident Response Team pool may consist of, but is not limited to, individuals who serve as members of Iona College Harassment and Discrimination pool, the Student Life Diversity Committee, the College Council Committee on Diversity, and/or members of campus student groups, administrative or academic offices. Their purpose is to:

a. Educate the Iona College community about the protocol for reporting bias incidents and the purpose of the Bias Incident Response protocol.

b. Assist students and employees who report bias incidents. This will be done by prompt outreach, listening to their account of their experiences, discussion and referral to resources, and available options of addressing the incident.

c. Support individuals impacted by bias incidents and/or hate crimes, especially those who have been directly involved including any identified groups that may have been affected.

d. Assist the VPSL and the college in the coordinated campus response to bias incidents or hate crimes that threaten or
potentially threaten the wellbeing of our students or the campus community.

e. Recommend the dissemination of accurate information to the affected person(s) and the campus community, as necessary.

f. Assist in record keeping of the incident and follow-up action steps.

g. Recommend and/or plan various community advocacy, educational, and awareness programming and actions that are both preventative and responsive.

h. Work closely with the appropriate administrators, committees, organizations, and departments to help foster an inclusive and supporting campus climate for all members of the Iona community. This includes but is not limited to collaboration with and support of the College Council Diversity Committee, the Student Life Diversity Committee, the Student Government Association, and the Student Leadership Alliance for Multiculturalism.

IV. What the Bias Incident Response team does not do:

a. We do not work parallel to or isolated from the official disciplinary, reporting, and related response protocols of the college.
b. We are not a judicial or disciplinary body. We do not decide responsibility, guilt or innocence and are not part of the disciplinary process.
c. We are not an investigative team. We take reports about bias incidents and we discuss options for moving forward.
d. We are not a crisis response team. If a situation is immediately threatening, the first response is the New Rochelle Police department and the Office of Safety and Security. If the
situation involves a bias incident, a bias incident report can be submitted at a later time.

V. How is privacy protected?

Every effort will be made to treat reporters as confidential if requested, but reports are not anonymous. We recognize that at times sensitive or personal information will come to our attention. It will be handled with discretion and respect. This will be balanced with the determination at times that the college community may need to be made aware that an incident has occurred, and what steps have been taken to address it. Options for confidential consultations are available with the appropriate members of the clergy while acting in their official capacity as well as members of the Iona College Counseling Center staff.

VI. Definitions and Determining What to Report

Bias Incident:

A Bias Incident is conduct or behavior—verbal, nonverbal, written or physical—which is threatening, harassing, intimidating, discriminatory, or hostile and is personally directed against or targets and individual or group based on perceived or actual characteristics including but not limited to race, color, religious belief, sex, marital status, sexual orientation, gender identity or expression, national or ethnic origin, disability, veteran status, socioeconomic or age. Behavior reflecting bias may constitute a violation of Iona College Code of Conduct.
Hate Crime:

Federal and state statutes on hate crime vary in terms of the acts and categories of bias that are covered. Under New York State Law, a hate crime is committed when a person commits a specified offense and (1) either intentionally selects the person against whom the offense is committed or intended to be committed, or (2) intentionally commits the act or acts because of a belief or perception of the person’s or group’s race, color, national origin, ancestry, sex, religion, religious practice, age, disability, or sexual orientation, regardless of whether the belief or perception is correct. When a person is convicted of a hate crime pursuant to Article 485 of New York State Hate Crimes Act of 2000, the law provides for the level of a hate crime to be deemed one category higher than the specified offense, when that specified offense is a misdemeanor or a class C, D or E felony. When the specified offense is a class B or A-1 felony, the term of sentence is enhanced.

**Note:**

*All hate crimes are bias incidents, but not all bias incidents are hate crimes.*

*BIR reports may enact BIR protocols in addition to Code of Conduct, Title IX, and/or other related procedures as determined by the VPSL or their designee.*

What are the criteria for selecting what to report?

When a report is received, the content is reviewed by the VPSL or their designee to determine if factors of race, color, religious belief, sex, marital status, sexual orientation, gender identity or expression, national or ethnic origin, disability, veteran status, or
age are present and if there is evidence or information pointing to possible bias.
The impact of a behavior and spoken or written expression on individuals, groups or the campus community that may not reach the level of a bias incident, but has an impact or potential impact on campus climate is also considered. Iona College protects an individual’s right to free speech and open expression. However, free speech does not justify discrimination, harassment or speech that may be biased or hateful.
When recommendations of notifications to the community are made, information such as general descriptions and location of the incident when relevant may be shared. Specific Attempts will be made not to report personal identifying information to the broader community.

VII. Reporting a Bias Incident or Hate Crime

Students, faculty, and staff may report a Bias related incident directly to the Department of Campus Safety and Security, Office of Residential Life, Vice Provost for Student Life. There are multiple points of entry to report an incident and students can report through whichever appropriate pathway they are comfortable doing so.

For record keeping purposes, all reports of an alleged bias related incident should be documented in writing via the appropriate electronic mechanism at some point in the process regardless where they were first reported. The following information should be included:

- Detailed account of incident, date, time, and location
- Relate to the best of your ability the specific content of the words, gestures, or other behavior
- Identify the alleged perpetrator, if known to you and/or provide a detailed description
- List all witnesses and contact information
- Attach or upload written information (such as e-mails or images).

VIII. **What happens when I report?**

1) All reports will come to the Vice Provost of Student Life and or their designee. A prompt determination of appropriate response will be made and initiated.

2) The reporter will receive timely confirmation of the report.

3) The VPSL or their designee will assign an individual or Bias Incident Response Team (BIRT) if appropriate.

The BIRT will be comprised of members of the response pool. The Bias Incident Response Team pool may consist of, but is not limited to, individuals who serve as members of Iona College Harassment and Discrimination pool, the Student Life Diversity Committee, the College Council Committee on Diversity, and/or members of campus student groups, administrative or academic offices.

When possible, reporters of incidents will be notified and/or consulted on the composition of the bias incident response team. This will be done in the effort of easing reporting to reduce fears of who will have knowledge of the report.

Individuals in the response pool will be assigned cases as individuals or small groups.

4) Bias Incident Response teams will respond through enacting protocols.
a) A BIRT member will seek additional information regarding the incident, provide support resources, and schedule a time to meet with reporter and or affected individuals, if appropriate. The main purpose of this contact is to make sure the reporter and other individuals feel safe and cared for.

b) BIRT will recommend and implement, where appropriate, programs or activities

c) BIRT determine what recommendations* will be made to the VPSL or their designee for notification to the Iona Community. Recommendations may include:

1. Campus wide email immediately following the response
2. Notification in the campus newspaper in the following issue
3. Post on the college website
4. Quarterly report in the campus newspaper and on the website
5. Report to the Committee on Diversity

*Consideration will be given to the context of the incident, how it will affect campus constituencies, and consult with relevant constituencies if necessary before notifying the community.

5) If no action is possible or necessary, the incident will be documented.

6) If the incident is actionable, the BIRT will develop and recommend an action plan to then execute while documenting the plans and resolutions.

7) If the VPSL or their designee determine the reported incident may violate the law or Iona College policy, the
appropriate protocol response will be enacted and may include but is not limited to:

- Student Code of Conduct
- Title IX
- Ombudsperson
- Harassment and Discrimination Committee
- Iona Human Resources/Employee Relations
- Supervisors/Deans/Other Campus Administrators
- New Rochelle Police Department

IX. **What additional action steps may occur after a report is filed?**

   a. Responses may include, but are not limited to, identification of and referral to appropriate support service and resources (on and off campus)

   b. Facilitated campus discussions in residence halls or other locations,

   c. Recommendations for campus notices for fact sharing,

   d. Efforts towards wider educational awareness, prevention, and outreach.

**Photo Opt Out Policy**

Iona College (the “College”) may, at times, use photographs, photographic images, names, audio recordings, and/or video recordings of students for purposes of general publicity and/or student recruitment in publications, public relations, promotions, publicity and advertising. Should a student (or, if under 18 years of age, their parent/guardian) NOT want to be photographed or recorded, or have their name, voice or biographical material used in connection with any such recording, please obtain a copy of the “Opt Out of Photograph Release” form available online at [www.iona.edu/PhotoOptOut](http://www.iona.edu/PhotoOptOut), complete it by October 1 and return it to the Office of the Vice Provost for Information Technology / CIO.

Policy Summary on AIDS

Iona College has incorporated the American College Health Association’s (ACHA) recommendations and guidelines in its policy statement on the College’s response to AIDS. The ACHA states that these guidelines are
based on the best currently available medical information and on statements
by the United States Public Health Service and Centers for Disease Control.
Iona College affirms the dignity of all persons in all matters, including those
pertinent to public health issues. The College will respond to each case of
HIV infection as required by its particular facts and will be guided by the
best available medical knowledge.

The College recognizes each person’s right to privacy and treats all medical
information as strictly confidential in accordance with the procedures and
requirements in effect at the College and with the public health reporting
requirements that apply. The guidelines, which derive from the best
currently available medical facts about HIV infection and AIDS, apply to all
students with HIV infection. Current knowledge indicates that students with
any form of HIV infection do not pose a health risk to others in an academic
setting. The complete Policy Statement on AIDS can be obtained from the
Office of Counseling Services or the Office of Health Services.

Policy Summary on Student-Athletes

In addition, the policies set forth by Iona College, please refer to your
Student-Athlete Handbook for the policies and procedures of the Iona
College Athletics Department.

Policy Summary on the Privacy Act
and Educational Rights

Iona College informs students of the Family Educational Rights and Privacy
Act of 1974, as amended. This Act, with which the institution intends to
comply fully, was designated to protect the privacy of educational records,
to establish the right of students to inspect and review their educational
records, and to provide guidelines for the correction of inaccurate or
misleading data through informal and formal hearings. Students also have
the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures used by the College for compliance with the provisions of the Act. Copies of the policy can be found in the Registrar’s Office. The Registrar’s Office also maintains a directory of records which lists all educational records maintained on students by this institution.

Iona College designates the following student information as public or “Directory Information.” The College may disclose such information for any purpose, at its discretion, and may include:

- name;
- address;
- telephone number;
- email address;
- dates of attendance;
- previous institution(s) attended;
- field of study;
- class;
- awards;
- honors (including Dean’s List);
- degree(s) conferred (including dates);
- past and present participation in officially recognized sports and activities;
- physical factors (height, weight of athletes); and
- date and place of birth.

Currently enrolled students may withhold disclosure of any information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received in the Office of the Registrar prior to September 30. Forms requesting the withholding of
“Directory Information” are available in the Office of the Registrar. Iona College assumes that failure on the part of any student to specifically request the withholding of “Directory Information” indicates the individual’s approval of disclosure.

Policy statements cover specific areas of student life and procedural guidelines published by various offices charged with the responsibility for certain functions. For assistance in clarifying these documents, students should consult the Office of the Registrar. The complete Policy Statement on the Privacy Act and Educational Rights can be obtained from the Office of the Registrar.

**Policy on a Drug-Free Community**

Iona College recognizes its duty to uphold existing state and federal laws and inform students and staff about the Drug-Free Schools and Communities Act of 1989. This law, by which the College intends to comply fully, was designed to prevent the illegal use of drugs and the abuse of alcohol by students and staff. Iona is a drug-free school and workplace and the College will not protect any member of the community who violates the law. This represents the complete policy on a Drug-Free Community.

Accordingly, any person discovered on campus by College officials who illegally possesses marijuana, hallucinogens or any other drugs proscribed by state or federal laws, will be subject to sanctions up to and including dismissal from the College. In every case, the drugs found will be turned over to the appropriate governmental authorities, and the person reported to the appropriate governmental authorities. It is a violation of the Code of Conduct to fail to comply with the College’s regulations and state and federal laws governing the possession, distribution and use of illegal drugs. This includes any paraphernalia used to assist in the possession, distribution or use of illegal drugs either on or off campus. Any student arrested by any governmental authority in connection with illegal possession or use of drugs
will be subject to disciplinary action pursuant to the judicial procedures of the College as contained in this Handbook.

Should guests, or anyone purporting to be a guest of students or of anyone else in the College community, be actively engaged in the sale, barter, exchange or distribution of an illegal drug on campus, the College will take immediate action by notifying the appropriate governmental authorities. Since the College does not consider itself a “sanctuary” outside the law for its own students, faculty or staff, neither can it be a place of refuge for persons not part of the College community.

New York State penal law states that it is illegal for: persons under the age of 21 to purchase or possess alcoholic beverages with the intent to consume; individuals under the age of 21 to purchase or attempt to purchase an alcoholic beverage through fraudulent means; individuals to furnish alcohol to anyone under 21-years-of-age; individuals to sell, deliver or give away alcoholic beverages to any intoxicated person or any person under the influence of alcohol regardless of the age of the person; and/or individuals to drive while impaired or intoxicated.

