HONORARY DEGREE

Patrick Ryan Quinn '06
Founder, Quinn for the Win

Iona alumnus Patrick Quinn '06 was born and raised in Yonkers, New York. After attending Iona Preparatory School, he furthered his studies at Iona College and graduated with a bachelor's degree in criminal justice.

In March 2013, a month after his 30th birthday, Patrick was diagnosed with Amyotrophic Lateral Sclerosis, or ALS. Shortly after, he committed himself to a mission of spreading awareness for the then little known progressive neurodegenerative disease. Patrick became a tireless advocate for the cause, founding Quinn for the Win, an organization that raises funds for research and calls attention to the lack of treatment for ALS, while also working toward a cure.

Patrick co-founded the most significant movement in ALS awareness and fundraising, the ALS Ice Bucket Challenge, in July 2014. The movement spread across the United States and around the world, raising over \$220,000,000 globally. Patrick appeared on various media outlets to promote ALS awareness and the Ice Bucket Challenge, ranging from local television and radio to Good Morning America and MSNBC.

He continued to advocate for ALS by talking before Congress, at inspirational speaking engagements with Google, Facebook and Wired magazine, as well as serving as an invited speaker at grammar schools, high schools, colleges and universities.

A student and athlete, Patrick was involved in baseball and basketball at Iona Prep and played four years of rugby at Iona College. In 2014, he was inducted into the Iona College Rugby Hall of Fame. In September 2018, in recognition of his courageousness and the example he set for all who *fight the good fight*, the southwest corner of Mazzella Field was named 'Pat Quinn Corner.' Pat was presented the inaugural Pat Quinn '06 Award for Courage at the Iona Athletics Hall of Fame induction ceremony in June 2019.

Patrick has received many accolades for his advocacy work, including nomination as 2014 TIME Magazine Person of the Year; ALS Association Living Hero Award; ALS Therapy Development Institute Stephen Heywood Patients Today Award; City of Yonkers Distinguished Service Award; and Major League Baseball Network Media Charity Award. He was inducted to the Iona Preparatory Hall of Fame, awarded the Brother John G. Driscoll Award for Humanitarian Service from Iona College, was inducted to the Irish America Hall of Fame in Ireland and also received the Dylan Smith Award from the American Ireland Fund for community service.

The ALS Ice Bucket Challenge and Patrick received a Webby Award for the creation of the inspiring five-word acceptance speech, "Every August Until A Cure," which became the new mantra for the ALS community. The ALS Ice Bucket Challenge was nominee for thirteen and recipient of ten awards at the Cannes Lions International Festival of Creativity in France, and also received the Facebook Blue for Good award.

*For his inspirational leadership, advocacy for finding a cure for Amyotrophic Lateral Sclerosis, the international impact he brought about, and the unwavering courage he displayed while fighting his very good fight, Iona College hereby confers upon **PATRICK RYAN QUINN** the degree **Doctor of Humane Letters, Honoris Causa**.*

IONA COLLEGE

MISSION STATEMENT

Iona College is a caring academic community, inspired by the legacy of Blessed Edmund Rice and the Christian Brothers, which embodies opportunity, justice, and the liberating power of education.

Iona College's purpose is to foster intellectual inquiry, community engagement, and an appreciation for diversity.

In the tradition of American Catholic Higher Education, Iona College commits its energies and resources to the development of graduates recognized for their ethics, creativity, and problem solving abilities; their independent and adaptable thinking; their joy in lifelong learning; and their enduring integration of mind, body, and spirit.

IONA ALMA MATER

Iona, Alma Mater,
Hail, all hail, to thee!
We raise a cry to glorify
Thy name where'er we be.
To thee we owe allegiance;
Abroad we spread thy fame;
Throughout the world we praise thee,
Proud to bear thy name.

Great Columba, trusted patron
Guide our College year by year.
Founder of the first Iona,
Sing we now in accents clear:
Iona, Alma Mater,
On high thy glories soar;
Ionians go forth again
To praise thee evermore.

– G.P. Lyons, CFC

ACADEMIC REGALIA

Originally, academic costumes were worn by members of religious orders who established most of the early universities. Academic garb consisted of the clerical robe and a hood (which actually served as that). While these costumes were similar, different orders frequently modified their gowns and hoods. Some officials also wore insignia or other adornments to identify their positions.

When universities achieved identity as educational institutions, the design and symbolism of academic regalia began to change. Universities in Europe (and in overseas areas culturally tied to Europe) developed colorful gowns and caps, and the hood became a designator of degrees.

Institutions in the United States were, until recently, rather conservative in the matter of academic garb. While tendencies in the other direction began to manifest themselves in 1895, they were checked temporarily when a conference of institutions agreed that the basic academic garb should be a black robe and cap, and a hood indicating the wearer's degree and the institution from which it was received.

In recent times, an increasing number of institutions have adopted gowns and caps which incorporate official colors. The pace of this change was accelerated when Harvard University introduced its crimson doctoral gown. Other institutions felt challenged to match this resplendence. While embellishments were first limited to the doctor's attire, the use of colored gowns and caps for bachelor's and master's degree recipients is a current trend.

Participants in academic ceremonies normally wear the academic regalia to which they are entitled by virtue of the degrees they hold. Members of boards of trustees may wear doctoral gowns, but the hoods must signify the degrees they actually hold.

The field of study of an earned degree is identified by a standard code of colors used as the edging of hoods, as part of the decoration of gowns, and for tassels on caps. The standard color code follows:

Agriculture	Maize
Arts, Letters, Humanities	White
Commerce, Accountancy, Business	Drab
Dentistry	Lilac
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts	Brown
Forestry	Russet
Journalism	Crimson