Federal law makes it a criminal offense to manufacture, distribute, dispense or possess with intent to manufacture, distribute or dispense, or simply possess a controlled substance. (See Title 21 US Code 801, et. seq. Controlled substances are defined by the schedules contained in 812 of Title 21 of the US code.) New York State penal law makes it a criminal offense to possess, possess with intent to sell or actually sell various drugs. The drugs to which this law applies include marijuana and those listed in the schedules contained in the New York State Public Health Law, 3306 thereof. (See Penal Law Articles 220 and 221.)

The possible sanctions for the violation of federal and state law depend upon the particular offense violated. The various offenses are premised on aggravating factors which include the type and quantity of drugs involved.
Depending upon the particular aggravating circumstances involved, violations of said law could result in sanctions from a monetary fine to life imprisonment.

It is a violation of New York State Penal Law 240.40 for a person to appear in public under the influence of narcotics or a drug other than alcohol to the degree that he or she may endanger himself or herself or other persons or property, or annoy persons in the vicinity. A violation of this law could result in imprisonment up to 150 days.

The College complies with the Higher Education Reauthorization Act Section 484(r) which states:

(r) Suspension of eligibility for drug-related offences.

(1) IN GENERAL: A student who has been convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan, or work assistance under this title during the period beginning on the date of such conviction and ending after the interval specified in the following table:

(3) DEFINITIONS: In this subsection, the term “controlled substance” has the meaning given the term in section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)).

The College does report, in the published annual crime statistics, the number of drug and alcohol related incidents and fatalities that occur on campus (as defined in section 485(f)(6)), or as part of any of the institution’s activities; and that are reported to campus officials; as well as reporting the number and type of sanctions described in paragraph (1) (E) that are imposed by the institution as a result of drug and alcohol-related incidents and fatalities on the institution’s campus or as part of any of the institution’s activities.

**Alcohol and Other Drugs Counseling:**

Students who violate the College’s Alcohol and Other Drug Policy are referred to the Coordinator of Alcohol and Other Drug Education (AODE) Services. The Coordinator meets with students to provide mandated assessment and educational services. Students first have an individual session with the Coordinator to assess the nature and degree of their substance use. Those students, who are first time violators of College policy,
are referred to the CHOICES program. Following their assessment session, they are scheduled to attend an educational seminar, which highlights the risks of binge drinking and illicit drug use, and encourages students to adopt healthier behaviors. Students who are repeat offenders of College policy, or whose violation was particularly egregious, are referred to the BASICS program. Following their assessment session, they are scheduled for a second individual session with the Coordinator. This second session is used to provide students with the following: individualized feedback about the nature and risks of their substance use, how their behavior compares to the norm at Iona, and how to adopt safer strategies and avoid alcohol and other drug-related consequences. Students referred to either the CHOICES or BASICS programs are invited to engage in ongoing counseling specific to substance use with the Coordinator, should they so choose.

AODE Services also provides voluntary, ongoing alcohol and other drug counseling, in addition to the brief intervention services described above. Students are referred by a variety of student services offices across the campus, including but not limited to Residential Life, Student Success, Off-Campus Housing, and the Office of Student Development. Some students choose to engage in voluntary counseling following the completion of a CHOICES or BASICS referral, while others seek out the services provided by AODE because of concerns they have about their substance use or the use of a loved one. Those students who engage in ongoing counseling related to their substance use have the opportunity to:

- reflect on their substance use and its function in their lives
- examine a variety of factors which influence their use and are also impacted by their use such as: family, social relationships, trauma, stress, psychological disorders, medical/physical health issues, educational/academic problems, etc.
- develop a plan to increase healthier behaviors to improve overall wellness
- obtain support in executing their wellness plan, as well as, during times of struggle
* Counseling services provided by this office are confidential and within the parameters of the ethical guidelines required of mental health professionals.

** Students who may benefit from more intensive substance treatment are referred to outside treatment providers, as appropriate.

*** The Coordinator provides consultation to parents with concerns about their student’s substance use, within the confines of confidentiality, as appropriate.

A drug is a chemical substance that has an effect upon the body or mind. Alcohol is defined as a drug. Drugs and alcohol are capable of impairing judgment and physical capacity and diminishing individual performance in activities of family living. Problems associated with inappropriate use of drugs and alcohol are complex in nature. One class of drugs is the sedative-hypnotic which relaxes the central nervous system. These include alcohol, barbiturates, tranquilizers (depressants), marijuana and hashish. Alcohol is
chemically known as ethyl alcohol, C₂H₅OH, a colorless liquid, and medically is a depressant drug that slows the activity of the brain and spinal cord. Like any drug that affects the mind, alcohol has the potential to be abused.

Alcohol is ingested orally and the average 150 lb. person can consume one drink in 1 1/2 hours with no or little accumulation of alcohol in the blood. One drink means the equivalent to 12 oz. of beer, 5 oz. of wine, or 1 1/2 oz. of hard liquor. The legal age for sale and consumption of alcohol is 21 in the state of New York.

Alcohol abuse results in harm or danger to the drinker and other people. The heavy costs of alcohol abuse include drinking and automobile crashes, homicides, arrests, accidents, and loss of productivity, plus the hidden cost of broken families, poor health and alcoholism. About one in 11 drinkers become alcoholics who have lost control over their drinking, resulting in personal, job and family problems. Continued heavy drinking can affect your health and can result in permanent damage. Malnutrition, cancer, heart disease, brain damage and ulcers can be a direct result of prolonged excessive drinking.

Barbiturates and tranquilizers (central nervous system depressants) can cause intoxication and produce such signs as tremors of the hands, lips and tongue, confusion, poor judgment and poor muscular coordination, drowsiness, slurred speech and constricted pupils.

Marijuana and hashish alter mood and perception and produce anxiety, euphoria, talkative behavior, floating feelings and hunger. They interfere with memory, intellectual performance and can impair concentration. Long-term, regular marijuana smoking causes irritation of the respiratory tract and can produce lung disease and possible damage to the heart and immune system.
Nicotine acts as a stimulant on the heart and nervous system. When tobacco smoke is inhaled, the immediate effects on the body are a faster heartbeat and elevated blood pressure. Young smokers may experience shortness of breath and a nagging cough. Some long-term effects of smoking cigarettes are emphysema, chronic bronchitis, coronary heart disease and lung cancer.

Caffeine, one of the oldest and most widely used stimulants, is found in coffee, tea, some soft drinks and some cold medications. Dependence on caffeine generally develops in habitual users, with headaches being the most common symptom of withdrawal.

Cocaine, whether it is smoked (crack), injected or snorted, is risky in all forms. Physical effects include dilated pupils, increased blood pressure, heart rate, breathing and body temperature, and restlessness and anxiety.

Amphetamines increase alertness and activity and are often referred to as speed, uppers, pep pills and diet pills. Mood swings, irritability, nervousness, and muscle pain are some of the effects of continued use. Eventually, hallucinations, paranoia, convulsions, brain damage, heart problems, and death can occur.

Hallucinogens (psychedelics) include PCP, LSD and mescaline. Hallucinogens temporarily distort reality, cause visual hallucinations, perceptual distortion and psychotic experiences and, sometimes, depression and flashbacks.

Dependency causes the deterioration of the moral, physical and intellectual fiber of an individual and abuse impairs the user’s health, emotional wellbeing, family life, job performance and friendships. Iona is aware of the stresses associated with daily living, and strongly urges that the entire College community meet these stresses by participating in healthy behaviors. It is the goal of the College to assist in this endeavor by creating an environment that promotes and reinforces healthy and responsible living.
As a condition of employment and in compliance with the Drug-Free Workplace Act of 1988, Iona College employees will abide by the terms of this policy. The use of narcotics, controlled substances and the abuse of alcohol have been a significant problem to business, employees, students and society in general. These substances, when used in the work environment, threaten the safety, morale, productivity and the public image of both the employee and the College. Consequently, the College, in furtherance of the Federal Drug-Free Workplace Act, has established the following policy regarding controlled substances and alcohol.

1. The unauthorized use, possession, unlawful manufacturing, distribution, dispensation or being under the influence, of any controlled substance, narcotic and/or alcohol while on the College premises is strictly prohibited.
2. An employee will notify the College, in writing, of any criminal drug statute conviction for a violation occurring on campus no later than five days after a conviction.
3. In the event the College receives notification from an employee or otherwise of a conviction as described above, the College may take appropriate personnel action against an employee, including termination.

**Good Neighbor Policy**

The following are some of the ways to be a good neighbor:

1. Views of being a good neighbor are often vague because people hold different beliefs and perceptions. Always try to do what is right and fair by treating others as you would expect to be treated yourself. Understand how your behavior may affect those around you.
2. All students are encouraged to join on-campus clubs/organizations, which perform community service by working with such groups as the Boys and Girls Clubs of America, local parishes such as Blessed Sacrament and Holy Family and local soup kitchens. Students who live
off campus are also encouraged to join civic groups such as the Haleyon Park and Beechmont Homeowners’ Associations because membership for these groups are not limited to homeowners. It is rewarding and mutually beneficial to participate in community-service learning and neighborhood activities, such as civic meetings and block parties.

3. Strictly comply with the Vehicle and Traffic Law of the state of New York while operating, driving, parking and/or controlling a motor vehicle whether on or off campus. This includes, but is not limited to: driving at safe speeds; refraining from passing stopped school buses with flashing lights; obeying traffic signs; avoiding parking in “no parking” zones, handicapped spaces, or neighbors’ driveways; and parking correctly when the City or College is attempting to complete leaf or snow removal during the fall and winter months. Most importantly, know that many small children live in the residential neighborhoods near the College, and remember that pedestrians have the right of way.

4. We also encourage all students who are eligible to pick up their free on-campus parking permits to do so, since use of College parking areas will reduce traffic congestion on North Avenue and in the surrounding neighborhoods.

5. Protect the environment from noise, litter and other intrusions. This includes being appropriately quiet during evening and night hours, keeping auto and home stereo systems at acceptable sound levels, and not leaving litter or trash on campus, City streets or neighbors’ or students’ properties.

6. Use the main gate on North Avenue for entrance and exit. During evening and night hours, students who live in North Avenue residence halls or Rice Hall are encouraged to use the main gate instead of “short-cutting” through residential neighborhoods. Off-campus residents are asked to leave and return to their homes in a similar manner.

7. Properly maintain off-campus rooms, apartments or houses. This includes many of the recommendations stated above plus other important information, such as keeping rooms, apartments and houses
litter-free and putting trash on the street curb for pick-up two times per week. Students who live off-campus can contact the city of New Rochelle Department of Public Works to find out about trash pickups and recycling.

8. All tenants and landlords are subject to the zoning and health and safety laws of the city of New Rochelle. In particular, these laws place restrictions on student housing. Please feel free to contact the College’s Director of Off-Campus and Commuter Services, in LaPenta Student Union, to find out more about the zoning laws and how they affect students as tenants.

Additionally, students are not allowed to sponsor house parties that disturb the neighborhood and adversely affect the security of the College and community, the integrity of the educational and developmental process, or the good name of the College. Students must adhere to the College Code of Conduct on and off campus.

Please remember that it is important that all of us respect the rights of others and that we accept the responsibilities, as well as the benefits, of good citizenship.

Policy on Parental Notification

It is the policy of Iona College and its respective offices that, in the event of a serious medical and/or mental health incident, and/or violation of the College’s policy on the use of drugs and alcohol, the College reserves the right to notify the student’s parent(s) and/or guardian(s). Should such an incident occur and the conditions are appropriate, the student will be encouraged to inform their parents with the support and assistance of Student Life administrators. If the student refuses or is unable to notify their parent(s) and/or guardian(s), a College official will take the responsibility of providing the appropriate notification. The Vice Provost for Student Life, in consultation with appropriate College officials, will determine the necessity
of administering the call. Parents will also be notified if a student violates the College’s policy on drugs and alcohol. Parents/guardians may be notified of alleged conduct in accordance with college policies, including but not limited to the Alcohol policy and CARE team guidelines.

**Missing Student Mandatory Reporting Policy**

The purpose of this policy is to establish procedures for the college’s response to reports of missing students, as required by the Higher Education Opportunity Act of 2008.

This policy applies to students who reside in on campus housing, including off-campus apartment units leased by the college for resident students.

For purposes of this policy, a student may be considered to be a “missing person” if the person’s absence is contrary to their normal pattern of behavior and unusual circumstances may have caused the absence. Such circumstances may include, but are not limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student’s welfare.

**Procedure for designation of emergency contact information**

1. Each student residing in on-campus student housing must identify to the Office of Residential Life a contact person or persons whom the institution shall notify if the student is determined to be missing by the Campus Safety and Security Department, or the New Rochelle Police Department;
   - All student contact information will be maintained in a confidential manner in the Office of Residential Life and this information will only be accessible to authorized campus officials;
2. Students age 18 and above and emancipated minors
• Students will be given the opportunity to designate an individual or individuals to be contacted by the college no more than 24 hours after the time that the student is determined to be missing.
• A designation will remain in effect until changed or revoked by the student.

3. Students under the age of 18
• If a student is under 18 years of age and not emancipated, the institution must notify a custodial parent or guardian when the student is missing, in addition to any additional contact person that may have been designated by the student; and

Note: Iona College as a matter of policy will ensure that the New Rochelle Police Department has been notified in reference to every missing student.

Official notification procedures for missing persons
1. All students, employees, or other individuals with knowledge that a student has been missing for 24 hours should report this information to:
   • The Vice Provost for Student Life; or
   • The Director for Residential Life; or
   • The Director for Campus Safety and Security

Note: In order to avoid any jurisdictional conflicts, when an off-campus and/or commuter student is believed to be missing, the reporting person should immediately notify the New Rochelle Police Department. The Campus Safety and Security Department will assist with these investigations as requested.

2. The Campus Safety and Security Department will gather all essential information about the residential student from the reporting person and from the student’s acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental wellbeing of the student, an up-to-date photograph, class schedule, etc.). Appropriate campus
employees will be notified and requested to assist in the search for the student.

3. If the above actions are unsuccessful in locating the student or it is immediately apparent that the student is a missing person, the Campus Safety and Security Department will immediately contact the New Rochelle Police Department to report the student as a missing person and the New Rochelle Police Department will take charge of the investigation.

4. No later than 24 hours after determining that a residential student is missing, the Vice Provost for Student Life or designee will notify:
   - If the student has designated a contact person, notifying that contact person within 24 hours;
   - If the student is under 18 years of age and is not emancipated, the student’s custodial parent or guardian and any other designated contact person within 24 hours; and
   - Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, informing the New Rochelle Police Department that the student is missing within 24 hours.

**Cyber Bullying Policy**

Cyber bullying involves the use of information and communication technologies (for example, cellular phones, digital cameras, computers and PDAs) for the purpose of engaging in deliberate, repeated, and hostile behavior by an individual or group with the intention of harming others. Cyber bullying may include cyber harassment, cyber stalking, and the invasion of privacy, all of which constitute violations of the Student Code of Conduct. Cyber bullying can cause significant harm to students, including loss of reputation, humiliation and embarrassment, clinical depression, fear and anxiety, loss of self-esteem and even self-injurious and suicidal behavior.
Cyber bullying in any form **will not** be tolerated, and any student found responsible for engaging in cyber bullying will be subject to immediate disciplinary action, which may result in suspension or permanent separation from Iona College. If a case of cyber bullying is determined to be of a criminal nature, it will be referred to local authorities in addition to being adjudicated as a Code of Conduct violation. Cyber bullying is inconsistent with the Mission of Iona College and unacceptable for any member of the Iona Community to harass another for personal reasons and/or based on their race, color, national origin, sex, disability, sexual orientation, gender identity or religion.

### Sound Duplication Policy

Iona College prohibits the use of tape recorders and all other devices by students to record class lectures unless they have the express consent of the professor. Students who have the express consent of a professor to record a class must make their own arrangements to record the class. Iona College Media Services is not available to record classes for individual students. Students may borrow audio cassette recorders from Iona at no charge. Students must arrange for the pick-up and return of the audio cassette recorders. Permission to record a class applies exclusively to the student who received permission from the professor. The recording may not be accessed or utilized by any other individual. No replication of the recording may be made without the express permission of the professor. Any professor may make any changes to the procedure regarding the recording of his or her own classes.

Students who are requesting recording of classes under the Americans with Disabilities Act must contact the Director of Academic Support, Mr. Marlin Thomas in the Samuel Rudin Academic Resource Center. Classes may be recorded only in cases of a documented disability (for which class recording is an approved accommodation).
In accordance with the above policy, all members of the community must be informed and made aware that any class, and discussions held therein, or any conversations with members of the faculty, staff or administration are subject to being recorded.

Iona College Emergency Response Policies

Introduction
College Campuses are not immune to incidents such as violent crimes, weather related emergencies, hazardous materials incidents, and the like. In the event of such a situation, the College’s Emergency Notification System (ENS) will alert the campus community of the incident. The Campus Safety and Security Department, as part of the Emergency Response Team, has prepared this series of guidelines for students, faculty, and staff to follow in various emergency situations. It is recommended that you become familiar with this information and keep this guide conveniently located for quick reference.

Please report all on-campus emergencies, suspicious activities, or criminal offenses to the Campus Safety and Security Department by dialing “2560” from any Iona College campus phone or dialing (914) 633-2560. Any of the exterior blue light emergency telephones or interior emergency telephones may also be used for direct contact with the Campus Safety and Security Department.

Shelter-in-Place
What “Shelter-in-Place” Means
One of the instructions you may be given in an emergency situation is to “Shelter-in-Place.” That is, to remain indoors due to a developing dangerous/hazardous situation outdoors. These guidelines are aimed at keeping you safe while remaining indoors. “Shelter-in-Place” means selecting a small, interior room if possible, with no or few windows, and taking refuge there. It does not mean sealing off your entire building or
barricading the room you are using for shelter. If you are told to “Shelter-in-Place,” follow the guidelines provided.

**Why You Might Need to “Shelter-in-Place”**

For any type of emergency where guidelines for “Shelter-in-Place” would be appropriate, information will be provided by College authorities through the Emergency Text Messaging System. The important thing is for you is to follow these guidelines and know what to do if you are advised to “Shelter-in-Place.”

**How to Shelter-in-Place**

Stop classes or work, or close business operations.

- If there are students, faculty, staff, or visitors in the building, provide for their safety by asking them to stay. When College authorities suggest to “Shelter-in-Place,” they want everyone to take those steps now, where they are, and not drive or walk outdoors.
- Close and lock all windows, exterior doors, and any other openings to the outside.
- If you are told there is danger of explosion, close the window shades, blinds, or curtains.
- Select interior room(s) above the ground floor, with the fewest windows or vents. The room(s) should have adequate space for everyone to be able to sit in. Avoid overcrowding by selecting several rooms if necessary. Large storage closets, utility rooms, copy and conference rooms without exterior windows will work well. Avoid selecting a room with mechanical equipment like ventilation blowers or pipes.
- It is ideal to have a hard-wired telephone in the room(s) you select. Have the phone available if you need to report a life-threatening condition. Cellular telephone equipment may be overwhelmed or damaged during an emergency.
- Bring everyone into the room(s). Shut and lock the door(s).
- Be alert for ENS updates until you are told all is safe or you are told to evacuate. These updates may call for evacuation of specific areas.
Supplies
For the workplace, where you might be confined for several hours, the following supplies are suggested to have available:

- Flashlight
- Battery-powered radio
- Food – high-energy foods like granola bars, energy bars, etc.
- Water
- Medications – If you use prescription medications, keep at least a small supply of these available.

Active Shooter

Introduction
An active shooter is a person who appears to be actively engaged in killing or attempting to kill people in a populated area. In most cases active shooters use firearms, and there is no pattern or method to their selection of victims. These situations are dynamic and evolve rapidly, demanding immediate deployment of law enforcement resources to stop the shooting and mitigate harm to innocent victims. College campuses are not immune to serious or violent crime. This document provides guidance to faculty, staff, and students who may be caught in an active shooter situation, and describes what to expect from responding police officers.

Guidance to Faculty, Staff, and Students
In general, how you respond to an active shooter will be dictated by the specific circumstances of the encounter, bearing in mind there could be more than one shooter involved in the same situation. If you find yourself involved
in an active shooter situation, try to remain calm and use these guidelines to help you plan a strategy for survival.

- If an active shooter is outside your building, you should immediately seek cover in an attempt to conceal and hide from the shooter. Proceed to a room that can be locked, close and lock all the windows and doors, and turn off all the lights; if possible, get everyone down on the floor and ensure that no one is visible from outside the room. One person in the room should call 2560 or (914) 633-2560, advise the dispatcher of what is taking place, and inform them of your location; remain in place until the police give the “all clear.” Unfamiliar voices may be the shooter attempting to lure victims from their safe space; do not respond to any voice commands until you can verify with certainty that they are being issued by a police officer.

- If an active shooter is in the same building you are, you should immediately seek cover in an attempt to conceal and hide from the shooter. Determine if the room you are in can be locked and if so, follow the same procedure described in the previous paragraph. If your room can’t be locked, determine if there is a nearby location that can be reached safely and secured, or if you can safely exit the building. If you decide to move from your current location, be sure to follow the instructions outlined below.

- If an active shooter enters your office, classroom, or residence, try to remain calm. Call 2350 or (914) 633-2560 if possible, and alert police to the shooter’s location; if you can’t speak, leave the line open so the dispatcher can listen to what’s taking place. If there is no opportunity for escape or hiding, it might be possible to negotiate with the shooter; attempting to overpower the shooter with force should be considered a very last resort, after all other options have been exhausted. If the shooter leaves the area, proceed immediately to a safer place, and do not touch anything that was in the vicinity of the shooter. No matter what the circumstances, if you decide to flee during an active shooting situation, make sure you have an escape route and plan in mind. Do not attempt to carry anything while fleeing; move quickly, keep your hands visible, and
follow the instructions of any police officers you may encounter. Do not attempt to remove injured people; instead, leave wounded victims where they are, and notify authorities of their location as soon as possible. Proceed to a safe location, and do not leave campus until advised it is safe to do so by police.

**What to Expect from Responding Police Officers**

Police officers responding to an active shooter are trained to proceed immediately to the area in which shots were last heard; their purpose is to stop the shooting as quickly as possible. The first responding officers will normally be in teams; they may be dressed in regular patrol uniforms, or they may be wearing external bulletproof vests, Kevlar helmets, and other tactical equipment. The officers may be armed with rifles, shotguns, or handguns, and might also be using pepper spray or tear gas to control the situation. Regardless of how they appear, remain calm, do as the officers tell you, and do not be afraid of them. Put down any bags or packages you may be carrying, and keep your hands visible at all times; if you know where the shooter is, tell the officers. The first officers to arrive will not stop to aid injured people; rescue teams composed of other officers and emergency medical personnel will follow the first officers into secured areas to treat and remove injured persons.

Keep in mind that even once you have escaped to a safer location, the entire area is still a crime scene; police will usually not let anyone leave until the situation is fully under control and all witnesses have been identified and questioned. Until you are released, remain at whatever assembly point authorities designate.

**General Quick Response Guide**

- Secure immediate area.
- Lock and barricade doors.
- Turn off lights.
- Close blinds.
● Silence cell phones.
● Block windows.
● Turn off radios and computer monitors.
● Keep occupants calm, quiet, and out of sight.
● Keep yourself out of sight and take adequate cover/protection, i.e. concrete walls, thick desks, filing cabinets (cover may protect you from bullets).
● Place signs in exterior windows to identify the location of injured persons.

**Contacting Authorities**

● Use (914) 633-2560 to contact the Iona College Campus Safety and Security Department
● Dialing 2560 from a campus phone will connect with Campus Safety and Security.
● Dialing 911 from a cell phone will connect you with New York State Police Emergency Enhanced 911. Be sure to give the call taker your exact location. It is advisable to program (914) 654-2300 into your cell phone to call the New Rochelle Police Department directly.

**What to Report**

● Your specific location — building name and office/room number
● Number of people at your specific location
● Injuries — number injured, types of injuries
● Assailant(s) — location, number of suspects, race/gender, clothing description, physical features, type of weapons (long gun or hand gun), backpack, shooter’s identity if known, separate explosions from gunfire, etc.

**Un-Securing an Area**

● Consider risks before un-securing rooms.
● Remember, the shooter will not stop until they have been engaged by an outside force.
• Attempts to rescue people should only be considered if it can be accomplished without further endangering the persons inside the secured area.
• Always consider the safety of masses vs. the safety of a few.
• If doubt exists for the safety of the individuals inside the room, the area should remain secured.

Hostage Situation

If You Hear or See a Hostage Situation
• Immediately remove yourself from any danger.
• Immediately notify the Campus Safety and Security Department at (914) 633-2560 (or 2560 from any campus phone).
• Be prepared to give the Campus Safety and Security Department personnel the following information:
  – Location and room number of incident
  – Number of possible hostage takers
  – Physical description and names of hostage takers, if possible
  – Number of possible hostages
  – Any weapons the hostage takers may have
  – Your name
  – Your location and phone number

If You are Taken Hostage
• Remain calm, polite, and cooperate with your captors.
• Do not attempt escape unless there is an extremely good chance for your survival. It is safer to be submissive, and obey your captors.
• Speak normally. Do not complain, avoid being belligerent, and comply with all orders.
• Do not draw attention to yourself with sudden body movements, statements, comments or hostile looks.
● Be observant and attempt to memorize the physical traits, voice patterns, clothing or other details that can help provide later identification of your captors.
● Avoid getting into political or ideological discussions with the captors.
● Try to establish a relationship with your captors and get to know them. Captors are less likely to harm you if they respect you and have established a relationship.
● If forced to present terrorist demands to authorities, either in writing or on tape, state clearly that the demands are from your captors. Avoid making a plea on your own behalf.
● Try to stay low to the ground or behind cover from windows or doors, if possible.

If a Rescue is Taking Place
● Do not run. Drop to the floor, and remain still with your hands clearly visible. Do not make any sudden movements as the police may not be able to clearly identify hostages from hostage takers.
● Wait for instructions from the police, and obey all instructions.
● Do not be upset, resist, or argue if a rescuer isn’t sure whether you are a terrorist or a hostage.
● Even if you are handcuffed and searched, do not resist. Just wait for the confusion to clear.
● You will be taken to a safe area, where proper identification will take place as well as an interview.

Bomb Threats
If you receive a bomb threat by telephone, here are some helpful things to remember:
● Remain calm. When the bomb threat is received, the person taking the call must remain calm and obtain as much information as possible.
   - Do not put the caller on hold.
   - Do not attempt to transfer the call.
● The person taking the call should immediately notify another staff person in the office, preferably while the caller is still on the line.

● Pay attention to the caller and their words and speech:
  - Does the caller have any distinguishing voice characteristics such as an accent, stuttering or mispronunciation?
  - Is the caller angry, excited, irrational or agitated?
  - Is the caller a man or woman, young, middle-aged, or old?
  - If you have caller ID, note the phone number of the caller.

● Listen for background noises (traffic, train whistle, music, radio, TV, children, airplanes, etc.).

● It is important to document all that you know and hear. This should include filling out the Bomb Threat Checklist.

● Call the Campus Safety and Security Department at 2560 from a campus phone or (914) 633-2560 from a cell phone.

● Do not evacuate the building until told to do so by the Campus Safety and Security Department.

Bomb Threat Checklists
Stay calm and collect all the information you can:

● Name of call taker

● Date and time received

● How was threat reported (telephone, email, in-person, by mail)?

● Location threatened

● Exact words used to make threat

Questions to ask the person making the threat:

● When is the bomb going to explode?

● Where is the bomb located?

● What kind of bomb is it?

● What does it look like?

● Who placed the bomb?

● Why was the bomb placed?

● Where are you calling from?
Weather Emergencies

Hurricanes and Severe Storms with Potential Loss of Power
These natural events usually provide the College sufficient warning to enable the campus emergency plan to be put in place prior to experiencing impact of the event. It is the position of the college that when a significant storm is predicted to impact the greater New York Metropolitan Area and southern Westchester, a decision to close the college will be made with sufficient time to permit residents and off-campus students to return home safely prior to the initial impact of the storm. These storms have the potential to cause extended power outages. In the event the campus has the potential to experience a loss of electrical power the following plan will be put in place:

Pre-Storm Impact:
- Ensure that main gas tank on campus is full, as well as all cars, vans and trucks. Also ensure there is sufficient fuel on campus for generators with the ability to get additional fuel deliveries if the power outage extends for a protracted period of time.
- Meet with Food Services to ensure there is sufficient food and water on hand to sustain the campus community for a period of one week
● Residential Life will develop and communicate an emergency plan which will include providing all resident students an evacuation plan and a list of emergency items to include in a “go-bag” sufficient for at least two days in the case of a mandatory evacuation of a building or the campus. The college will communicate with all resident and off-campus students before a significant impending storm providing a link to our emergency plan, safety tips and all other necessary information and available resources related to natural disasters and the potential loss of power.

● Students should be advised to have at least a two day supply of non-perishable food and drink for use during the storm in case they are unable to leave the residence halls or their off campus apartment to obtain food.

● Facilities Management will implement its emergency plan and secure the campus for the impact of the storm by removing flags, portable signs, garbage containers, etc. and prepare for possible area flooding, including blocking off the lower level of parking garage. Facilities Management will also ensure that all necessary emergency supplies are available and functioning.

● The College will send text and email messages related to the impending storm providing information and links to sign up for text messaging. All messages will be clear, consistent and as early as possible. During the storm redundancy messaging will be sent using multiple communication sources including text messaging, email, phone messages and updated posts on the Iona website to ensure a clear and consistent message.

● President’s cabinet to have a meeting prior to the storm to review the plan and current conditions in an attempt to evaluate the situation and clearly communicate with the community. President’s Cabinet plan daily follow-up meetings/conference calls which should include Facilities Management and Campus Safety and Security.

● Senior Vice Presidents will enact their area emergency plans notifying previously designated “essential employees” about their roles during the
storm and in the aftermath. These employees will review their expectations related to being on campus during and after an emergency.

- Mulcahy Gym will be prepared with necessary equipment by Facilities Management to serve as a relocation center for students, if necessary during a loss of power.
- Previously planned campus events will be evaluated as will travel that may be impacted by the storm. A strategy to determine if campus events will occur must be developed.
- Establish clear expectations for when classes may be cancelled based on most current weather forecasts in a timely fashion to facilitate resident and off campus students returning home, if desired.

**During Storms Impact:**

- Establish a command post in the Annex for Campus Safety and Security if backup generator is available otherwise relocate to McSpedon Hall and ensure that all members of the President’s Cabinet and administration are aware of exact location.
- Campus Safety and Security, Facilities Management and Residential Life will make notifications to ensure sufficient personnel are available to respond to the existing conditions.
- Campus Safety and Security and Facilities to continuously evaluate the impacted areas of the campus related to loss of electrical service and flooding. Information provided to the members of the community.
- Establish a charging station for all members of the community in McSpedon Hall, i.e. Admissions Reception Center.
- If any residence hall experiences a loss of power and does not have a back-up generator, students will be re-located to the Mulcahy Gym in accordance with the Residential Life emergency plan. This plan will be operational and provide a safe relocation of students in coordination with Campus Safety and Security. All necessary supplies including mats or cots will be available to students being relocated in Mulcahy Gym.
- Text and email messages will be sent to the community throughout the event to keep them updated as frequently as possible with MarCom
managing the communications through the website and social media. Maintain one consistent message.

- President’s Cabinet will have daily meetings/conference calls to evaluate school closing, and other safety related issues on campus.
- Work closely with Food Services to ensure their electrical needs are being met and food is available to members of the community on campus.
- Any buildings without power and back-up generator should be locked and posted with signs indicating no admittance by Campus Safety and Security.
- Facilities Management to check Cornelia Hall to ensure all marked refrigerators and equipment are set up on temporary power.

Post Storm Impact:
- Work closely with Con Edison and local governments to restore power to campus as quickly as possible.
- Evaluate the impact to campus and respond immediately to all areas of concern including flooding and tree damage and access the ability to re-open the campus.
- Keep members of the community updated as to existing conditions on campus.
- Establish a location for essential offices to re-locate if their area is without power. Immediately communicate their new location to all members of the community.
- Evaluate the ability to resume classes on campus once power has been restored and develop a strategy as to how missed classes will be made up and communicate this plan to all members of the community.
- Staff the front desk of the LaPenta Student Union with professional and/or student staff to answer student questions and provide necessary information.
- Facilities to inspect building that were evacuated due to loss of power once power has been restored to ensure that all systems are functioning properly before access is allowed back into the building.
Severe Thunder Storms or Tornadoes
The College is prepared to notify the campus community via the Emergency Notification System (ENS) of severe weather emergencies.

The following terms are utilized by the National Weather Service:

- **Watch:** Conditions are right for a severe thunder storm or tornado to develop. Continue with normal activities, but continue to monitor the weather.
- **Warning:** Radar or weather spotters have identified a severe thunder storm or tornado.

The College’s Outdoor Warning System may be activated if there is danger for the College Community.

**If you are indoors:**
- Know the location of the appropriate area(s) for your facility. This can be a basement or a ground floor hallway with no windows or a door frame.
- If you are unable to go to a room with no windows get under a desk or a table.
- Remain in a protected area until the threat has ceased or the danger has passed.
- Call the Campus Safety and Security Department at 2560 from any campus phone or (914) 633-2560 from a cell phone to report injuries.

**If you are outside:**
- Try to seek shelter indoors.
- If you cannot, try to get to a protected or safe area away from buildings, windows and glass, telephone or light poles or any place where there could be falling debris.
- A low area such as a ditch or ravine or a depression works well.
- Lie face down and cover your head and face.
- Avoid any downed power lines.
• Call the Campus Safety and Security Department at 2560 from any campus phone or (914) 633-2560 from any cell phone to report injuries and damage.

Fire and Hazardous Material Emergencies/Building Evacuation

In the event of a fire or hazardous materials emergency within a campus building, it is necessary and safest for occupants to evacuate. College policy is total evacuation.

A fire or hazardous materials emergency exists whenever:
• A building fire evacuation alarm is sounding
• An uncontrolled fire or imminent fire hazard occurs in any building or area of campus
• There is the presence of smoke, or the odor of burning
• There is an uncontrolled release of combustible or toxic gas or other hazardous material, or a flammable liquid spill

To Survive a Building Fire

Activate the building fire alarm if it is not already sounding.
• Pull a fire alarm station on the way out.
• If the building is not equipped with a fire alarm, knock on doors and shout on your way out.

Leave the building by the nearest exit.
• Crawl if there is smoke.
• If you get caught in smoke, get down close to the floor and crawl. Cleaner, cooler air will be near the floor.

Feel doors before opening.
• Before opening any doors, feel the metal knob.
• If it is hot, do not open the door.
• If it is cool, brace yourself against the door, open it slightly, and if heat or heavy smoke are present, close the door and stay in the room.

Go to the nearest exit or stairway.
● If the nearest exit is blocked by fire, heat, or smoke, go to another exit.
● Always use an exit stair, NEVER an elevator.
● Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Stairway fire doors will keep out fire and smoke if they are closed and will protect you until you get outside.
● Close as many doors as possible as you leave. This helps to confine the fire.
● Total and immediate evacuation is safest. Only use a fire extinguisher if the fire is very small and you have received training. Do not delay calling emergency responders or activating the building fire alarm. If you cannot put out the fire, leave immediately. Make sure Campus Safety and Security and the fire department are called - even if you think the fire is out.

If you get trapped, keep the doors closed.

● Place cloth material (wet if possible) around and under door to prevent smoke from entering.
● Be prepared to signal your presence from a window. Do not break glass unless absolutely necessary, this may cause outside smoke to be drawn inside your location.

Signal for help

● Hang an object at the window (jacket, shirt) to attract the fire department’s attention.
● If there is a phone in the room call either 2560 or (914) 633-2560 from a cellular phone and report that you are trapped in your room and provide a room number and location.
● If all exits from a floor are blocked, go back to your room, close the door, seal cracks, open the windows if safe, and attempt to notify others of your location by waving something out the window, shouting or using a phone for help.

Stop, Drop and Roll

● If your clothes catch on fire, stop, drop, and roll, wherever you are.
● Rolling smothers the fire.

Obstacles
● Storage of any items in the corridors ex: bicycles, chairs, desks, and other items are strictly prohibited in all hallways and stairwells.
● Blocked exits and obstacles impede evacuation, especially during dark and smoke conditions.

*Notify emergency responders from a safe distance away from the building.*
● Call 2560 from any campus phone.
● Call (914) 633-2560 from a cellular.m.r phone.

**Guidelines for Suspicious Letters and/or Packages**

**How to Identify Suspicious Packages and Letters**
Some characteristics of suspicious packages and letters include the following:

● Excessive postage
● Handwritten or poorly typed addresses
● Incorrect titles
● Title, but no name
● Misspellings of common words
● Oily stains, discolorations or odor
● No return address
● Excessive weight
● Lopsided or uneven envelope
● Protruding wires or aluminum foil
● Visual distractions
● Ticking sound
● Excessive security material such as masking tape, string, etc.
● Marked with restrictive endorsements, such as “Personal” or “Confidential”
● Shows a city or state in the postmark that does not match the return address

**Actions to Take Once a Potential Suspicious Package Has Been Identified.**
● Stay calm – do not panic.
● Do not move or handle a suspicious package.
● Call the Campus Safety and Security Department at 911 from any campus phone or (914) 633-2560 from a cell phone.
● If there is reason to suspect that a package may contain an explosive device based on characteristics described above, do not handle the package. Leave the immediate area and contact the Campus Safety and Security Department.
● If the suspicious letter or package is marked with a threatening message (such as “anthrax”) or if a suspicious powder or substance spills out of the package or envelope, follow these guidelines:
  – Do not clean up a suspicious powder.
  – Turn off local fans or ventilation units in the area if you suspect that a device has been activated and the fan/ventilation switches if they are quickly and easily accessible.
  – Leave the room and close the door, or section off the area to prevent others from entering. Call for assistance and keep others away from the area.
  – Wash your hands with soap and water to prevent spreading any powder to your face.
  – Remove heavily contaminated clothing as soon as possible and place in a plastic bag, or some other container that can be sealed. Give clothing bag to emergency responders.
  – Shower with soap and water as soon as possible if contaminated. Do not use bleach or other disinfectant on your skin.
  – It is important to note all people who were present in the area when the suspicious package was discovered.
  – Provide this information to Campus Safety and Security to facilitate their follow-up investigation and to obtain advice from local health authorities and outside law enforcement officials as to the best standards of care for those affected.

Emergency Preparedness and Response
Emergency responders from the Campus Safety and Security Department will assess the situation. If the suspicious letter or package is marked with a threatening message, such as “anthrax” or if a suspicious powder or substance has spilled, they will follow certain guidelines and immediately notify the New Rochelle Police Department.

Additionally, they serve in a rotating duty schedule where one of them serves as the on-call professional staff member for the College 24 hours a day, 365 days a year. In this capacity, they are the first responder to any crises or situation in the residence halls. One of the RHD’s, the Residence Hall Director for Operations is responsible for the students that live in the Houses, the hiring, training, payroll and supervision of the front desk and mailroom student employees. The RHD for Operations also manages all of the residence hall openings and closings, disseminating information to students and keeping track of who is permitted in the residence halls during the break periods.

**Resident Assistants (RAs):**
Resident Assistants (RAs) are upper-class student staff members who live in the residence halls. They arrive in early August and go through an extensive and exhaustive two-week training period where they are educated on all of the College’s resources, protocols, and how to address student development issues. Resident Assistants develop personal connections through community building in addition to serving as a mentor, role model, and resource. RAs maintain an approachable, open door atmosphere where residents can feel comfortable discussing concerns. RAs are valuable referral agents to campus resources and can help with many personal, social or academic concerns. They work hard to facilitate a positive community environment where students can succeed academically and personally. RAs utilize the skills they developed in their training to plan and lead social and
educational activities. Resident Assistants also maintain and uphold policy, health, safety, and security concerns, in addition to performing various administrative tasks.

**The Residence Hall Community**
When students move into one of the residence halls they become part of a community. They share a variety of experiences, bond and grow together. The residence halls provide a place to study and sleep while at Iona College. However, the various study rooms and lounges, as well as the recreational and social programs, provide an ideal place to meet people. One can participate in numerous activities, develop new interests and learn to live responsibly in a diverse community environment by living in college housing.

In addition to the classroom experience at Iona, interactions in the residence halls allow students to learn a great deal about themselves and others. By becoming an active and contributing member of the community in which they live, residents will enhance their college experience tremendously. Many former residents have expressed that their residential life experience was one of the most significant aspects of their college careers.

Living with people in an environment conducive to learning, socializing and growing requires a great deal of cooperation and respect among all residents. Students have rights and responsibilities within the residential life community. Each resident has a responsibility to act in a manner that does not interfere with the rights, comfort and safety of roommates, suitemates or any other residents. By exercising their rights with respect for others, and by taking their responsibilities seriously, residents can do their part to make campus living a positive experience for everyone.

Safety and Security

Living in a residence hall is similar to living in any community. Although one of the most important goals of the Office of Residential Life is to provide a safe and secure environment, the bulk of the responsibility rests with each
resident. Many problems regarding thefts and vandalism result from residents’ carelessness. Prevention of these problems requires a high degree of awareness and common sense.

The Campus Safety and Security Department operates 24/7. Do not hesitate to contact them at any time. They can be reached Monday through Friday, 8:30 a.m. - 4:30 p.m. at (914) 633-2245, and at all other times at (914) 633-2560.

While every effort is made to safeguard residents and the contents of their rooms, it is of utmost importance that students cooperate with the College’s efforts to maintain a safe and secure environment. By taking the following precautions, students can greatly reduce their chances of becoming the victim of a crime.

1. Keep rooms locked whenever you leave, even if only for a few minutes. This is the single most effective thing you can do to avoid theft.
2. Keep doors locked when going to sleep.
3. Never leave a door propped open. If you see a door propped open, close it.
4. If you notice strangers or suspicious people in the residence hall, notify a Residential Life or Security staff member immediately.
5. If your room is easily accessible from ground level, lock your windows when you leave.
6. If you live in one of the apartment complexes, please keep your window that is linked to the fire escape locked.
7. Never leave valuables and large sums of money in your room.
8. Do not give your keys to anyone; report their loss or theft to a staff member immediately.
9. Keep a record of the valuables that you bring to campus. Mark them with a personal identification number. This will increase the chance of recovering them in the event of a theft.

**Fire Safety:**
Many fires are caused as a result of pranks or carelessness. The cooperation of everyone is needed to avoid fire hazards. Residents and RAs are not responsible for putting out fires, but are largely responsible for their own safety. First consideration must always be the safeguarding of life. In any questionable circumstance, alert all people in the building and evacuate. In the event of suspicion of fire, notify the RA, RHD, or security immediately. It is better to report even the suspicion of a fire than to gamble that it may be a false alarm. Also, remember that you are not a trained firefighter - know and abide by your limitations.

New York State law requires that three fire drills be held in residence halls during the academic year. Every resident is required to follow instructions for evacuation of the building. Failure to evacuate during a fire alarm will result in disciplinary action and a fine of at least $500.

The following are guidelines that should be followed to prevent fire damage and bodily harm.

1. Be familiar with the exits nearest your room.
2. Do not smoke in the residence halls.
3. Do not use faulty or prohibited electrical equipment.
4. Extinguish all cigarettes before entering the residence halls.
5. Do not burn candles or incense.
6. Do not prop open corridor, entrance, or fire emergency doors.
7. When you hear an alarm, evacuate the building immediately and alert other residents on your way out.
8. Never use an elevator during a fire or fire drill. They could stop working at any time.
9. If you use a fire extinguisher in an emergency, notify your RA so that it can be refilled.
10. Do not tamper with any fire equipment including smoke alarms and fire extinguishers.
Rights and Responsibilities

Living in a residence hall involves following procedures and policies that help foster a clean, safe, comfortable and respectful community. All residents are entitled to the same rights and share the same responsibilities. Residential students are required to know and abide by the rules and regulations set forth in the Residence Hall Agreement, Student Handbook, and all College publications.

Students should seek assistance from their Resident Assistant (RA), and/or their Residence Hall Director (RHD) for any questions, concerns, or violations of this agreement or college policy. Campus Safety and Security is also available 24 hours a day, 365 days a year and can be reached by calling (914) 633-2560.

Your Rights as a Resident:
1. The right to study free from unreasonable interference in your room.
2. The right to sleep at a reasonable hour without undue disturbance from noise, guests, etc.
3. The right to expect that a roommate will respect one’s personal belongings.
4. The right to a clean environment in which to live.
5. The right to free access to one’s room and facilities without pressure from a roommate.
6. The right to personal privacy.
7. The right to host guests (according to our guest policy) with the expectation that guests are to respect the rights of all residents.
8. The right to be free from fear of intimidation and physical and/or emotional harm.
9. The right to have one’s needs be as important as those of other people.

Your Responsibilities as a Resident:
1. To express an understanding of your individual rights to fellow residents in a calm and diplomatic manner.
2. To treat fellow residents and residence hall staff with respect, consideration and consistent cooperation.
3. To make every effort to comply with all College and Residential Life policies and regulations.
4. To exercise an individual commitment to personal and community security.
5. To avoid damaging your room and all public areas within the halls and their furnishings.
6. To give every resident the personal dignity they deserve and report incidents of racial, ethnic, or other discrimination to hall staff.
7. To accept responsibility for your (and your guests’) behavior at all times.
8. To respect the educational mission of the College and help to maintain an environment conducive to academic achievement.
9. To come forth with information pertaining to damage or a judicial case.

Living with Roommates:
For many students, living with a roommate or suitemates will be a new experience. Having a roommate can be one of the most rewarding aspects of living in a residence hall. Although it is not necessary for roommates to be best friends in order to have a positive relationship, oftentimes roommates ultimately do become close friends. It is also not necessary for roommates to be exactly alike in order to get along and have a good, considerate and cooperative relationship.

While roommates do not have to share every aspect of their daily lives, they do have to live together, and will share, to some degree, in each other’s college lives. Honesty, consideration, mutual respect, communication, compromise and understanding are key elements in learning to live with a roommate. The best way for roommates to get to know each other and avoid conflicts is to listen to each other. By speaking with each other openly and
learning of each other’s likes and dislikes, sensitivities, attitudes, etc., roommates will gradually become acquainted and work out living arrangements to best suit everyone involved.

Be sure to discuss things like pet peeves, personal habits and anything else important to you. If you experience initial difficulty in adjusting to a new roommate, remember that you are not alone. If you continue to communicate and respect each other, most problems will be prevented or easily solved. Your RA can also help resolve roommate concerns.

A roommate can be a companion, tutor, advisor, borrower and lender of clothes, toothpaste and shampoo – but most of all, a roommate can be there to lend an ear, to be a friend, and to share the good times (and the not so good times) of one’s college years. The staff hopes the relationships you build will be a source of friendship and support long after you leave Iona.

**Some Helpful Roommate Reminders:**
1. Try to appreciate and understand others’ lifestyles that may be different from your own.
2. Talk about your feelings. A roommate cannot read your mind.
3. Do not leave nasty notes; talking is much more effective.
4. Be sure to replace anything that you borrow (or break).
5. Try to keep your living space clean and pleasant.
6. Do not pretend everything is fine if it is not. Do not wait until things get really bad, or you may overreact to a minor situation.
7. Be sure to stick to agreements and do your share.
8. If you expect your roommate to respect your rights, you must do the same.

**Services for Residents**

**Activities:**
In an effort to provide residents with opportunities to meet each other, learn something new and be exposed to new ideas, your RA will plan and run several social, educational, and recreational events throughout the year. If you have an idea, share it with your RA. Additionally, there are numerous activities planned by the Office of Residential Life, the Office of Student Development, and student clubs/organizations throughout the year.

The Residence Hall Association (RHA), which is a student organization comprised of members of the residential community, plans various activities, such as the annual Gael Guts, movie nights, comedy nights, and trips to sporting events and Broadway plays. RHA also represents the interests of residents on policy issues affecting the residence halls. Please see your Resident Assistant or Resident Hall Director for more information about the Resident Hall Association (RHA) meeting time and location.

**Air Conditioning:**

All student rooms in Loftus Hall, Conese Hall, South Hall, and East Hall are equipped with air conditioning (A/C). You may use the A/C by adjusting the fan controls located in the A/C unit. Please conserve energy by closing doors and windows when using the air conditioner, and remember to turn it off when you leave. Air conditioning is available at the discretion of Facilities Management when deemed necessary. Air conditioning units are not permitted in Rice Hall or the Apartments at Eastchester. The Housing Accommodation Request Form with a physician’s note detailing a medical reason must be submitted to the Office of Residential Life prior to the student moving in for exceptions to be granted. For students with exceptions granted living in Rice Hall, only free standing air conditioners that do not obstruct the window may be utilized. Window units may be used in the Apartments at Eastchester for students with exceptions granted.

**Bulletin Boards:**

Important notices are posted on bulletin boards in all of the residence halls. They contain important information such as closing procedures, meeting
times, etc. All notices posted must be approved and may not be posted on walls, doors, glass or windows. Notices of parties or events where alcohol will be present are not permitted.

**Cable Television:**
All student rooms are equipped for basic cable television. Students are responsible for providing their own cable-ready televisions (or converter box) and coaxial cable necessary for cable connection, which may be purchased at the campus bookstore or any electronics store. Please report any cable television problem to your Residence Hall Director.

Resident rooms in all the residence halls including the Apartments at Eastchester are connected to the campus network through the wireless network.

Elevators:
Elevators are a convenience for Loftus, Conese, East, and South Hall residents. Please use them properly so they will remain in working condition. Tampering with elevators may result in dismissal from the residence halls.

Insurance:
All full-time undergraduate students are covered by 24-hour accident insurance. As the College is not responsible for any theft, loss or damage to a student’s property, residents are strongly advised to obtain coverage through a personal or parent insurance policy. Residents may also purchase basic health insurance coverage through the Office of Student Financial Services in McSpedon Hall.

Kitchenettes:
In Loftus Hall, each floor is equipped with a microwave. Kitchen space is provided on the ground floor and first floor. East Hall has a kitchen space and microwave on the first floor. Rice Hall is equipped with a kitchen space on the ground floor and a microwave on each floor. Each suite in Conese Hall and South Hall has a kitchenette that include a microwave. Each apartment at the Apartments at Eastchester has a kitchen. The kitchens at the Apartments at Eastchester are not equipped with a microwave, therefore
students there are permitted to bring a microwave. These are the only areas where cooking may occur. The College does not provide utensils, pots or pans. Residents must maintain the cleanliness of cooking areas and equipment.

**Laundry Facilities:**
Washers and dryers are located in Loftus Hall, Rice Hall, Conese Hall, East Hall, and South Hall. The laundry facilities for the Apartments at Eastchester are located below building 20. These machines are operated by a card system. There are machines in or near the laundry facilities that allow you to place money on your card to do laundry. If a washer or dryer is not working properly, please contact the company Hercules, directly at (516) 822-9300 and notify your Residence Hall Director (RHD) or Resident Assistant (RA).

**Lounges/Study Areas/Community:**
Lounges are located in Loftus Hall, East Hall, Rice Hall, Conese Hall, and South Hall for studying, relaxing, community meetings and programs.

**Mail:**
Resident students are each assigned a mailbox in their residence hall, except for the students who live at the Apartments at Eastchester who receive their mail at the campus mail room in Doorley Hall. Mail will be delivered Monday through Friday. If a package arrives for a resident, a package slip will be put in their box with instructions for pick-up. ID must be shown to pick up a package. Mail should be addressed as follows:

Custodial Services:
The College provides custodial service for all lounges, corridors, stairwells, community spaces and common bathrooms in Loftus, Rice, Conese, East, and South Halls and Apartments at Eastchester. However, all areas should be kept in a neat and orderly condition at all times. Loftus, Conese, and South Halls and Apartments at Eastchester residents are responsible for maintaining the cleanliness of their bathroom/shower facilities, as well as the kitchen facilities. Any needed repairs should be reported to the RA or RHD. Residents are responsible for any damages or unreasonably messy rooms/areas, and will be billed accordingly.

Parking:
Freshmen and sophomore residents by academic load are not permitted to have motor vehicles on the Iona campus during their first two years of enrollment. Requests for waivers to this policy will be granted only under special circumstances. The Director of Campus Safety and Security, in conjunction with the Director of Residential Life, will make the final determination for a policy waiver. Juniors and seniors who do reside on campus are permitted to have vehicles on campus, but must apply for a parking decal for the academic year from the Campus Safety and Security Department. Please park only in areas designated for student parking, or the car will be ticketed or towed. Do not leave valuables in cars. Junior and
senior resident students living at the Apartments at Eastchester may obtain a parking permit from their RHD. Each apartment is allotted one permit.

Resident juniors and seniors must park their vehicles on campus and are not permitted to park on the street in the surrounding neighborhoods. Please refer to Code of Conduct and the Parking and Traffic Regulations Handbook published by Campus Safety and Security.

**Facilities for Students with Disabilities:**
Barrier-free rooms are available for students with mobility impairments, and are also equipped with visual fire alarms for the hearing impaired. Students who require special accommodations should make their needs known to the Director of Residential Life as early as possible. The Housing Accommodation Request Form is available in the Office of Residential Life to students who need special housing, and online at www.iona.edu/housingforms.

**Refrigerators:**
Students living in Conese Hall, South Hall, and the Apartments at Eastchester are provided a refrigerator inside their living unit. Therefore, full-size refrigerators are not allowed inside the living unit other than the one provided. We recommend that residents of the Apartments at Eastchester do not bring additional refrigerators to conserve the amount of power to each apartment.

Residents may bring their own refrigerators in accordance with these guidelines:
1. Individual refrigerators should not exceed 2.8 cubic foot (2 amps max).
2. If sharing the refrigerator it should not exceed 5.5 cubic foot (4 amps) per room.
3. It must be UL approved and meet existing electrical codes.
4. It must be placed in a location that provides adequate ventilation.
5. It must be plugged directly into an outlet (no extension cords or multi-plugs).
6. We request that all refrigerators be ENERGY STAR Rated.

**Maintenance/Repairs:**
In order to complete repairs, the Facilities Management staff will enter rooms during 10 a.m. - 4 p.m. on workdays. During emergencies they may enter at other times. While it is not possible for Facilities to notify residents prior to their visit, they will always knock and identify themselves before entering a room. The work area for the repair must be free of personal belongings before requested repairs can be made.

**Storage:**
Storage space in the residence halls is not available and student belongings may not be left in any residence hall during the summer. The College is not responsible for loss or damage of any items left by a resident. Items left behind will be removed and the student will be charged.

**Vending Machines:**
Vending machines are located in Loftus Hall, Rice Hall, East Hall, Conese Hall and South Hall. Vandalism to the machines will result in their removal, and residents will assume responsibility for damages. Please contact a Resident Assistant or Residence Hall Director if you experience an issue with a vending machine in the residence hall.

**Telephone Services:**
Iona College operates its own telephone service for residents in Loftus, Rice, Conese, East, and South Halls. It is a private system separate from Verizon, AT&T or any other telephone provider. Every Rice, Loftus, East, and Conese/South Hall resident’s room is provided with a phone jack that enables students to make calls to any campus phone (offices and student
rooms by dialing four digits only) at no charge, and receive incoming calls from anywhere on or off campus (except third party/collect calls). Caller ID, Call Waiting and voicemail are available on all phones in the residence halls. Resident students are charged a fee each semester for use of the Iona College phone system. Students are encouraged to use the College phone system for all of their on and off-campus calling needs.

In order to make calls to any off-campus location, please apply for a Personal Security Code (PSC) at the Office of Telephone Services in McSpedon Hall. Students residing in the Apartments at Eastchester must coordinate and purchase their telephone hookup, as well as local and long distance services by calling either Verizon at (914) 890-2550 or Cablevision at (914) 777-9033.

PERSONAL SECURITY CODE (PSC):
1. Upon signing a PSC application form either at check-in or at Telephone Services, located on the main floor of McSpedon Hall, students will receive a PSC.
2. The PSC provides access to off-campus dialing. All billing and account information is generated from the PSC and NOT from the extension from which the caller is dialing. This provides callers with the ability to use any campus phone and automatically assigns the charges to their PSC and bill.
3. Students should not share their PSC with anyone including their roommate(s). Students are responsible for all calls made with their code.
4. Students who lose or misplace their PSC, or believe its security has been compromised, should notify Telephone Services in person immediately. The old PSC will be deactivated and a new PSC will be issued. Students are responsible for all unauthorized calls made prior to reporting the loss of the PSC.

The Telephone Bill:
1. Telephone Services sends monthly bills through regular campus mail. If students change rooms or residence halls, they should go to Telephone Services and fill out a change of address form. Failure to do so may result in interrupted service.

2. Each month’s bill is due on the 21st of the month. If payment is not received by the due date, off-campus calling capabilities will be turned off. If this occurs, students must pay their balance in full and a reactivation fee to restore service. Payments for deactivated accounts must be made in full and in person at the Business Office located on the second floor of McSpedon Hall. The PSC will be reactivated the next business day.

3. Check or money order payments (payable to Iona College) may be sent via campus mail to the Business Office from the residence hall front desk. Students may use the pre-printed envelope included with the bill. Cash payments must be made in person at the Business Office.

4. If a student bounces a check due to insufficient funds, their PSC will be deactivated until the check is cleared. A $15 returned check fee will be charged.

5. All billing inquiries must be made to Telephone Services by the due date of the bill in question.

6. If a student does not pay their past due bill, it will be transferred to their regular student account in the Business Office. Once this happens, they will be required to settle their entire account with the Business Office in order to restore the PSC.

7. If students wish to deactivate their PSC, they must notify Telephone Services in person. They will still be able to make campus calls and receive incoming calls from anywhere on or off campus.

**East Hall:**
Rooms in East Hall can also be configured for telephone services.
Students having trouble making or receiving calls must determine whether the problem is in their line or their telephone instrument. Please check this by:

1. Borrowing another telephone and plugging it into the jack. If a dial tone is heard, the problem is in the telephone instrument. In this case, it’s the student’s responsibility to have the phone repaired or replaced.

2. Plugging the telephone into another jack in another room. If students get a dial tone, the problem is in the line. In this case, contact Telephone Services at ext. 2100 during business hours. A telephone technician will repair the problem within two business days. Technicians will enter the room (even if residents are not home) unless instructed otherwise when called about the problem.

**Dialing Instructions:**

When calling from resident rooms in Loftus or Rice Halls or any campus phone, follow the steps below:

- On-campus: Dial the listed four-digit extension.
- Off-campus local calls (within 914 area code): Dial 9 + 7 digits. Hear interrupted tone. Dial PSC.
- Long distance calls (outside 914 area code): Dial 9 + 1 + area code + 7 digits. Hear interrupted tone. Dial PSC.
- Local information: Dial 9 + 555-1212 (or 411). Hear interrupted tone. Dial PSC. ($.85 per call)
- Long distance information: Dial 9 + 1 + area code + 555-1212. Hear interrupted tone. Dial PSC. ($.95 per call)
- 1(800) calls: Dial 9 + 1 + 800 + 7 digits. Hear interrupted tone. Dial PSC.
● Collect calls: Dial $9 + 8 + 1 + 0 + \text{area code} + 7 \text{ digits}$. Hear interrupted tone. Dial PSC.

**Special Calling Features:**
Iona College’s phone system is equipped with the following special calling features:

**Three-way Calling:**
Also referred to as “conference calling,” this feature allows students to connect with two other callers simultaneously either on or off campus.

**Step 1:** Dial the first party’s telephone number.

**Step 2:** With the first party on the line, press the hook switch briefly. This places the first call on hold.

**Step 3:** Dial the second party’s telephone number.

**Step 4:** With the second party on the line, press the hook switch briefly again and all parties will be connected.

**Call Forwarding:**
This feature allows students to forward all of their calls to another on-campus extension.

**Step 1:** Listen for dial tone and dial *2.

**Step 2:** Hear the interrupted tone. Dial the extension where calls should be forwarded. Any incoming calls will automatically be routed to that extension.

**To Cancel Call Forwarding:**
**Step 1:** Listen for dial tone and dial #2. Calls will now ring at your telephone.

**Call Waiting:**
A short tone lets you know someone else is calling while you are on the phone. You can put the first call “on hold” to talk to the second caller. Press and release the hook switch to answer the incoming call. To get the first call
back, press and release the hook switch again. You can switch back and forth between the two calls as often as you like just by pressing the hook switch. To end the first call, hang up and wait for your phone to ring. When you answer it, the second caller will be on your line.

**Call Transferring:**
This feature allows students to transfer the caller to another extension.
Step 1: While the first party is on the line, press the hook switch briefly, and listen for the interrupted tone.
Step 2: Dial the desired extension, then hang up. The call is now transferred.

**Caller ID:**
Caller ID is available on all phone lines at the College. Students must purchase a digital telephone if they wish to take advantage of the Caller ID feature.

**Voice Mail:**
All residence hall extensions have voice mailboxes associated with them. If you are sharing an extension with a roommate, you may request a “split” mailbox from Telephone Services (ext. 2100) so that each person has a private location to store messages.

**Activating Your Voice Mailbox:**

**A. Pick Up - Busy**
You are on the phone and you want voice mail to answer your calls:
1. Lift Handset
2. Dial *3 4222

Voice mail will answer any additional calls you receive when you are on the phone.

To cancel:
1. Lift Handset
2. Dial #3

**B. Pick Up - No Answer**
You are stepping away from your desk for a short time:
1. Left Handset
2. Dial *4 4222

Voice mail will answer your phone after approximately 4 rings.

To cancel:
1. Lift Handset
2. Dial #4

*Both A & B above only need to be done ONCE as long as you do not want to change.*

**C. All Call to Voice Mail**
You are leaving for the day and you want voice mail to pick up all calls:
1. Lift Handset
2. Dial *2 4222

Now you will not hear any ring when you receive a call - it will go directly to voice mail.

To cancel:
1. Lift Handset
2. Dial #2

This will cancel voice mail from answering all calls, but does not cancel A & B above.

**How Do I Hear My Messages?**
A. From Your Phone in Your Residence Hall
1. Lift Handset
2. Dial 4222
3. Follow the instructions of the Voice Mail operator

B. Away From Campus (Pay phone, any off-campus phone, home, etc.)
1. Call (914) 633-2222
2. Hear “Iona College Voice Mail”
3. Dial 9
4. Dial your Iona College four digit extension
5. Follow the instructions of the Voice Mail operator.

Residential Life Policies and Procedures

An important part of living in a residence hall involves following procedures and policies that help foster a clean, safe, comfortable and respectful community. All residents are required to know and abide by the rules and regulations set forth in the Residence Hall Agreement and all College publications.

Living in the residence halls is a privilege, not a right. Failure to comply with any procedures and policies may result in dismissal from Residential Life and/or from Iona College. Actions committed on or off College property may also be subject to disciplinary action, provided that the offense is related to the safety of the College community or any individual, the integrity of the educational process, or the good name of Iona College.
Housing Contract Requirement

By completing the Residence Hall Agreement, (the “Agreement”) the Student recognizes that they are making a contractual commitment to Iona College housing for two academic years. First-year students living within 25 miles of the Iona campus who commute from a parent or guardian’s home DO NOT need to apply for exemption from this housing contract requirement.

The Two-Year Housing Contract states that all full-time undergraduate students will reside in College housing during their first and second years at Iona. As part of the Two-Year Housing Contract, students lock in their room and board rate for both years, and will not be subject to any increases while in the contract.

Students with circumstances matching the following criteria may be EXEMPT from the housing requirement:

- Students living within 25 miles of the Iona campus who will commute from a parent or guardian’s residence (proof of residency with a parent or guardian may be required);
- Married students;
- Students with dependents;
- Students who have been declared as independent;
- Veterans of the military;
- Transfer students;
- Students with documented medical conditions that require housing accommodations Iona is not able to provide; and
- Students participating in Iona-sponsored study abroad programs.

Other incoming first-year students wishing to apply for exemption must email housingwaiver@iona.edu by May 31 with the specifics of this request for consideration by a committee made up of representatives of Enrollment Management and Student Life. Students accepted after May 31 must email housingwaiver@iona.edu within 10 business days of acceptance for consideration.

Rising second-year students wishing to apply for exemption must submit the Housing Withdrawal Form on the StarRez Housing Portal by March 1 to appeal for the upcoming fall semester. All students who are exempt from this housing contract requirement will be contacted by Off-Campus and Commuter Services for ongoing outreach and support.

Full-time first- and second-year students who do not reside on campus and are not exempt from the housing contract requirement will be responsible for the established room and board costs. Returning students who fail to select housing as part of the room selection process will be assigned a space after the room selection process is complete.

The Office of Residential Life houses students who complete and sign all forms and qualify for housing based on admission qualifications and as space permits. Only full-time students enrolled at Iona College may occupy a room in a residence hall. Other students may be eligible if space is available and at the discretion of the Director of Residential Life or a designee.
1. Housing Deposit:
The $250 non-refundable housing deposit serves as both a room reservation fee and a security damage deposit. All residents, even those who are covered fully by financial aid and/or scholarship are required to pay the $250 deposit. Any damages to the room and common areas will be deducted at the end of the year, and the remaining balance will be credited to the student account in the Student Financial Services Office. The entire deposit will be forfeited if residents withdraw or are dismissed from on-campus housing before the full academic year is completed. Exceptions are granted for December graduation, study abroad or serious illness as described in the Resident Hall Agreement/Contract.

2. Room and Board:
Room and board bills are issued in July for the fall semester and in November for the spring semester. In both cases, full payment is due prior to the start of either semester. The exact due date will be indicated on the bill. Residents will not be permitted to occupy a room in the halls unless the Student Financial Services Office grants clearance. Any person who does not maintain good financial standing with Student Financial Services will be asked to leave the residence halls.

3. Room Assignment:
Only full-time (minimum of 12 credits) day undergraduate students enrolled at Iona College may occupy a room in a residence hall. Other Iona College students may be eligible if space is available and at the discretion of the Director for Residential Life or his designee. Due to the number of students applying for housing, the Office of Residential Life cannot guarantee residence hall or room preferences. We encourage students to meet as many new people as possible and do not discriminate when assigning housing based on race, religion, sexual orientation, nationality or culture.

4. Consolidation/Re-Assignment:
If a resident has a vacancy in their room, the Office of Residential Life reserves the right to re-assign that resident to a new room, or to assign another roommate to that room. If this occurs, the Office will try to provide as much advance notice as possible. The Director of Residential Life or designee may re-assign residents as needed.

5. Residence Hall Agreement:
Each student who lives in Iona College housing must submit a signed Residence Hall Agreement. Once the Residence Hall Agreement is signed and submitted it signifies an agreed commitment between the student and the College. The student is making the commitment to live in Iona College housing for the full academic year, and the College is committed to providing the student housing for the full academic year. If the Residence Hall Agreement is broken and the student leaves Iona College housing, (with the exception of a student’s graduation, documented serious illness or participation in an Iona College sponsored Study Abroad Program); the housing deposit is forfeited and a fee is assessed based on when notification is received by the Office of Residential Life.

All students must provide notification to the Office of Residential Life that they will no longer be living in housing. The only way to do so is by submitting the Change of Housing Status form.

It is only available on our website online: Iona Homepage > Student Life > Housing & Living Environments > On-Campus > FAQs > under “Residence Hall Agreement Termination/Cancellation Information.” When the Change of Housing Status form is submitted, it is automatically date and time stamped, and received by the Office of Residential Life.

The top of the Residence Hall Agreement reads:

**IMPORTANT**
By completing the Residence Hall Agreement, (the “Agreement”) the student recognizes that they are making a contractual commitment to Iona
College housing for the entire academic year which includes both the fall and spring semester. Additionally, the student understands that the Agreement is binding when it is signed by the student, and delivered to the College accompanied with the non-refundable housing deposit. Early cancellation by applicant can only be made according to the terms and provisions cited herein. The Office of Residential Life houses students who complete and sign all forms and qualify for housing based on admission qualifications and as space permits.

The Residence Hall Agreement also states:

4. LENGTH OF AGREEMENT
This Housing Agreement is a binding document, which obligates a student to live in College residence halls for the entire academic year or the remaining portion thereof. This Agreement may not be cancelled at any time with the exception of a student’s graduation, documented serious illness or participation in an Iona College sponsored Study Abroad Program. Students who cancel this agreement for reasons other than those set forth herein shall be responsible for the following schedule of fees associated with their cost of room for the length of this Agreement, including costs incurred to repair any damage to the Student’s room and/or common area. This agreement constitutes a license for use of College accommodations and is not a lease. Resident students must vacate and return all keys no later than 24 hours after their last exam or 6 p.m. on the final day of the exam period. Residence halls are closed during the Thanksgiving, Winter Recess, Spring, Easter and Summer vacation periods, with exceptions based on the prior written approval of the Director of Residential Life.

6. Termination of the Residence Hall Agreement:
In order to withdraw prior to the end of the academic year, residents must complete and submit the Residential Life Change of Housing Status form. Room and board fees will be adjusted only if withdrawal is approved for one of the following reasons: December graduation, participation in an approved Iona College Study Abroad Program, or serious illness. Early termination of
the Residence Hall Agreement will result in forfeiture of the $250 housing deposit, and a fee is assessed based on when notification is received by the Office of Residential Life.

All students must provide notification to the Office of Residential Life that they will no longer be living in housing. The only way to do so is by submitting the Change of Housing Status form. It is only available on our website online: Iona Homepage > Student Life > Housing & Living Environments > On-Campus > FAQs - under “Residence Hall Agreement Termination/Cancellation Information” When the Change of Housing Status form is submitted, it is automatically date and time stamped, and received by the Office of Residential Life.

**Termination Charge Policy for Cancellation of this agreement:**
If you choose to leave college housing after submitting a housing agreement, you forfeit your $250 housing deposit and a housing breakage fee will be assessed based on when written notification is received by Residential Life and the following schedule:

* All Housing Deposits are Non-Refundable.

Students who can prove a significant change in academic, medical or financial circumstances since signing this agreement may petition for a waiver of this charge to a Hearing Board comprised of members from Student Financial Services and the Division of Student Life. To Petition for a Waiver and prove a significant change in academic, medical or financial circumstances since submitting the Residence Hall Agreement, fill out the following form: “Petition for Waiver 2015-2016 Residence Hall Agreement”. It is only available on our website online: Iona Homepage > Student Life > Housing & Living Environments > On-Campus > FAQs > under “Residence Hall Agreement Termination/Cancellation Information”

7. Check-In:
At the beginning of the fall semester, residents are required to formally check-in at their assigned residence hall. At that time, they will receive their room and exterior door keys, mailbox number and combination. NO STUDENTS WILL BE PERMITTED TO CHECK-IN PRIOR TO THEIR DESIGNATED DATE AND TIME. If students do not check-in by the second day of classes, their assigned space will be forfeited.

8. Room Changes:
Room changes are not permitted until after the first week of any semester. It is important that residents use that time to get adjusted to campus living and to their roommate(s). The Office of Residential Life also needs that time to ensure the accuracy of housing records. If residents are considering requesting a room change, they should begin by discussing the situation with
their roommate(s) and consult with their Resident Assistant. A room change can only be granted with the approval of the students Residence Hall Director (RHD) in conjunction with the Assistant Director of Residential Life. Students who change rooms without the proper approval will face disciplinarily action.

9. Absences:
When residents expect to be away from their residence hall for two or more consecutive days while classes are in session, they are urged to inform the RA and provide a number where they can be reached in an emergency.

10. Keys:
A room key will be issued at check-in. Keys are the property of the College and may not be duplicated or given to any other student. Residents should lock their doors at all times. The residence hall front doors are locked at all times.

11. Lost or Stolen Keys:
The Office of Residential Life holds the safety of students as a top priority. The loss or theft of a key is considered a security risk, as anyone who finds it is then able to access student buildings and/or rooms. Therefore, for the safety of all students, a lost key will always result in a lock change. If a key is lost or stolen, the Office of Residential Life (a Resident Assistant, Resident Hall Director) should be notified immediately in order to maintain safety and security. Students can contact Residential Life outside business hours through Campus Safety and Security (available 24/7) at (914) 633-2560. A new lock will be installed on the door within 48 hours and new keys will be issued. There is a $200 charge to replace a lock. Exterior door keys may be replaced for $10 each.

12. Lockouts:
Residents are encouraged to carry their key at all times. If they are locked out of their room, they should try to find their roommate(s) first. If
unsuccessful, they should try to find a staff member within the building. They can also go to their Residence Hall Director’s office (during business hours) and the front desk for assistance.

The Residential Life staff is not authorized, under any circumstances, to let anyone into someone else’s room. Therefore, a student must show proof of identification (student identification card, driver’s license) prior to entry. If the student has no form of identification at the time, the student will be required to show identification immediately upon entrance to the room.

There is a $5 lockout fee. When the residence halls are closed for break periods, the fee is $10.

Payment is recorded in a receipt book and the student is given a copy of the receipt. Students who have repeated lockouts are subject to disciplinary action.

13. Residence Hall Closings: vacation/holiday/break periods
The residence halls are closed for Thanksgiving, Winter Break/Intersession, Spring Break, Easter/Passover holidays and Summer. All residents must leave the residence halls by the time designated by the Office of Residential Life. During hall closings, residents must lock all windows and doors, empty the refrigerator, unplug all appliances, turn off lights and air conditioning and remove all trash. Iona is not responsible for personal belongings left in rooms.

Residents who need to live on-campus when the residence halls are closed must obtain prior approval from the Director for Residential Life or his designee. This is done by the student submitting an online form and receiving an email confirmation prior to the start of the break period. Limited housing is also available for Iona students enrolled in summer classes through an application/registration process. Pre-payment for summer housing is required. Facilities Management staff may need enter rooms,
regardless of whether they are occupied, to complete necessary maintenance and repairs.

Alcohol and overnight guests are not permitted during break periods.

14. Housing Selection:
During the spring semester, the Office of Residential Life conducts the housing selection process, which allows current students in good standing to select a room for the next academic year. Residents must pay the housing deposit and complete all forms and procedures by the designated deadlines to be eligible for housing. Participation in the housing selection process does not guarantee that students will receive their first or preferred choice.

15. Move-out or Withdrawal from the Residence Halls:
Residents who change rooms or leave the residence halls must notify their Residence Hall Director (RHD) who will collect their key and assess the condition of their space. The expectation is that the room is left in a clean and orderly condition. Any furniture that may have been moved must be properly restored. Failure to leave the room in the condition it was found or failure to follow proper checkout procedures will result in a charge. At the end of a semester, residents must vacate the residence halls by the time specified by the Office of Residential Life. Proper checkout requires that residents follow these steps:
- Remove all trash and clean the room thoroughly
- Restore all furniture to its original location and configuration
- Remove all personal belongings
- Close and lock all windows, draw shades, close blinds, and turn off lights
- Lock the door and return key
- Have mail forwarded to your new address

All belongings left behind will be removed and the student will be charged.
16. Community Meetings:
Residents are required to attend all meetings organized by the Residential Life Staff. Dates, times, and locations will be announced in advance.

17. Decorations:
Residents are encouraged to personalize their room and be creative, but must use decorations that do not damage the room and are in compliance with fire safety regulations. Use of nails, paste, glue, tacks, or markers on walls, ceilings, furniture, woodwork, doors and floors is not permitted. Students may not paint, panel, wall paper, or use contact paper to decorate their rooms. Nothing should be hung on or off any type of bed posts, frames, or mattresses. The College reserves the right to remove any decorations which are visible from outside the confines of the room and which are deemed to be inappropriate by the Director for Residential Life or his or her designee. The College also reserves the right to remove any decorations that are deemed a concern for fire safety by the Director for Residential Life or his or her designee.

There are some restrictions on the following items:
Drapes – may only cover half of the wall that they are hung on
Christmas/decorative lights – may be hung but should not be touching other fixtures (i.e. Sprinkler heads, smoke alarms, smoke detectors, bed posts, dressers, desks, etc.)

18. Trash Removal/Recycling:
Residents are responsible for removing trash from the room on a regular basis to a designated area. All cans, bottles, paper and glass must also be recycled in the appropriate containers.

19. Health and Safety Inspections:
Health and Safety Inspections will be conducted periodically by Residential Life staff members and appropriate College officials. Prohibited items will be removed to protect residents’ health and safety and to avoid fire hazards.
Inspections are also done to provide preventive maintenance and to maintain the quality of the living environment. While the College maintains the cleanliness of all hallways, common rooms, and lounges, it is the student’s responsibility to keep their room and bathroom in an orderly condition. Below are guidelines to follow:

- do not allow empty cans, bottles or food packages to accumulate
- Remove all trash regularly
- do not use paper to line drawers
- do not allow soiled clothing to accumulate
- do not possess candles, extension cords, or open coil heating devices
- do not store brown paper bags
- Keep the microwave/kitchen area clean
- do not overload electrical outlets (only UL surge protected power strips are allowed as extension cords.)
- Use only those appliances that have been approved by the Office of Residential Life
- Belongings must be at least 18 inches from the ceiling/sprinkler heads.

20. Damage Assessment:
It is important that residents exercise a sense of concern and respect for their community. Residents will be held responsible for damage, misuse, removal or theft of any College property. This includes any and all common areas, hallways, bathrooms, stairwells, fire safety equipment and individual rooms. If the individual responsible for damage(s) cannot be identified, all residents of a room, suite, floor, or entire residence hall will share the costs for labor and materials. The group of individuals charged for unassigned damage(s) is determined according to the location of the damage and at the discretion of the RHD. Disciplinary fines may also be imposed. Residents are encouraged to accept responsibility and hold other residents responsible for their actions and alert their RA as soon as damages occur. Extensive or repeated damages may result in dismissal from Residential Life. The following is a sample list of estimated damage charges. Costs are subject to change without notice.

**RESIDENTIAL LIFE POLICIES:**
These policies apply to all residential areas.

1. Fire Equipment/Alarms:
Fire alarms, extinguishers, smoke/heat sensors, emergency phones, fire doors, fire escapes and/or exit signs are placed in the residence halls to protect life and property. It is a violation of fire codes and a misdemeanor to misuse or tamper with these protective devices. Students may not place any items in a room within 18 inches of the ceiling in order to ensure the proper operation of the fire sprinkler system. Anyone starting or causing a fire, failing to evacuate during a fire alarm or tampering with a fire alarm or extinguisher for purposes other than an emergency will be subject to severe disciplinary action, including at least a $500 fine and dismissal from Residential Life.

2. Disrespect/Interference with the Rights of Others:
It is a violation of Residential Life policy to verbally or non-verbally demonstrate disrespect for staff members or students. Residence halls are comprised of many members who live in community with one another, and noise is a factor. Residents are expected to be respectful of others. If one’s actions or noise interferes in another student’s right to sleep or study, they are in violation of Residential Life policy.

3. Harassment and Intimidation
It is a violation of Residential Life policy to physically, verbally, sexually, or mentally harass any individual. Harassment is prohibited via any media including, but not limited to, in person, over the phone, online, social media, or through third parties. Intimidation is a form of harassment and is similarly a violation of Residential Life policy.

4. Sexual Harassment
It is a violation of Residential Life policy to engage in behavior that includes unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature or conduct directed at a person because
of his or her sex/gender when: such conduct is made an explicit or implicit condition of an individual’s academic status or employment; or refusing or submitting to such conduct is used as basis for academic or employment decisions; or such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance, i.e. it is sufficiently serious, pervasive, or persistent as to create an intimidating, hostile, humiliating, demeaning, or sexually offensive working, academic, residential, or social environment under both an objective (a reasonable person’s view) and subjective (the complainant’s view) standard.

5. Hazing
A violation of Residential Life policy, hazing is any action or situation, with or without the consent of the participants, which recklessly, intentionally, or unintentionally endangers the mental, physical, or academic health or safety of a student. It includes, but is not limited to, physical injury, assault or battery, kidnapping or imprisonment, intentionally placing at risk of mental or emotional harm (putting “over the edge”), degradation, humiliation, the compromising of moral or religious values, forced consumption of any liquid, solid, or gas, placing an individual in physical danger (at risk) which includes abandonment, and impairment of physical liberties which include curfews or other interference with academic endeavors.

6. Verbal Abuse
It is a violation of Residential Life policy to denigrate or bully any individual through the use of insults, slurs, and other types of verbal or written language with the purpose to demean a person or create a hostile environment.

7. Sexual Assault
Sexual Assault is the act of committing unwanted physical contact of a sexual nature, whether by an acquaintance or by a stranger. Such contact is unwanted when it occurs without the consent of one or both individuals, when one of the individuals is incapacitated or incapable of giving consent, or occurs with the use of force. An “acquaintance” can include close friends,
intimate partners, family members, classmates, or can be someone you just met. Complainant/survivors and the accused can be of any sex/gender, sexual orientation and/or sexual identity. There are many degrees and forms of sexual assault including, but not limited to, the following. Each of these forms of sexual assault is a violation of Residential Life policy as well as Iona College policy.

Iona College is committed to complying with Title IX and to providing a campus environment free of sex/gender based discrimination and prohibits sexual harassment, sexual exploitation, sexual violence including sexual assault and other non-consensual sexual touching, domestic violence, dating violence, stalking, and other gender-based misconduct, all described in this policy as “Sexual Misconduct.” The Director of Human Resources, serves as Iona College’s Title IX Coordinator and is responsible for monitoring compliance; providing education, training and notifications; overseeing complaints; coordinating or conducting investigations; serving as a resource for any questions or concerns about sexual harassment, sexual violence, sexual misconduct, unequal access to educational programs or activities, or other discrimination on the basis of sex.

8. Failure to Comply with College Official:
In matters where a Residential Life or College official is acting in the performance of their assigned duties, if a resident or guest fails to cooperate, refuses to comply with directions, fails to provide proper identification upon request or provides false or misleading information, Residential Life policy is being violated. Interference with the investigation of a violation, assisting in violations, or being aware of violations without reporting are also violations of Residential Life policy. Such behavior may result in dismissal from Residential Life.

9. Alcohol Policy:
In rooms/suites/apartments where all residents are over 21, individuals of legal drinking age may possess and/or consume alcohol in their rooms,
provided all roommates and suitemates, present or absent, are of legal drinking age. All guests and students under the legal drinking age may not be in the presence of alcohol in the residence hall. The purchase, sale, distribution, consumption, association with, being in presence of, or possession of alcoholic beverages by any residents or guests, regardless of age, is prohibited in apartments where any resident is under 21.

Students of legal drinking age may possess what College officials determine to be a reasonable quantity of alcohol for their personal consumption only. Residents may not have more than a reasonable amount of alcohol per person assigned to the room. College officials may consider empty alcohol containers in determining whether this standard has been violated or if they suspect underage drinking and/or excessive alcohol consumption has occurred. Residential Life and Campus Safety and Security staff may consider empty alcohol containers when documenting quantity limit violations if they suspect underage drinking and/or excessive alcohol consumption has occurred.

The College prohibits the possession of items used for common distribution of alcohol. Such items include, but are not limited to, kegs, party balls, punch bowls or trash can punch. Regardless of size, kegs or beer balls, full or empty, along with all associated hardware are prohibited in every residence hall and will be permanently confiscated. Drinking games and rapid consumption techniques and devices (e.g. funnels, beer bongs, shot glasses, beer pong tables, bars, bar signs, etc.) by their nature promote abusive consumption of alcohol and thus violate the alcohol policy. The College prohibits organizing or participating in activities that encourage excessive drinking (e.g., beer pong, drinking games or contests), or charging a fee when hosting parties. Possession of empty alcohol containers, even for decorative purposes, is prohibited.

Students are prohibited from possessing open containers of alcoholic beverages in common areas of the College, including, but not limited to:
hallways, lounges, bathrooms, campus grounds, classrooms and stoops/front steps, etc. A container is any bottle, can, glass, cup or similar receptacle designed to hold or capable of holding a liquid.

Illegal gatherings are events where there are 15 more people present than the room, suite, or apartment occupancy allows.

10. Drug Policy:
Iona College promotes a substance-free campus environment. Possession, consumption, being in the presence of, or being under the influence of controlled substances without a prescription, or illegal drugs (i.e., marijuana) is prohibited in all residence hall areas including individual rooms. Possession of drug paraphernalia is considered a violation of the Drug Policy. Illegal drug use is a serious offense and may result in dismissal from Residential Life. Residents are responsible for their actions on and off campus. Students who enter the hall intoxicated or with controlled or illegal substances in their system are in violation of Residential Life policy.

11. Smoking Policy:
In compliance with the New York Clean Indoor Air Act, smoking is not permitted in any part of the residence halls including common areas, stairwells, and individual rooms. This includes, but is not limited to, the use of smoking devices such as cigarettes, cigars, pipes, hookahs, electronic cigarettes, or vaporizers. Smoking is permitted 20 feet outside the entrance of each residence hall.

12. Guest Policy:
The purpose of the guest policy is to allow residents to host guests in a responsible manner. The rights and property of individuals, including roommates, suitemates and the College must be protected from unwanted intrusions and potential vandalism. For the purposes of this policy, guest can be defined in two ways. The term “guest” refers to any non-student, faculty or staff member or anyone not affiliated with Iona College.
The term “guest” may also refer to any student (commuter or resident) who, an Iona student assumes responsibility for in their living space (i.e., if an Iona student has other Iona students as guests in their living space and those students violate college policy, then the Iona host may be responsible for the actions of those guests even though they are also Iona students).

The College reserves the right to deny access to any “guest.”

Guests must comply with all Residential Life and Iona College rules and regulations. The resident host is responsible for the actions of their guest(s) and will be held accountable for any damages or inappropriate behavior while the guest is in the residence hall or on the campus.

Resident students are not allowed to have unauthorized persons staying in their residence hall room on a continuous basis. Cohabitation, regardless of gender, is not permitted. This includes Iona commuter/resident students and other guests.

**Guest Hours**

Guest hours are from 8 a.m. - 2 a.m., seven days a week. Residential students may only host a maximum of two (2) guests, day or night.

Roommates should always confer about all visitors and guests (especially overnight guests) in advance of a visit and agree that a visitor or guest is not an imposition.

Overnight guests must be registered and have an overnight guest pass on file at the respective residence hall front desk before 10 p.m. on the date of visit. Overnight guest passes can be obtained from the front desk of each residence hall and must be completed with the guest name(s) and all roommate signatures (if applicable). No exceptions will be made and no overnight guest passes will be accepted after 10 p.m.
Freshman & Sophomore Students
Are permitted overnight guests on Friday, Saturday and Sunday only.

Junior & Senior Students
Are permitted overnight guests Monday thru Sunday but may only host two (2) overnight guests for no more than three (3) nights in a seven (7) day period.

As such, a guest may not stay overnight in the Apartments at Eastchester for more than three nights within a seven day period. While providing for this interaction, the policy is also sensitive to every resident’s need for a level of privacy in a community environment, the balancing of rights among resident students, and the need for safety and security.

All Students Please Note: Overnight guest visitation is not permitted during periods where the College is closed for breaks or holidays. Overnight guest passes will not be issued.
